## PREFACE

---

THE publication of the documents in this volume gives an idea of the important part sustained by the people of Maine in the War of the Revolution, and of the sacrifices made by them in what must have appeared to the world as an almost hopeless struggle. It also places in enduring form the names of men worthy of remembrance. I hope to be able to complete the publication of documents relating to the Revolutionary period within the next two years.

Accordingly thought it Expedient to Issue Orders for Every Sixth man in my Brigade to March to the Assistance of Colo. Warner by the way of Bennington, and Desire your Honours would Give Direction in the Matter as you Shall think proper, as I have Orders to March On an Expedition to St John's River in Nova Scotia, your Honours will Determine what is most Expedient in the present Distressing Circumstances of Affairs

I am your Honours most Obedient Humble Servant

May it pleas your Honors

I have the Satisfaction to inform you, that I arrived safe at this place on the 17 instant, and the people here making

all possible preparation, in order to receive or rather repulse the enemy hourly expected from S<sup>t</sup> Johns, where they had defeated our people, which your Honors have Doubtless learnt before this. The particulars of the unhappy affair I cannot fully inform you. but shall only say, According to the best accounts, we have. three ships & two sloops arrived in the mouth of the river, nearly to gether between the 23 & 29 of June Last The Vultur was the first, which arived, & in a few Hours after she Sent two of her boats on Shoar. which ware drove off by our people with the Loss of 8 men as we are informed on the side of the Enemy but without any Damage on our Sid. 4 or 5 Days after the enemy landed secretly on a point that could not be defended by our small party about 250 Strong, who marched up to our incampment. and obliged our men to Retreat up the river: after exchanging a few shott in which action they lost 9. & we only three the enemy in this victory have given us an other proof of their more than savage disposition. for while one of these unhappy men that fell was crying for quarters, and only slightly wounded as we suppose they inhumanly murdered him. Neither did this satiate their infernal thirst for Blood, but proceeded to scalp him & his companion, that lay Dead by his Side and then threw the scalps into the face of the third miserable sufferer, while he lay groaning under the anguish of a mortal wound, and the horrors of approaching Death — Our whole party were obliged, after this surprize to retreat up the river, with the utmost expedition, as they were closely pursued by the Enemy: and on their way they met M<sup>r</sup> Allan Coming Down to their assistance, but he returned, & is now encamped with the Indians in the more hospitable embraces of the wilderness. The rest of our people tarried upon the river, till the enemy took possession of all the Settlements. And took three Cumberland men prisoners, and robed the most of our friend\_ of their substance, when our

Party were obliged to come off for want of provisions. I have just now learnt by some Indians, who left S<sup>t</sup> Johns 9 Days ago, that Michall Franklin Esq<sup>r</sup> Superintendant of the Indians in that Province, is still there, exerting himself to the utmost, in order to bring over all the Indians he can meet with, to a sense of what he calls their duty, but has little success. The troops also continue there, but talk of memoving soon. There is but one Ship at the Mouth of the River, and only 30 men stationed there as a guard. It Does not appear that they intend to fortify that post at present. It is more than probable, therefore, that we can easily recover the Ground if proper measures are pursued. Dawson in his Brig has been for some time regulating Passamaquoddy, & has striped and carried off many of its wretched Inhabitants. The Ambuscade was in here — & sent her barge with a flag, but Cap<sup>t</sup> Wing saw fit to stop them in the mouth of the river, & thereby prevented their making any discovery of our weakness, the officer, Lieut. behaved with great Politeness & pretended that his only Busines was to Exchange some prisoners, and offered to trade with us upon very advantageous termes, but was informed by Colo<sup>l</sup> Foster & the Committee, that we would hold no Correspondence with them, but should treat them as enemies, if they presumed to enter the River again, either with or without a flag. Upon which they retired without effecting any thing. No other Ship has been here this Summer — The Expedition Seemes to move slow I beg there may be no loss of time A number of Boat\_ will be wanting. there is a Number of men here & not So many as \_ wish there was, but am put to great Diffecult to provid for what there is here —

I must also inform your Honors, that the goods I brought with me must go chiefly to M<sup>r</sup> Allan, as the S<sup>t</sup> Johns Indians cannot get a Supply on that river. They used to obtain all the corn they wanted there: but the Inhabitants now either

cannot or dare not Supply them. Neither have the Indians any Disposition to ask it. M<sup>r</sup> Allen will Stand in need of at least three hundred Bushels of Corn as well as all other things

The people enlist here as fast as we can Expect, but seem impatient to Receive their bounty. I Shall Do all in my power, and pray that every inducement to enter in to the service may be ready at hand —

This Day Received Inteligence from M<sup>r</sup> Allan, and am informed that he will be here in a few Days with all the Tribes of Indians with him, and what I shall Do with Him and his Indians & the party that is here for provisions unless some should arive and that Soon.

I am Your Honor<sup>s</sup> Very Humble Sarvant

To the Honorable the Council of the State of Massachusetts  
Bay

I thought proper to inform your Honors that we arrived safe in the River Machias last Evening, with Stores, Boats, Arms &c &c after a Passage of twelve Days; — Our People have had a small Engagement & are defeated by the Enemy at S<sup>t</sup>

John's River though with the loss of but three men, the Enemy lost Eight or ten — It seems that one Major Studholm commands there now with about three hundred Men,— M<sup>r</sup> Francklin the former L<sup>t</sup> Governor of Nova Scotia is appointed Superintendant over the Indians with a salary of £300 Ster: p Ann: from England, so that M<sup>r</sup> Allan & he must try which can make the most Proselytes but at present M<sup>r</sup> Allan has the best Luck, although he can't be so open in it. There are three armed Sloops now up the River S<sup>t</sup> John's at the Settlement, & the Vulture Man of War of 14 Guns at the Mouth of it — There have been there a little while ago the Ambuscade of 32 Guns & the Mermaid of 28 but are now gone on a Cruise — These are all that have cruised this way this Summer

Sir having the Honor of Holding the Naval Office for the Port of Pepperrellbor<sup>o</sup> by the Appointment of the Hon<sup>bl</sup> General Assembly of this State I Take the freedom of Intreating the Commands of the Honorable Board in a matter Relating to Said Office, and wherein the State is Solely Interested

Some time in May last the Schooner Endeavour William Potter then Master Procured a Permit from the Naval Officer at Newbury Port to depart thence with one Hundred Bushels of corn and gave Bond in the Sum of four Hundred Pounds Conditioned for y<sup>e</sup> Landing the Same at this Port he then

Proceeded here and Landed some Rum and Rice and without further Permit Sailed to the Eastward and Returned in July with Dry Goods and a Certificate from a Person who Called himself Chairman of Penobscut as Evidence that the hundred bushels of corn was Landed at Deer Island a Considerable Distance from Penobscut the Cap<sup>t</sup> Pretending that there was no Committee at Deer Island I had many Doubts about the Authenticity of this Certificate and being well Assured that they Landed their Dry Goods before they came to Enter I Did not Chuse to Enter the Vessel and the Clamour of the People running High upon the Subject Supposing that the Supercargo of the Vessel had been Trading with our Enemies: a Justice of y<sup>e</sup> Peace Caused Benjam<sup>n</sup> Cole the Supercargo to be apprehended and Summoned Potter the Master to Swear to the Case who Testified that they Landed one Hundred bushels of corn at Deer Island and Carried Twenty Bushels to Liverpool in Nova Scotia to Cole's Family who Resides there and that they brought from thence Two Pieces of Kersey Some others were Sworn that were supposed to be Interested in the Voyage and from the Whole Circumstances there appeared to be a Complicated peice of Villainy made up of Perjury and Dishonesty — Cole is Bound over to the Superiour Court after this the schooner took on Board a Cargo or Part of a cargo of Boards and as I apprehended was About Proceeding to Sea again without Entry or Clearance Whereupon I Seized her and have Libelled her in y<sup>e</sup> Maritime Court of this District and Claim her as forfeited to the State if She Should be Condemned the Proceeds of her will be but Small and inconsiderable my only reason therefore for Libelling her was that I might not be Guilty of a Breach of Duty in my Office and to Prevent Contraband Trade for the future.

having thus given you the facts I shall be governed intirely by the Directions of the Honorable Board respecting the

Cause and Shall Esteem myself Highly favoured by receiving their Commands as soon as they can be Transmitted Consistant with Important business Laying before them —

*Letter from James Lyon. Aug. 5, 1777.*

Machias August 5, 1777 —

May it please your Honors

The difficulties this eastern Country & this place in particular, has labored under, during our unhappy dispute with Britain, you well know : And my difficulties as a minister of that blessed Gospel, which has raised us to our present greatness and glory, have also been laid before you, in part only, for I feel more than either my friends, or I myself can express. I therefore humbly beg leave to observe. That my people are so reduced, that they cannot provide for themselves, otherwise they would never have applied to your Honors for so much assistance ; consequently I have been obliged to strain every nerve, even to the neglect of my proper agreeable business, in order to procure the bare necessities of life, but thro' want of the proper means, I have failed in a great measure, & have suffered much both in body & mind, my bread is Indian procured with great difficulty, my drink water, my meat moose, & my clothing rags, & many of these the dear partner of my misfortunes, who was tenderly educated, has been obliged to beg from those who could illy spare them, but notwithstanding my extreme trials, I have exerted myself to the utmost of my abilities, as a member of the committee & a faithful subject of the State of the Massachusetts,

by day & night, & shall continue so to do, when my duty calls upon me, to assist with my feeble abilities the community in which I live. It is also well known, that I have explored Nova Scotia, in almost every part, & have a personal acquaintance with many of its inhabitants — But when deliverance appeared just at hand, with becoming indignation if I mistake not, I view a Rev<sup>d</sup> Gentleman, well settled, & utterly unacquainted with war & the Country where he is going, crowding himself, via D—— T—— into the place, which God & man evidently designed for me & a fellow sufferer! I can despise the person capable of known deliberate injustice, however great or good his name — I blame not this Hon<sup>bl</sup> Board. Let the Hon<sup>ble</sup> Gentleman, whom I never saw, or injured, to my knowledge, the efficient cause of the continuation of my extreme distress, answer for his conduct to his conscience & his God! — If any thing I have written has given offence to the judicious, the humane, & the patriotic, in either Hon<sup>bl</sup> House, with deep humiliation I ask their pardon. Such I never meant to instruct in their duty, or to offend, for such I esteem the honor & glory of our Land —

Your Honors will please to accept of the plans &c. mentioned in the enclosed copy of a receipt, & sold to me at public auction in this place. The plan of Nova Scotia from Cape Sable to Canso is very accurate & valuable. I likewise present to your Honors 14 days lodging & boarding of Lieut. Knight & Doctor McFaden, two Gentlemen taken in the schooner Diligent. A compensation for this I applied for in person, & by others, but could not obtain it without too much cost —

Your Honors are now well acquainted with my distressed circumstances, & have it in your power to raise me above want, & serve the State, perhaps, at the same time. I ask not for charity, but for the loan of a sufficient sum, for 12 months, to purchase 6 proper kettles, or pans for salt works,

& to set them up. I have already done something at this business, but cannot procure proper pans. Should your Honors see fit, in your great wisdom & goodness, to grant this request, you will do great service to this place, & still greater to your unfortunate but faithful Servant & Subject

Machias Aug<sup>t</sup> 8<sup>th</sup> 1777.

May it please your Honors,

The Distresses of this place have been so often laid before you, that you are doubtless weary of hearing from us, & nothing but pure Necessity could induce us to trouble you any further, but our Distress is so great that I cannot Refrain.

We are not only destitute to a great Degree of the Necessaries of Life ( exclusive of what your Honors were pleas'd to send here for the Troops yet to be raisd ) but we are also threaten'd with a powerful Armament from Nova Scotia to destroy us. We have certain Intelligence that a 50 Gun Ship & some Transports have been fitted out at Halifax & were ready to sail for this Place 12 Days ago: These are to be join'd by 500 Men from St John's River; We Expect them every Hour, & God only knows what will become of us! We have no Strength to resist such a Force, & yet Resist we must.

We have no Assistance ( tho' long expected ) from Boston except a few Officers without Men! Not Twenty of the two Regiments are yet arriv'd here! Nor can we call in the Militia, for they are so destitute of Provision that they can't

leave their Families/ about 50 Minute Men only excepted )  
to our Assistance from the whole Regiment.

I beg therefore, that your Honors will take some effectual Method to save us from Ruin, if nothing is done we must soon fall, for our Enemies imagine ( if they can destroy this Place ) that they shall entirely defeat our Design of invading them: I shall not dictate to Your Honors what ought to be done, but leave the Matter to your superior Wisdom, & shall only observe, that a Quantity of Provision ought in my Opinion, to be immediately deposited in every Part of the Regiment, to be distributed among the Families of those who are call'd away from home on any Emergency, in Defence of their Country

To the Honorable Council of the State of Massachusetts Bay.

Since I wrote to your Honors acquainting you of my safe Arrival at this Place and the Defeat of Major Shaw at S<sup>t</sup> John's We have had very alarming Intelligence from the Enemy, several Ways that they have form'd a Design against this Place, and the Information comes so Direct that I thought proper to call on Col<sup>l</sup> Foster & acquaint him with the Affair; Consulting with him, and Col: Campbell, I found they were of the same Opinion with myself, that the

Place was in immediate Danger, therefore I requested Col: Foster to assist with some of the Militia under his Command, and also by the Advice of Col: Foster & Col: Campbell I wrote to Col: Buck, requesting him to send us some assistance as soon as possible, at the same Time writing to Brig<sup>r</sup> Gen<sup>l</sup> Warner & Col: McCobb, in order to bring them forward without Loss of Time.

*Letter to the President of Congress. Aug. 13, 1777.*

State of Massachusetts Bay

Council Chamber August 13 1777

Sir/

Inclosed are Copies of the doings & Resolutions of this Court, respecting an expedition to S<sup>t</sup> John's River in Nova Scotia.—

This measure was founded upon two Resolves of Congress, of the 8<sup>th</sup> of January, & 13<sup>th</sup> of May past; & urged by the Petitions of sundry Inhabitants of Nova Scotia.

The Court were fully convinced upon good Evidence, that the Enemy intended to possess themselves of that River, in order to engage the Indians, in these parts, in their favor, & to open a communication that way, between Nova-Scotia & Canada.— To prevent this, & thereby to preserve the Eastern parts of this State, & relieve our Friends in Cumberland

& Sunbury Counties in that Province, this Court determined upon the Expedition

The principal Object has been mentioned; but tho' we had no reason to expect a sufficient strength to take, & hold the Province; yet, when the River should be well secured, a push might be made for Fort Cumberland, or even Hallifax; at the latter of which, were immense stores, & the Garrison not above 8 or 900 Men at most, & their whole Strength, in that Province not exceeding 2000.

By authentic Accounts, nine tenths of the Inhabitants of that Province are in our favor; but a great part of them have, by one means or other, been disarmed.

Our exertions for Men & Stores for this Enterprize, have been as great, as our circumstances, & the necessary attention to other public measures, would possibly admit of.

The Copies would have been sent sooner, but it was tho't prudent to delay it until the enemies operations up Hudson's River, or elsewhere, should be more fully known to us, & there should be less hazard of their falling into the enemies hands.

We having laid aside the expedition for the present, now lay the whole affair before Congress & desire to be instructed whether any further Measures shall be pursued.

*Letter from Col. Jon<sup>a</sup> Eddy. Aug. 17, 1777.*

Machias Aug<sup>t</sup> 17<sup>th</sup> 1777.

To the Hon<sup>ble</sup> Council of the State of Massachusetts Bay

Since my last, acquainting your Honors with the Intelligence I had receiv'd, concerning the Enemy's Design of invading this Place, we have found the reality of it.

Last Wednesday the 13<sup>th</sup> Inst appeared in Sight three Ships, a brig and a small Schooner coming from the West-

ward, and standing in for the Harbour, & soon after came to an Anchor at the Mouth of the River; One of them was a large Ship, suppos'd to be the Rainbow of 44 Guns, The Mermaid 28, the Vulture 14, and the arm'd Brig Hope 16 Guns.

Conceiving great Hopes of taking us by Surprise, the Hope stood immediately up the River attended by a Sloop and twelve Boats, till they came opposite to a small Battery we had about 2 miles below the Falls, mann'd with about Twenty men with small Arms and one 2 pounder.

The Enemy attempted to land there with six Boats and a Number of Men but were repuls'd by our People with some Loss.

Early on Thursday Morning, being foggy, thick Weather, they landed on a Neck of clear'd Land, a little below the Battery, in hopes of cutting off the Retreat of our small Party, but Col: Foster who commanded there, took such Precautions in that point as render'd their Hopes abortive, & secur'd his retreat. The Enemy then took Possession of the Battery & burnt two Houses and barns thereabouts, and soon after the Brig stood up the River together with the Sloop and Boats above mentioned, till they came fairly in Sight, and within good Shot of the Falls, not expecting to meet with any Resistance, but seeing Continental Colours flying, and two Breastworks fill'd with Men, one of them having two 2 pounders, the other one 2 pounder and six swivels, they began to think of retreating and accordingly got the Boats a head to Tow the Brig down. This was about Sunset; I instantly detach'd Major Stillman with thirty Men to attack the Boats & harrass the Enemy in their Retreat. The Major proceeded by Land till he got abreast of the Brig and Boats about a Mile and half below the Falls and began a heavy Fire, which was warmly return'd for some Time from the Brig with Cannon and small Arms;

The Affair Continued in this Posture till they came opposite the Battery which they had taken at first when the Brig came to an Anchor, the Boats not being able to keep any longer ahead, because of the incessant Fire of our People, which, as the River is pretty narrow, must do considerable Execution among the Boats; Next morning she got under way again with the Boats ahead, and were again attack'd by our Men on both Sides of the River, but finally got out of reach of small Arms & run aground so that she was left dry at Low Water: Our People got one of the 2 pounders down & began to play upon her in this Position, and hull'd her several Times; It is very unfortunate that we had not one or two good Peices of Cannon, as by that means the Brig must have struck to us — However having lighten'd her with the help of the Sloop, she got off the next high Water & drop'd down to the other Shlips & this Morning the whole came to Sail & went out, except the Milford; Their Destination is unknown to us as yet but I shall take Care to inform your Honors as soon as I can procure any Intelligence thereof.

I must beg Leave to Request an immediate Supply of Ammunition and Provisions, as what I brought with me will last but a little while, having been oblig'd to expend a good deal in this three days Siege. In all these attacks our Loss is only One Man kill'd and Cap<sup>t</sup> Farnsworth of my Reg<sup>t</sup> wounded but hope he will do well.

Great Praise is due to Col: Foster and the Militia under his Command, who gave me all the Assistance I could desire and behaved Extremely well, as also to Major Stillman, and the rest of the Officers and Men belonging to the two Regiments now raising.

It happen'd Extremely well for us that M<sup>r</sup> Allan and M<sup>r</sup> Prebble had arriv'd here with about 40 Indians who were of great Service to us and assisted us greatly —

The Enemy's Loss in all these Attacks must have been pretty considerable, though we cannot at present come at any Certainty of it —

For further Particulars I refer you to Lieu<sup>t</sup> Col: Campbell who has been very alert on this Occasion, & given us all the Assistance in his Power from the Western Settlements —

I wrote yesterday to the Hon<sup>ble</sup> Council, acquainting them with the Particulars of our late Seige here: but could not give any Certain Account of the Enemy's Loss in their attempt on this Place, but last Night a Deserter swam ashore from the Ship still remaining in the Harbour, who gives us the following Intelligence viz: That the Number of the Enemy at first was three hundred Men, and that the Loss they sustained in the several Attacks was upwards of Seventy kill'd and wounded;

Please to communicate the above to the Council —

Sir,

I have sent the Bearer to you with a Proposal which I hope you will think both just and requisite, and that accordingly you will comply with it; as it will be a means of instantly alleviating the Hardship of Confinement and likewise in future serve many of your People that may fall into our hands; I have on board His Majesty's Ship under my Command, four Young Men, Natives of Boston, Marblehead &c — that want to be at home with their Friends — Now if you will exchange the Four men belonging to me (that

some of your People surprizd, and took Prisoners at Cross Island, the day before Yesterday, as they were innocently & without Suspicion of hurt to any one, filling some Water Casks) I will send you these four young Men in Lieu — You may assure yourself I am upon Honour, Send me the Men either by themselves or with others, you may be assur'd no one of their Conductors shall be touch'd or offended — I would observe that when the Blonde was in the River, we could have burnt all the Dwelling Houses along Shore — But even that, or pillaging, I despis'd as it was only affecting a few poor People — This is mention'd to say something in favour of the four Men now in your hands — Their Loss to the Ship is not much (as they are all Land men) to them selves poor Fellows great, as missing the Ship now, they may never join her again —

To the Hon<sup>ble</sup> Council of the State of Massachusetts Bay —

Since my last, I am inform'd the Frigate that remain'd in the Harbour after the Departure of the other Ships, is the Blonde of 32 Guns, and understanding that Boats went frequently from her to Cross Island at the Mouth of the Harbour for the Purpose of wooding and watering, on the Evening of the 19<sup>th</sup> Inst I detach'd Major Stillman with a Small Party of our Men & a few Indians to Cross Island, who next morning having discover'd some of the Enemy

ashore Watering, attack'd them, took three Prisoners, kill'd one and wounded all the rest, four in Number, one of them mortally, who nevertheless got on board: Last Night I receiv'd a Letter from the Captain of the aforesaid Frigate proposing to exchange four New England Men he had on board for those we took the other Day a Copy of which I herewith enclose your Honors, but the Boy who was sent with the Letter, was so long coming, that the Ship got under Sail & went off — so that I am oblig'd to send them Westward.

I must Request of your Honors to send me a speedy Supply of Men and also of Ammunition and Provisions, as it appears very probable to me, and I am also inform'd by the Boy who brought me the Letter from the Captain of the Frigate, that the Enemy's Ships are gone for more Men, And will make a second Attempt on this Place, if they can get a sufficient Reinforcement, which, as Matters are now circumstanced here a small force will do —

May it please your Honors

Agreable to Order of Council of the 9<sup>th</sup> Ins<sup>t</sup> I herewith send a Return of the Sixth Part of the able bodied effective Men drafted from the Brigade in the County of York and have given Orders for them to march the 25<sup>th</sup> Ins<sup>t</sup> I have

likewise assign'd proper Officers to command the Battalion as will appear by my Return —

As I doubt not but your Honors are dispos'd to pay the Strictest Attention to the Interest of every Individual in this State you will permit me to express my Sentiments relative to a late Appointment in this County I mean a Brigadier with that Plainness and Freedom which every Member of Society is intitled to.

It has ever been consider'd that when an Officer is superseded that at least some Part of his Conduct in Office is blameable and therefore he is degraded but if Facts do not justify the Step his Character ( which to a Man of the least Sensibility is dearer than Life ) is injured if this is admitted I would ask am not I unjustly degraded? Perhaps it may be answer'd the Court exercis'd their Judgment & appointed a Gentleman of the most distinguished Abilities in the Brigade I am positive Nine Tenths of the Brigade are of different Sentiments and I could heartily wish M<sup>r</sup> Frost's Abilities and Acquirements might be bro<sup>t</sup> to a publick Examen I wish not to be distinguish'd by titular Dignities but only demand that an Inquiry may \_ had into my Conduct whilst in Office and if it deserves the Stigma the Court has been pleas'd to affix to my Character I shall be perfectly satisfied —

But as the publick Exigencies require a Commander of the first Regiment in this Brigade I will inform your Honors I shall not for the future act as I have heretofore officially by your Honors Command as Col<sup>n</sup> of the first Reg<sup>t</sup> in this Brigade or Col<sup>n</sup> Command<sup>t</sup> of Brigade whilst M<sup>r</sup> Frost holds a Commission as Brigadier the only Fav<sup>r</sup> I have to request of your Honors is that you would permit me to resign my Commission as a Justice of the Peace which I herewith inclose I have the Honor to be

May it please your Honors

In compliance with my duty, permit me to inform your Honors that on the 13<sup>th</sup> Instant came into this Harbour three Brittish ships & one Brigantine of Sixty, thirty two, twenty eighty, & fourteen guns. The Brig with one flat bottom arm'd & the ships boats made all dispatch up the river till they were within reach of a Breastwork we had thrown up when a firing began on our part from the breastwork & on the enemies from the Brig & Boats, one of the Frigates follow'd so far up the river till she grounded. the day following they landed under cover of their Cannon favor'd by a very thick fog, from the best account, about three hundred men, paraded themselves, set fire to three Dwelling houses & two Barns & re'entered their vessels, same day they attempted to carry the principal part of the settlement but met with so spirited an opposition that the Brig with the Boats assistance made the best of their way down river again and on the third day after a smart firing on them by the Inhabitants, Indians & people, occasionally with us they left the river, had we been possest of but six Cannon of 12 or even 9 pounders the Brig & Ship would never have got out of the Harbour. Our loss was one man killed & Cap<sup>t</sup> Farnsworth slightly wounded, but from the best intelligence we are able to get of prisoners and deserters their loss is very great. at present they have left the Harbour but how soon they will return with a superior strength we are unable to determine. our accounts are that the ships are return'd Nova Scotia for more men and we are in full expectation of a speedy visit from them again the expedition forming against Nova Scotia we are fully perswaded has drawn the enemy on us. the Order your Honors have sent for Disbanding the Regiments & transporting the military

stores & provisions from this place back has thrown us into the utmost consternation we are exposed both to the insult of our adversaries and apparent want. the Indians among us appear dejected & apprehend they shall be obliged to join the enemy for support & unless your Honors will immediately relieve us with men Provisions & Cannon we must fall a Sacrifice. the Committee with desire of the inhabitants have agreed to detain what supplies are already in the place till they can hear from your Honors, and take into pay one hundred of the Militia west of us belonging to this Regiment, for one month, as this was the place of rendezvous the enemy has its destruction much at heart, & in case they carry their point upwards of one hundred families will be destroy'd, captivated or must flee into the heart of the state for protection & relief & an extent of more than one hundred mile seacoast will become an easy prey.

If we are worth preserving may I beseech your Honors, in behalf of the inhabitants to afford us that immediate assistance of men & Supplies, your Honors shall judge effectual for our preservation. I have the pleasure to inform your Honors that the Indian & Inhabitants exerted themselves to their utmost notwithstanding the superior numbers & strength of the Enemy forced them to retreat with great loss, besides the foregoing damage done they consumed one grist mill & plunderd some Houses —

I am with profound respect Your Honors most obedient

Agreeable to my appointment as Major of a Regiment to be Raised for an expedition to S<sup>t</sup> Johns I Repaired, by your directions, with the disatches &c. to this Place, & with the consent & advice of Lieut Col<sup>o</sup> Minott, I appointed the Officers, of three companies, who proceed to raise their men as fast as Possible, but they had not all the success that could be wished, for only twenty nine in one Company have passed muster, and twenty four in the other. the third Company has a number Ingaged but none mustered. the officers & men of the musterd companys, have been on duty for six weeks Past, and have received the most of their bounty, and blanketts, & behaved with the utmost bravery in the late action in this Place, indeed we were all in high Spirits and every thing seemed to wear a smiling aspect, till the Brigade Major M<sup>r</sup> Newell arrived with positive orders to Disband all the troops in this department except those under my Command. For the discharge of these there is no order tho I am fully convinced by what appears, that it was your Honors pleasure, that they also should be Dismissed. However as I Can keep them under my Command without breaking orders, and the exigencies of this Place seems to make it absolutely necessary so to do, I am determined, thro a Clear conviction of the necessity of Such a measure, and the importunities of the Committee and others, to detain them in the Service, till your honors pleasure is known. the danger this place is in continually has doubtless been represented to the Hon<sup>ble</sup> Court by the Committee and Col<sup>o</sup> Allan, & therefore I shall only add, that I View it as in a Very critical situation, and that its preservation is an object worthy the attension of the State, when considered only in itself, but when we view machias as a Valuable frontier town, a proper Retreat for

the Indians, and a barrier to all our eastern Country, its importance to the state Rises in our esteem a Greater Excitement for Defending it

I have now to acquaint the Hon<sup>ble</sup> Board that soon after my arrival from the westward — Major Stillman, Return'd in order to pass muster, Fifty Four non Commissioned Officers & Soldiers — the Attempt of the Enemy with the many Intellegences daily rec<sup>d</sup> of their movements, Brings Duty very hard & Close, so that most of the recruits Cou'd not give that Little Assistance to their familys, as they Expected when Listed, to do before their being Embodied —

This Occasioned many heavy Complaints, & for fear the Service should be Detered, & Willing to perform every thing which in me Lay for the good of it, I collected all the money Possible, w<sup>ch</sup> I paid the Soldiers & Deliverd notes of hand for the remainder — This being done without Immediate orders from your Honours, or the Brigadier, it may no Doubt be Disputed, but as the service so much required it, & the men still Continuing in the Service; I must pray your Honours to order the money to be sent me, the amount of which I here inclose you —

I also advanced them, Blankets, & other things, which were to be allowed them. I was some what obliged to do this sooner than I intended, for there was not those suitable necessarys to Compleat their Raitions, such as molasses, beans, Pease, Indian meal, Butter, Candles, Soap &c

The Duty has been very severe, both Militea, as well as Inlisted Troops, very Little has been done by People in their Private business, not much Hay as yet been Procured, which Consequently will bring people to great straits, as well for their own Support as their stock —

Time not permitting me at the Time Col. Campbell went of\_ to write respecting the Enemys Attempt & other matter — shall defer mentioning any thing at Present on that subject, as I Doubt not some others have given the Particulars

— The Present Exigency, & Distress of these parts is hardly to be Conceived by a Stranger, the removing our Prortys & famileys in the woods, for fear of the Enemy — many persons Property was Embezzeled, & Distroy'd — & Their Familyes much Exposed — many Laying out in the open woods.—

your Honours may remember that it was resolved, that any Provisions advanced for the St Johns Expidition, should be replaced, w<sup>ch</sup> people puting their dependance on, by the scarcity, daily application is made, there is still remaining due 3691½<sup>lb</sup> Pork, 660 lb Rice, 1493 lb flour, 2 C Sugar, 11 Gall<sup>s</sup> N. E. Rum. This Expedition being of much service in securing the Interest of the Indians, I Doubt not but your Honours will order it to be replaced — The Truck House is at Preasent very Bare, M<sup>r</sup> Allan have Drained it very much with the Indians. we have great satisfaction in their zealous Attachment, but a great Expence Ensuing, which M<sup>r</sup> Allan & myself is very uneasy about, pray Let me know Perticularly about it.—I have Impower'd Col<sup>o</sup> Campbell to act for me who is an Honest man — I shall as soon as Possible give a proper state of matters —

Machias August 28, 1777

Sir

You are well acquainted with the vigorous attack made upon this place by our enemies, & their shameful retreat, & that we were in high spirits, & had a prospect of standing our ground, should our enemies return with twice the force.

But words cannot describe the distress & consternation, that succeeded the discharge of the troops destined against Nova Scotia. We have, however, come to a resolution, to call in 100 men of the militia & to pay them ourselves, if the General Court do not see fit to pay them. But such are our circumstances, that I expect we shall be as much distressed for provisions, as with the apprehension of another attack. I beg therefore, that you would use all your influence with the General Court, in order to obtain relief, both in men & provision. And as almost all the inhabitants of this place have for some time past been obliged to lay aside their business, & attend in the best manner they are able, to the preservation of the place, & are still obliged to do so, I desire you would lay this matter also before the Court, & pray them to put us under pay. I shall only add, that, as you are no stranger to our distresses, I take it for granted, that you will do every thing in your power for the benefit of this place, this distressed eastern Country, & the State

To the Hon. Council & House of Representatives of the State of Massachusetts Bay:—

I have Endeavoured to inform your Honors in some part of my Proceedings since my departure from Boston. I left the long wharf in Boston together with Mr. Row & Mr. How and arrived at Mewbury the second Day, where we chartered a small Vessel to carry us to Machias, at which place we arrived after many unfortunate Accidents in about three weeks from the time of setting out. During my stay at Machias I met with Col. Shaw by whose favor I obtained Cap<sup>t</sup> West & several other good Men, to the amount of about twenty, to join me in the Expedition against Fort Cumberland. Then Proceeded to Passamaquoddy where I was joined by a few more: from thence to the River St Johns I went up the Same about Sixty Miles to the Inhabitants whom I found almost universally to be hearty in the cause

and joined us with 1 Cap<sup>t</sup> 1 Lieu<sup>t</sup> & Twenty five Men, as also 16 Indians: so that our whole force now amounted to Twenty two Men, and with this Party I set off for Cumberland in Whale Boats and canoes, and standing up the Bay arrivd in a few Days at Shepody in the s<sup>d</sup> County.

at Shepody we found and took Cap<sup>t</sup> Walker and a Party of thirteen Men who had been stationed there by Col. Goreham Commander of the Garrison at Cumberland, for the Purpose of getting Intelligence &c. Hence we Proceeded to Memrancook, and there had a conference with the French, who Readily joined us, although they saw the weakness of our Party We then march'd 12 miles through the woods to Sackville & there were met by the committee who Expressed their Uneasiness at seeing so few of us and those unprovided with artillery. Nevertheless hoping that Col. Shaw would soon come to our Assistance with a Reinforcement they unanimously joined us. The same Night, I sent off a small Detachment who march'd about 12 miles through very bad roads to Westcock and there took a schooner in Aulack River, loaden with Apples, Cyder, English Goods &c. to the Amount of about £300 but finding afterwards that she was the Property of Mr. Hall of Annapolis, who is a good friend to the Cause of Liberty, I discharged her. I afterwards sent another Boat Load of Men, as a Reinforcement to the first Party, making together about 30 Men, in order to take a Sloop which lay on the Flats below the Fort loaden with Provisions and other necessaries for the Garrison. After a Difficult March, they arrivd opposite the Sloop, on board of which was a Guard of 1 Sergt. & 12 Men who had they fired at our People must have alarmd the Garrison in such a Manner as to have brought them on their Backs. However our Men rushed Resolutely towards the Sloop up to their Knees in Mud which made such a Noise as to alarm the Centry who hailed them & immediately called the Sergt. of the Guard.

The Sergt. on coming up Ordered his men to fire, but was immediately told by Mr. Row that if they fir'd one Gun, every man of them should be put to Death, which so frightened the poor Devils that they surrendered without firing a shot although our People Could not board her without the assistance of the conquered who let down Ropes to our men to get up by. By this time the Day broke and the Rest of our Party made to their assistance in the schooner aforementioned & some Boats. In the mean Time Came down Several Parties of Soldiers from the Fort not knowing the Sloop was taken (who) as fast as they Came were made Prisoners by our Men & ordered on board. Among the Best Capt. Barron, Engineer of the Garrison and M. Eagleson, who may be truly Called the Best of Society and by his unseasonable Drunkenness the Evening before prevented his own Escape and occasioned his being taken in Arms.

The Sloop now beginning to float and the Fog breaking away, we were discovered by the Garrison who observing our Sails loose thought at first, it was done only with an Interest to dry them, but soon perceiving that we were under way fir'd several Cannon shots at us and march'd down a Party of 60 Men to attack us, but we were at such Distance, that all their Shot was of no Consequence.

We then saild to Fort Lawrence another part of the Township and there landed Part of the Stores on board the Sloop to Enable us to attack the Garrison

Having left a small Guard on board the Sloop to secure the Prisoners I march'd the Remainder to Cumberland side of the River and Encamped within about One Mile of the Fort, and was there joined by a Number of the Inhabitants so that our whole Force was now about 180 Men, but having several outposts to guard and many Prisoners to take Care of, the Number that Remain'd in the Camp did not exceed 80 Men. I now thought Proper to invest the Fort and for

this Purpose sent a summons to the Commanding Officer to surrender ( a copy of which together with his Answer I have Enclos'd )

Upon Col. Gorham's Refusal to surrender We attempted to storm the Fort on the Night of the 12<sup>th</sup> Nov. with our Scaling Ladders & other Accoutrements but finding the Fort to be stronger than we imagined ( occasioned by late Repairs ) we thought fit to Relinquish our Design after a heavy firing from their Great Guns and small arms without Intermission for 2 Hours which was sustained without any Loss except one Indian being wounded who behaved very gallantly, and Retreated in good Order to our Camp.

Our whole Force in this Attack consisted of about 80 Men while the Enemy was 100 strong in the Fort as I learn'd since from Some Deserters who came over to us; a greater number than we imagined. I must needs acquaint your Honours that never Men behaved better than ours during the Engagement, never flinching in the midst of a furious cannonade from the Enemy.

In this Position we Continued a Number of Days and totally Cut off their Communication with the country, keeping them closely block'd up within the Fort which we Expected to take in a little Time by the Assistance of a Reinforcement from the Westward

In the mean Time on the 27<sup>th</sup> Nov. arrivd in the Bay a Man of War from Halifax with a Reinforcement for the Garrison consisting of near 400 Men & landed on that and the day following

Nov<sup>r</sup> 30<sup>th</sup> the Enemy to the Number of 200 came out in the Night by a roundabout March got partly within our Guards notwithstanding we had Scouts out all Night and about Sunrise furiously Rushed upon the Barracks where our Men were quarter'd, who had but just Time Enough to Escape out of the Houses and run into the Brush where

(notwithstanding the surprise in which we were) our Men killed & wounded 15 of the Enemy while we lost only one Man, who was killed in the camp.

In the midst of such a Tumult they at length proceeded about 2 Miles into the country to the Place where they imagined our stores &c. to be & in the course of their March burnt 12 Houses & 12 Barns in some of which the greater Part of our Stores were deposited. In this Dilemma My Party being greatly weakened by sending off many for Guards with the Prisoners &c. and our Stores being consumed it was thought Proper by the Committee that we should Retreat to St. John's River & there make a Stand, till we could have some certain Intelligence from the Westward which we hope we shall have in a short time by the Favour of the committee, who are gone forward. And as it appears to be the Opinion of the Committee of Cumberland & St. John's River that I should Remain here I am determined to make a Stand at this Place till I am drove off which I believe will not be Easily done unless the Enemy should send a Force from Halifax by Water on Purpose to subdue this Settlement as I am continually Reinforced by People from Cumberland and the Neighboring Counties so that I believe we shall be able to Repulse any Party that may be sent from the Garrison of Cumberland though I imagine we shall not be troubled by any Irruption from them this Winter as the Reinforcement is chiefly gone having left only about 200 Men in the Fort and they in a bad condition for want of cloathing; and if 200 men could be sent us by Land this winter we could reduce the Garrison by cutting off their Supplies of Wood which they are obliged to go 8 or 9 miles for through a Country full of small Spruce, Fir & such like wood, consequently very convenient for us to lay in Ambush, as we are perfectly acquainted and the Enemy strangers thereto, and this your Honours may Easily Con-

ceive as we Destroyed a Number of Houses the Property of Friends to each Side which lay adjacent to the Fort and the commanding Officer having given Orders to pull them down & carry the Timber into the Fort for Firing. The Committee Ordered me to Prevent it by firing them which I did accordingly and left them destitute of anything to burn within some miles. On this River are a Considerable Number of Indians who are universally hearty in the cause 16 of whom, together with their Governor Ambrose accompanyd me in the Expedition and behav'd most gallantly but are a little Uneasy that No Goods are yet arriv'd for them from Boston agreeable to the late Treaty with them which was Ratify'd by Col. Shaw in Behalf of the State, and I should be very glad if your Honors would Satisfy them in this Point as soon as possible, as they have been Extremely faithful during this contest; and if this is done I am confident I can have near 200 of them to join me in any Expedition against the Enemy

All my Transactions in this Affair have been done by the Authority of a Committee of Safety, for the County of Cumberland and many Difficulties having arisen for want of commissions I hope your Honor will send some blank ones for the raising of a Regiment in this Province if the Hon. Continental Congress should think fit to carry on the War further in this Quarter so that Proper Regulations may be made and many disorderly actions prevented.

I am Your Honor's Most Obed<sup>t</sup> & Humble Serv<sup>t</sup>

The Petitions of the Proprietors of Pearson town in the  
county of Cumberland humbly sheweth

That they have at great expense, built and given the  
inhabitants of said township a house for public Worship Set-  
tled and supported a gospel Minister among them, clear'd

out Roads and made Bridges & amended & repaired them & done as much as they ought or were able to do to promote the settlement of the township. That there are now settled there between fifty and sixty Families most of whom are Freeholders and many of them have good farms & are forehanded farmers and good livers & well able to pay their minister a competent Sallery, if not so large an one as he has received from the Generousity of the proprietors, yet such an one as he ought at present to be content with until said Inhabitants shall be able to increase it considering he has already principally by the proprietors assistance acquired a very good estate in the township. That the last division of lands there is more than half drawn already & ye draft of ye whole will soon be completed, so that they will be proprietors of common lands there but a little while longer and the Business of the propriety as such will soon be finished & closed

Having therefore done as much for said Inhabitants as they ought or are able to do, the Proprietors humbly pray that the said Inhabitants may be obliged to support the Gospel there, amend the roads & bear the burdens incident to towns corporate & that they may also be entitled to the privileges of such and for these purposes the Proprietors humbly pray that said Township may be incorporated, and they as in duty bound will ever pray.

The Petition of the owners of the Sloop Friendship laying in the Harbour of Wells in the County of York Humbly Shews That in the Month of November last at the Expiration of the last Embargo they Loaded said Sloop Burthen about Ninety Seven Tons, with Boards Shingles shooks, Hogshead & Hoops, in order to make a Voyage to Martinces or some Foreign Port. That said Sloop was ready for Sailing some Time before the present Embargo took place and would have proceeded to Sea before that Time, had it not been for a disappointment, they met with in Endeavouring to procure some Bread & other necessarys from Salem for the Voyage, by the Captain of the Vessell that went for them Viz. Capt. Aaron Wheelwright. That it is very Inconvenient for a Sloop to remain long loaded in Wells Harbour and Expensive either to unlade her, or carry her to any other Harbour, that they have been at considerable Expense having men in pay while waiting for the arrival of the Stores from Salem as afore<sup>d</sup> till News came of the Captain of said Vessell. OBrien the Captors & Committee ( finding I was not in a Hosital way ) Voted I should have all my Cloths and Baggage, but being carry'd round by water to Casco Bay in a small

Shallop from thence to travel by Land to Head-Quarters (Cambridge) then to No. Hampton, could not possibly carry any more baggage, than Just sufficient to keep me decent. I was obliged to leave the remainder of my things in the Hands of the Committee at Machias, who faithfully promised they would Deliver them to any Person I should order to Demand them, and that they should be taken care of till I could get them.

You must be Sensible gentlemen I suffer'd much for want of those things, as I remain'd a Prisoner seventeen Months, till I was exchanged Dec. the 5<sup>th</sup> 76, from Marblehead by Cartell, at which time I Memorial'd you, to give Directions to the Committee to Deliver my things, in case, an opportunity should offer that I could Send for them.

I am extreemly sorry to informe the Hon<sup>ble</sup> Council, that about Two Months past (one Farnsworth with Some assistance, and against the Committees consent) (as I am informed by a man that was present) broke open the store where my things was lodged in, took them out, and Publickly sold them at Vandue, I am informed a few of them still remain unsold.

I hope the Hon<sup>ble</sup> Board will take it into consideration and give such Directions to the Committee at Machias, so, as I may be able to recover those things, Particularly my Books and Papers, which if lost, it will be almost my Ruin.

Your Compliance with this request, will be for ever, greatly acknowledged

I Humble beg you will grant me an order on the Committee at Machias, to deliver my Baggage to me, or my order—The Commodore of Halifax has Promised, if I can get your order, he will order Some of the Ships that Cruise in the Bay of Funday, to send a Flagg up to Machias—I hope they will have your orders to Deliver them.

*Petition of Benj. Wheeler & others of a Settlement called  
Whealersborough.*

To the Hon<sup>ble</sup> the Council and House of Representatives of  
the State of the Massachusetts Bay —

The Petition of Benjamin Wheeler Ephraim Grant and  
Thomas Campbell Committee of a Settlement Called Wheel-  
ersborough on Penobscot River in behalf of said Settlers —

Humbly Sheweth —

That the Petitioners being persuaded that many false Rep-  
resentations respecting this Settlement and the Inhabitants  
thereof have been made to your Honors which probably may  
be attended with Evil Consequences if not timely Reminded :  
your Petitioners therefore begs leave to Lay before your  
Honors certain facts & Submit them to your Wisdom —

1<sup>st</sup> That your Petitioners in Carrying this New Settle-  
ment have gone through great hardships and the late obstruc-

tions of their Business: occasioned by the Public Calamity has driven them to great Difficulties —

2<sup>nd</sup> That your Honors have been Inclined to give them some Relief by some Articles sent down but it unluckily was put into such peoples hands belonging to the upper District who made use of a Considerable part of them for their own Emolument —

3<sup>rd</sup> That the Company of Soldiers that are Established upon this River no way answers your honors designs, which undoubtedly was for the good of the People here as well as of the State in General but those affairs had been Conducted as to be no service to the State and greatly Injurious to the Settlers; this Company is attended with considerable Expense to the public and Answers no one purpose for the Protection of the River: for the people cannot have any Dependence upon protection from this Company and Rely wholly upon their own Strength to defend in case of an Invasion, and as this Company is wholly inlisted among the Settlers here, they lessen the Labors and at the same time are not to be depended upon for defence.

4<sup>th</sup> That the Regiment under Colonel Josiah Brewer may amount to 150 men including Officers — The Indians on penobscot River may come up to the Number of 45 able bodied men which facts we think it proper your honors should be acquainted with —

5<sup>th</sup> That the Truck trade as it is Carried on is no Emolument to the State Injurious to the Settlers upon the River which we are Ready to make appear —

These and many other particulars, your Petitioners would Say before your Honors if they had Opportunity which rightly understood may be of Public Utility —

To The Hon<sup>ble</sup> Assembly of the s<sup>d</sup> State

now sitting at Boston — Humbly shews the Petition  
of the Committee of safety & inspection for the Town of  
Kittery.--

That in pursuance of the duty enjoined us as a Com<sup>tee</sup>,  
and at the earnest request of this & some of the neighbour-  
ing Towns for application to y<sup>r</sup> Hon<sup>rs</sup> for Assistance to  
enable us to oppose the landing of our Enemies in this part  
of the State (which from our exposed Situation & the late  
advice sent by his Excellency General Washington recom-  
mending it to all the Sea posts to be well prepared) it is  
highly probable we shall be attacked this Summer, and the  
necessity of our request will appear the more just & reason-  
able by pointing out some particulars which possibly may be  
worthy of notice.

as 1<sup>st</sup> This Harbour is undoubtedly inferior to none on  
the Continent & this Town directly opposite the entrance in  
which ships of whatever size may anchor within one quarter  
of a mile from the Shore.

2<sup>ndly</sup> If the Enemy should make a lodgment here there  
are many advantageous posts for them, which being the case,  
This Town, with Berwick, Lebanon & other Towns must be  
greatly distressed if not ruined we being as it were a Barrier  
to them.

3<sup>dly</sup> If our communication with the Sea is cut off & not  
able to procure fish, upon which we greatly depend for sup-

port, we shall undoubtedly be a great burthen to the Community and would be very disagreeable to us.

4<sup>thly</sup> As we have more than our proportion of men engaged in the present war it is highly needful that we be well fortified as our trade by sea is at an end, and no ships built here (tho perhaps the most convenient Harbour on the Continent upon every account except our defenceless State) Our Carpenters are obliged to go into the army & navy for a living thereby reducing us to a still weaker State, and as our exertions as to men is so great it would be very hard indeed for us left behind to fall a prey to those whose tender mercies are cruelty.

5<sup>thly</sup> The advantage of this River to the Community are more than at first view may be imagined as the chief part of the masts for our navy have been procured here at a cheap rate, considerable stocks of cattle of all kinds here & lumber of every kind, and provided we are not blocked up will always afford a Supply.—

This being our situation (without mentioning many other circumstances of consequence) We humbly hope we shall meet your Hon<sup>rs</sup> approbation in applying for one Company of Artillery-Men, three or four pieces of Cannon not less than twelve pounders with a sufficiency of Ball for one good Brush — The Cannon we should not have asked for but it has been our great misfortune to find that four we were at y<sup>e</sup> Cost of weighing out of the water & transporting from the Isle Shoals to be unfit for use, being grown too thin and honey comb'd — This favour granted will give us fresh life & vigour & raise our drooping Spirits, as it is the only hope left for the protection of ourselves & family's from the Ravages of unreasonable men.

And as in duty bound will pray y<sup>r</sup> Hon<sup>rs</sup> dutiful Petitioners

The Petition of the Towns of Cape Elizabeth, Windbam,  
Gorham and Pearsontown in the County of Cumberland

Humbly Shew

That the said Towns lay bordering on Presumscutt River, so called, and for many years after the Settlement of this Eastern Country were plentifully supply'd with Salmon, Alewives, Shad & other Sorts of Fish that frequented the s<sup>d</sup> River in great abundance it being peculiarly commodious for the Spawn & increase of Fish by reason of a large pond called Sebago or Sebacock which extends upwards of thirty miles from the mouth of the s<sup>d</sup> River as far as Pondicherry as also the many branches of s<sup>d</sup> River that used to bring a plenty of the aforesaid Fish near to many of our doors, your Petitioners further shew that by reason of several Mill Dams being built quite across the s<sup>d</sup> River, without leaving a sluice way for Fish to pass up, as by Law is directed, and since the s<sup>d</sup> Mill Dams have been erected on the said River the passage of all kinds of Fish as afores<sup>d</sup> has been totally obstructed & stopt in their course up said River to the great prejudice of many back Towns which depended (in their Inland state) on the said River for a part of their support, as Also to the prejudice of all the Inhabitants of the Sea Coast near the mouth of s<sup>d</sup> River by causing a scarcity of Codfish, Haddock, and many kinds of Fish that frequent the mouths of such extensive Rivers after a Quantity of small

Bait that abound in such places. And our fishing on the Banks as well as on our Coast off Shore being in a great measure impracticable by reason of the Enemy's cruisers that infest our Coast, reduces us to the necessity of Adopting some method whereby the Fish may come to us. And the Laws of this Colony have been found ineffectual hitherto for the removal of your Petitioners cause of Complaint, Wherefore your Petitioners pray Your Honours to take the matter of our Complaint into your consideration and Grant to your petitioners such relief as in Your great Wisdom & Clemency You may Judge meet & Your Petitioners as in Duty bound shall ever pray.—

To the Honorable Council and House of Representatives of the State of Massachusetts Bay in General Court Assembled

The petition of the Committees of safety of the several towns in the County of Cumberland Humbly shew that there has been a vast deal of Work done in making Forts and Batteryes in the Town of Falmouth and Cape Elizabeth in the County aforesaid for the defence of the same and four hundred and fifty Men will in our opinion be Absolutely necessary to be station'd in Falmouth and one hundred and fifty at Cape Elizabeth to keep the Forts and Batterys aforesaid until they are reinforced by the Militia of the several Towns in the County and as there will be a necessity of Calling in the Militia untill the aforesaid number of men are Stationed we hope your honours will provide a sufficient Magazine to supply them when they are on Duty which will not only answer at present but will likewise be necessary in Case of an Alarm as the several towns in this County are scarcely able to provide for there own Families, your petitioners beg leave to mention that the situation of the people of this County was such formerly that each Family was obliged to keep a Gun for there Defence and that when the people of this State were called out to Defend there Liberties almost every person from this County that went into the Army carried with him a gun many of which were stop'd and kept for the use of the Continent and they have since been unable to replace them, and as we are informed there is a number of Small Arms in Boston for the Use of this State we think it would Contribute much to the Safety of said State if your Honors would order at least four hundred and fifty Fire Arms for the Use of this County to be stored at Falmouth and Cape Elizabeth that the people of said County may be able to Equip themselves therewith and also four Eighteen pounders for Cape Elizabeth with a sufficient quantity of Amunition. We hope your honours will readily Grant us the aforesaid Articles as they are more immediately for the protection of those Towns who have manifested their

Zeal in the American Cause by furnishing many more Men than their Quota in the Continental Army and your petitioners as in Duty bound shall ever pray etc.

To the Honourable the Great and General Court of the State of Massachusetts Bay the Petition of the Subscribers being inhabitants of the West Preceint in Pownalborough and adjacent

Humbly Sheweth

That your petitioners are members of the Episcopal Church that Great part of them are French and Dutch Germans protestants who came into America in the years 1750 & 1751 &c.

upon the encouragement Given by the Massachusetts Government, that they should enjoy their religious priviledges. They begg further to represent that for twenty years last passed they have injoyed those priviledges, Excepting one the year passed. That they have Constantly maintained a minister of the Episcopal church, with the assistance of the Society, and have Constantly attended Publick Worship, according to the rights of the church of England. That they have built themselves a church & have a church Gleab in the West Precient of pownalborough. They further Represent That in the year 1773 the Town of Pownalborough was divided into two precincts by the names of the East & West Precinct in the same year 1773 the West Precinct Called a precinct meeting at which meeting the Votes of some of your Petitioners and all who were at said meeting, above 20 in number, were Refused to be accepted for this reason because they were Episcopalians, Your petitioners immediately withdrew and Never attended their meetings afterwards: on the 28<sup>th</sup> of March 1776, the Congregationists in the West Precinct (being not more than Eight or Nine in Number that met) and Voted to raise the sum of £30 to hier Preaching in the year 1776, which they never did Except a Transient Parson Now & then a day: that the assessors assessed your Petitioners by Virtue of an Act of the 16<sup>th</sup> of George the Second: — They further represent That the Collectors Viz<sup>tt</sup> Samuel Emerson & John Eldridge have Taken every advantage (and of Some of those persons who were Germans, and Did not understand the Law in the English Language) to Distress them as well as others by Giving them Notice to pay the Ministers Tax and then distraining. They further declare that by their being thus assessed by the minority of the Parish are drove to Great Straits and must soon be ruined as the minority under Couler of Law, Seem determined to Drive them to the Last Extremities — will further

begg leave to represent that when the Act of 16<sup>th</sup> of George the Second was made it was not supposed that such a Case could happen where 7 : 8 or 9 Congregationlists Should Vote away not only their owne money but also the money of about thirty Episcopalians — and that too without & against their consent — We further declare that tho' the money Taken from us is by Law to be paid to our Pastor whome we support & who will we make no doubt return it to us again, yet it subjects us to be Distraigned upon, which is Now our case and also make us pay for the Taking our own money out of our Pockets against our Consent to be put in again after the collectors & Treasurer have improved it for a long time before it Can be Gott from them which must be and is a great trouble & Cost to us as we may be obliged to go through a law sute to get it again: we further think that the Law Aforementioned was Designed to prevent persons from pretending to be of a Religion, they were not of nearly to Get read of paying taxes. We further declare that it is the unalable right of mankind to Worship the Supreme being according to the dictates of a Well informed Conscience, that no man can dispose of his religion and much less can any Person take it from him — That every Species of taxing that Takes away a man's Interest, and at the same time Debars him from assenting or desenting because of his Religious principles is Persecution and tends to force him to give up what the God of Nature never gave him a right to dispose of — the right of private judgment, in matters of religion — At a time when the continant is contending for Civil and Religious Liberty. We are sorry to have the Occasion of petitioning the Honorable Court upon so Disagreeable a Subject as persecuting persons who come from Germany, upon the faith of the Government of the Massachusetts Bay, that they should Injoy their religious principles. But the matters of such Consequence to us that our all is Depending as the

Collectors Distrain and Sell our Goods at halfe price & make us pay the Cost. We therefore humbly Pray that the Honourable Court would take the Matter into Consideration and pass an Act that all Episcopalians who pay a minister may be freed from being assessed or Taxed in any Parish for ministerial rates and that the collectors be ordered to return all the money so distrained & Received from us the respective persons from whom he Took them with the charges and Damages or otherwise give us such Relief as the Court in their Wisdom Shall think proper and as in Duty bound we Shall Ever Pray

Resolved that the field officers of the first Regiment in the County of York, or the major part of them, Be and hereby are ordered and impowred to new rank the several Companies in that Regiment agreeable to Military rule & order, any former arrangement by them made notwithstanding and to the end no doubt may arise in the minds of the Field officers, what military rule and order is, That the rank of each Company shall be reconed and determined from the age or antiquity of such Company respectively, that is the most ancient the first, the next most ancient the second and so on thro' the remainder And in all cases where a company is formed part of two or more ancient Companys such Company is to be esteemed a New Company & not to bear the rank of any of the Companys from which it is taken. That the Brigadier of Said County be and hereby is ordered and directed to Alter the Several Military Commissions, so far as respects the rank agreeable to the new arrangement that may be made by the said Field officers in Consequence of this Resolution And all such Militia-officers in said Regiment as shall neglect or Refuse to bring their Commissions — after — reasonable Notice to the Brigadier to be altered or to rank as aforesaid, shall be considered as displaced of which the Brigadier shall give Notice to the field officers of Said Regiment to the end the Company to which they belong may be called upon to choose others in their Room agreeable to the Militia Law And the Brigadier of said County is also directed to make returne of the officers and the Rank of the Companys in said Regiment as soon as

To the Hon<sup>ble</sup> the Council and House of Representatives in General Assembly convened, humbly Shew

The Subscribers, Militia Officers in three of the Companies in the Town of York in the Regiment of Foote whereof Ebenezer Sayer Esq<sup>r</sup> is Colonel: —

That the Field Officers for said Regiment in pursuance of the Militia Law divided the Town of York into Six Companies which till lately consisted of but four — that in this division, part of what was formerly the first company and part of Second Company, were joined together and made one new Company, which Company so joined were by the Field Officers ranked and stiled the first Company, and what remained of the first Company and Second Company were still left in two separate Companies, and are now Stiled the third and sixth Companies in the Regiments: whereas according to all Military rule and order your Petitioners apprehend their respective Companies ought to have been ranked the first and third in the Regiments, and that Company aforesaid made up from the first and second, as it was

younger in its formation ought to have been stiled and ranked in the Regiment, below all Companies that were prior to it in formation in the Regiment:—that this arbitrary determination of the Field Officers, as your Petitioners conceive it to be, has likewise justled another of the Companies in said Town out of their proper rank: whereby the men in three of the Companies in said Town are so uneasy respecting the matter that the Regiment is not in that state your Memorialists could wish for the public Peace and Safety: that your Petitioners being the Officers duly elected by the three Companies agrieved, have remonstrated to the Field Officers and prayed their interposition that these matters might be speedily Redressed, but they have not as yet tho't fit to rectify the ranks aforesaid:—

Wherefore your Petitioners pray that your Honours would grant us such relief in the premises as to you shall seem most expedient: and your Petitioners in duty bound shall ever pray etc

The Declaration of William Gilly of Crambery Island in the Massachusetts State, Fisherman, That sometime in the month of April past The Ship of War Called the Searborough Belonging to the British King Commanded by Captain Mowat Came into the Harbor of said Island and anchored there — That the said William was on board the said ship & had considerable conversation with said Mowat, some particulars he remembers as follows — The said Mowat asked if the Inhabitants on said Island had taken up arms. It was answered, No. The said Mowat then said that he was not come to molest but to Protect them, and if they would not disturb his boats in procuring wood & Water, that he would not hurt them, but if otherwise that he was Determined to Level every house on the Island. Mowat then asked if the Inhabitants up Frenchman's Bay had not chiefly taken up arms. Said William answered that he know'd nothing about it. Mowat then said that he know'd several that had, and asked said William if he was not a Pilot up Frenchman's Bay & whether he would not undertake to carry up the ship. Said William answered that he was not a Pilot nor could he undertake it — Said Mowat then asked if said William was acquainted with Colonel Jones who Lived up there. It was answered in the affirmative. Mowat said that he wanted to see him very much, as he had rec<sup>d</sup> an Invitation from Col<sup>o</sup> Jones when at Halifax to pay a visit, and that the said Colonel Jones had promised to procure for him seventy head of cattle, which were to be drove down to some certain point ( which the Declarant forgets the name of ) where Boats were to be sent By the man of War to receive them.

That the Said Mowat through out many threats against many of the Settlements particularly Machias, asking if those Rebels did not think hanging was too good for them, that if he went there he would utterly destroy them — Said

Mowat appeared to be very well acquainted with the Situation & Circumstances of the diff<sup>t</sup> settlements, mentioning the different quantity of Lumber which was in several Harbours & told of many matters which happened in different parts. He further said that news had come of Philadelphia Being in Possession of the Britains, that the Inhabitants to the Southward were laying down their Arms — That Boston would soon be in possession of the Kings troops, and that the Frigates which were there he wanted to see, would rejoice of having an Opp<sup>o</sup> of attacking them both together — He further said that the Greyhound & Diamond which were seen sometime ago before Newbury were cruising for Captain Manley & McNiel — several other matters were spoken of which the subscriber Does not remember.

Our Enemies takeing possession of the River St. Johns as Perticularly mentioned in John Allan's Esq., letter to your Honors & in our Memorial is a matter so deeply interesting to this Place, to all this Eastern Country & to the United States of America in General that we verily Thought & still Think that the most vigorous opposition in our Power in Order to divert them if Possible, from their Purpose woud be Justifiable, and merit the approbation of not only our Own State, but of all the Continent. Humbly Sheweth :

That agreably to Their expectations this Committee reciev'd certain Intelligence, that our Enemies have taken possession of the River St. John in Nova Scotia, with an expressed design to Fortify it, and Open a Communication by that River to Canada That they have sent to Cumberland for part or all the Troops in that Garrison, to be Stationed at St. John & that the ship already arriv'd has brought large Presents for the Indians, which they decline Accepting for the Present.

This Committee, therefore, beg leave to Observe that St. Johns as it Opens an easy Communication with Quebec & with the back Settlements on this Eastern Shore, is a Grand Object in our Enemies View, for they will have it in their Power, either to Distress or cut us off at Pleasure, Unless a Miraculous interposition of divine Providence Prevents which we niether Deserve or expect. Our Enemies are Crewel & Blood Thirsty & if they can destroy us they will surely accomplish it. The Infamous Mowat has sworn by all that is Sacred that he will destroy this Place.

Your Honors are not Ignorant of the Disposition of the Indians they Expect to be Courted to Receive Large Presents, and like all other Nations Consult their Own Interest. Can we then expect that they will Purchais goods of Our Truckmaster, at an Extravagant Price, when our Enemies have possession of their Control and Present them with everything they want If our Enemies therefore are suffre'd to hold St. Johns the Indians will Infalliably turn against us & we must Desert this Place & Leave this Important Country a Prey to those that Hate us. The State of Massachusetts Bay have done much for us for which we trust we are duly Thankfull & large Piles of Boards are now waiting the Order of the State, in this Place, our Enemies know this and they may easily take them, together with all we have, if they Pleas, for our numbers daily diminishes, our Spirits flag, & our Strength is Gone, as nothing is done for our Protection, or the Expulsion of our Eastern Enemies from the Continent: but on the Contrary we are left with out a Guard & british Murderers advance & Ineroach upon us & oblige all our Friends to to take the Oaths of Alegiance to the worst of Tyrants or Submit to beggery, chains & Imprisonment & none dare oppose, or even say why do you so.

To the hon<sup>l</sup> the council and house of Representatives of said State in General Court Assembled.

The Petitions of Ichabod Hanson, Thomas Trot and Hugh Crague all of Windham in the County of Cumberland humbly Sheweth

That the inhabitants of said Windham at an annual meeting in said town held on the 31 day of March A. D. 1774

legally warned, chose Richard Dole Town Clerk for the year there ensuing & your Petitioners assessors for that year but, the said being absent the Town chose Richard Mayberry clerk for that day who accordingly entered all the votes & proceedings of that meeting on papers, and the said Richard Dole afterwards recorded the doings of said Meeting in the towns book of Records from that paper but it so happened that the said Richard Mayberry was not sworn so that the validity of the proceedings of that meeting may be called in question.

Your Petitioners further shew that there never has been any dispute in the town or doubt, that they know of but that the said Mayberry enter'd all votes & choses truly & faithfully. They further shew that, as assessors, it was their duty that year, besides assessing the other common taxes laid on the Inhabitants, more especially to assess and apportion a penny half penny tax upon unimproved lands there — and that they have by virtue of a special Law of the then province sold sundry lots, for non-payment of that tax, And that there is danger that the titles of the purchasers may be questioned, and the doings of the Assessors adjudged invalid purely on account of the neglect or omission of swearing the said Richard Mayberry as aforesaid, and other inconveniences ensuing

Wherefore Your Petitioners humbly pray that the doings of said Meeting may be confirmed and established as they stand recorded in the town Book by the Standing Clerk the said Richard Dole who was duly sworn to the discharge of his trust, the omission of Swearing the said Richard Mayberry or of his signing Said Minutes, or the present loss of them, notwithstanding: and your Petitioners as in duty bound shall ever pray &c.

the Committee Agreed to meet at Presumpscot falls on the third Monday of May, previous to which meeting publick notice was given & the purposes of meeting: two of the Committee met at the time & place ( Brigadier Thompson not appearing ) the other two proceeded Upon the affair & Upon Examination were of opinion that there might be a good passage for the fish without great difficulty or inconveniency on the South Westerly Side of the River between the Mills & the Shore, which Major Benjamin Waite ( who Appeared an owner of the Dam & Mills ) was willing should be done, the Committee then proceeded to Ammoncongen falls & as the Aforesaid Major Waite owned half that dam he was willing there should be a fish passage in that part of the dam called the Slip near the Northerly Shore of the River, which the Committee viewed, & are of opinion will well answer the end, if made about double the Wedth it now is, the other owners of the dam ( the Committee were informed ) are minors & no person Appeared for them, from thence the Committee proceeded to Saccarappa & viewed the dams & found no obstruction but on the upper dam, thro' which near the northerly side of the River, M<sup>r</sup> Conant who appeared as an owner, was willing there should be a fish passage, which the committee were of opinion would answer the end, the Committee then proceeded to Horse beef falls where M<sup>r</sup> Osgood appeared as an owner & was willing there should be a fish passage thro' the dam near the Northerly side of the Stream which the Committee were of opinion would answer the end, the River is large & was said formerly to abound with a variety of fish that frequents Such Streams, but the several dams appeared to the Committee almost or Quite a total obstruction to their passage especially the dam on Presumpscot falls, which the Committee were informed was built about forty-four years ago.

The Memorial of Stephen Smith of Machias  
Most Humbly Sheweth

That a pernicious practice prevails among persons of no Principle but that of Avarice — of Selling Rum and Spirits to the Indians, and by getting them Intoxicated defraud them of their furs and other articles of trade — by which the State is deprived of the chief profit of their valuable Merchandise — and frustrate in their good Intentions of preventing of and deceit in Trafficking with those people — The State in General acquires a bad Name and those who are Employed by the publick to trade with them are obliged to trust them with cloaths Bread and other Necessaries because evil disposed persons have got them drunk and cheated them of what they have to purchase with besides the Honest trader often Suffers ill language and other abuse from them because others got them drunk. He therefore prays Your Hon<sup>rs</sup> to pass some act or resolve — or by such other Means as in Wisdom you shall see fit to prevent such Iniquity for the future.

And as there has been some Extraordinary Demands for Stores of late for special occasions, He begs your Hon<sup>rs</sup> to take into Your wise Consideration the State of the Stores now at Machias and the Many advantages derived from the trade with the Indians there, Especially as it is the only place in their troubles from times from which we can with Safety get any furs.

Govem<sup>t</sup> thinks fit to advise you thro this Board that on Sunday last 11 o'clock A. M. a sloop was chased off the Gurnet as far as the Heights of Marshfield by 2 Frigates & one other very large Ship which from the Distance between her Masts where she put about appear'd to be at least a 50 Gun Ship — Our Informant had a full view of these three Ships & judg'd them to be British though they showed no Colours. We make no doubt they are still in the Bay & are very apprehensive that the ship with Hessians as well as other vessels bound in may fall into their Hands unless they receive timely notice of their danger. Take this opportunity to lett you know that Last Saturday morning Embarked Maj<sup>r</sup> Shaw with forty-five men for S<sup>t</sup> Johns to joyn with M<sup>r</sup> Allen it was attended with Great Difficulty to Repare boat for them to go in and attended with much Expence to gett Nails, Pitch & so forth, to Repare the Boat which hindred Maj<sup>r</sup> Shaw from setting out so sune as we Expected. Vessel Condemned to a few Individuals and give up thare Pretentions of being in the State's Service we told him that if so, the Committee would Insist upon the Expences of thare Provisions, Boats & Amunition to be paid out of the prize. How ever that was a matter he Give himself no trouble about, and without the advice of the Committee on his owne account Landed the Cargo in Esq<sup>r</sup> Jones<sup>s</sup> store and we suppose either by himself or attorney will soon have her Libeled at Pownalborough and if the Captors are in the States Service you will acquaint the States Agent of the matter also you can get the Tryal putt off till Mr Allen Can have an opertunity to putt in his clame if he has any as it may be asserted that he is among the Meekmack Indians & we think those Persons that Seeks thare owne Interest so much more then thay Do the safety of a Bleeding Country Disarves no preferment in it Captain West was considerate Enough to write to the Committee To Suport his family while in the Sarvis but not anything how to have the Prize Proceeded with, by Inquirey we understand her Cargo is

Falmouth June 17, 1777.

Sir/

I receivd Yours of the 5 of this inst<sup>t</sup> by the 14 by which I was informd that Your Ship Gruel had been sail from Marblehead then about 10 days but she had not arived at Sheepsgut which Gave me Reason to feare She was taken on the 15. I was inform'd there was a Ship at Falmouth which came from Marblehead and that the men had Left her which gave me hopes that Your Ship was not taken. on Monday the 16<sup>th</sup> inst. I came for Falmouth to Sea if it was Your Ship if it was to assist the Capt. to remove her to Sheepsgut on arrival I found Your Ship Gruel here Joseph Proctor Master. he had onbent his Sails and on-ballasted the Ship. Capt. Proctor then deliver'd your Letter of the 16<sup>th</sup> of May. I then asked him the reason of his stoping at Falmouth and

conducting in the manner he had. He replied that Col<sup>o</sup> Glover Gave him Verbal Orders to Come to falmouth with the Ship and there discharge his men, and that Mr William Frost had ordered him to haul the Ship to the Wharfe & unbend the Sails and on ballaste the Ship. I then showed him Your Letter and Desired him to Ballast the Ship again and get her in Order to prosed to Sheepsgott as quickly as possible and offered him all assistance necessary. he replied that he should not for he was employed by Col. Glover. As to the great Expense you have been inform'd would attend the moveing your Mast from Kennebeck to Sheepsgott Sir I imagine that information is from Several persons in Kennebec by what I had heard from that Quarter but I can with pleasure inform the Hon<sup>ble</sup> Board that there information is Ficticious for the whole Expençe of removeing the mast and plank from Kennebeck to Wiscasset point did not Amount to more than twenty Dollars. You wrote me in your Letter of the 5 of June that the money is sent me to pay for the Cargo and fixing out the Ship but have not received it. Capt Procter Informs me that Your Ship is no ways first to take in Mast having no spare Cordage for that use and that he wants Considerable to fix the ship for the Sea and that he shall want Provisions and almost Every thing Else that is necessary to fit a Ship for Such a Voyage. All there is on Bord Consists in 1 bb of flower 2 bb of Porke, 9 bb of Beef & a Quantity of Bread which is damag'd. There is a Prize Brig at Damariscotta River thats taken by Capt. Fisk with Hessians on Bord that has also a quantity of Cordage and provisions on Bord which would answer to furnish your Ship Gruel if s<sup>d</sup> Brig is Stop<sup>t</sup> there. The Rum Molasses & other things Mentioned in my Memorandum will be much wanted for the Ships use while Loading and one hundred waits of Coffee or Chocolate for I Cant Geat a man to work on Bord without finding him some rum. One cask of Rice

& one Barrel of Shugar Will be necessary which things I must Beg You to forward to me as quick as possible also orders for your Ship to proceed to Sheeps-gut and forward to me the money necessary. the Mast are all hewed and receive damage Every day till Ship<sup>t</sup> I expected by Your Letter of 5 June that the money was sent to me in the Ship but Capt. Proctor informs me that it was not. Your letter of the 16 May was not Seal<sup>d</sup> therefore Col. Glover & Capt. Proctor must know that your Ship was Ordered to Sheeps-gut and am surprised that Col<sup>o</sup> Glover should (after having the Ship Under his care three months to fix for the Voyage) Send her down in want of Allmost Everything necessary therefor, not having sufficient Riging to Set the Ships Sails — I am in hast with all respect Your Most Humble Servant

Sir/

When the Petition of the Church People of this Town comes under Consideration of the hon. Court I should esteem it as a favor if the Enclosed answer could be laid before the Court at the same time. Your Hon<sup>r</sup> upon reading it will see how this poor People have been imposed upon. Your favor in the matter will greatly oblige

They say the design of Jones in going into Boston was only to bring out his son & family — Now Quere if he had<sup>n</sup>o design to supply the Enemy, why did he not unload his Vessell at Salem & then go in with his Vessell light Horton was at Salem & yet did not unload there but cary'd his boards with him to Boston.

Actions are the only way of knowing a mans design

No Provisions were much plentier & cheaper at Salem than they were at Boston

They were in great want of provisions in Boston, or why did they prohibit any from being carried out.

They who did not say as Jones would have them, he would not let them have any provisions They justify Jones's conduct, because he was suffered to go on so long as he did.

it is notorious to all, that no Vessell could be allowed to go into the harbour of Boston (or even within a certain distance of it), by the Port Bill (so called) except those who carried supplies for the Army & Navy. Jones had gone in & carried boards divers times, & he could not have gone in without a permit from the Admiral; if he had, he would have been taken as a prize by them & they made use of every opportunity, to take prizes they could.

Quere How does Haynes know, he borrowed £200

Ask Haines if he never heard Cap<sup>t</sup> Jones express his fears of being taken by the people should he go on shore anywhere between Boston & Machias.

To the Hon<sup>ble</sup> the Council and House of Representatives in the Gen<sup>l</sup> Court Assembled 2<sup>nd</sup> Tuesday of July A. D. 1777 If then Setting  
May Please Your Honors

The following is an answer of the Inhabitants of the West Precinct in Pownalboro to a Petition of certain persons call-

ing themselves members of the Episcopal Church & Inhabitants of said West Precinct & Adjacent —

In order to give the Hon<sup>ble</sup> Court a full understanding of the matter said West Precinct beg leave to represent in the following manner viz: The Petitioners have not Served said Precinct with an Attested Copy of their Petition & the order of Court thereon, agreeable to the orders of the Gen<sup>l</sup> Court: so that the Precinct are under great disadvantage in making answer, as it is doubtful whether the Paper delivered be a true Copy & of Course might have been indulged with a Continuance until Such a Copy should be obtain<sup>d</sup>: If the case was of that importance to require it. However according to the Copy we have, Said Petitioners say, they are members of the Episcopal Church: that great part of them are French & Dutch Germans Protestants & came into America upon the Incouragement given by the Massachusetts Government, that they should enjoy their religious Priviledges." they further say, "that for twenty years last Past they have enjoyed these priviledges" In answer thereto we say, that we agree with them that great part of them are French & Dutch German Protestants, whose Principles of Religion, as they, say, when in Germany were either according to Calvin or Luther some of one & some of the other. The Calvinists ever since they have resided in this Town have Universally protested against the Church of England & in opposition thereto have been zealous in promoting the Cause of the Congregationalists. It is not long since they, as well as several of the Lutherans, Subscribed towards the Building a Meeting House to the Utmost of their abilities and appeared very desirous of having a gosple Minister Settled among us — These are undeniable Facts. And there is no doubt but that they would now join with the Congregationalists, if they had not been grossly imposed upon & deceived by the Craft & Cunning by the Falsehoods

& Misrepresentations of Major Goodwin & the pious Mr. Bailey, who have taken great pains to persuade the good People of this Precinct to renounce the pure & undefiled Religion & instead therof to embrace Episcopacy & they further say in their Petition that they had the faith of the Government that they should enjoy the same unmolested & they further say they have enjoy<sup>d</sup> the same for this twenty years last past (excepting the year past) If so, the plain Inference is that they are no Churchmen, at least of very late date — The others were mostly persons who removed from the Western Parts down here & were brought up in the Congregational Way (excepting a few some of whom were Roman Catholicks) & never have made any renunciation of their Principles, but only attended church occasionally as that was the only Public worship here at that time & without any expence as the Itenerant Missionary thought it not expedient to demand anything of them — so that it may be Justly said, that there was a church here without Scarcely a professed member of the Church of England. It is well known how this has been brought about so far. Doctor Silvester Gardiner, a person Zealous for Episcopacy had the Principal hand in forming this Settlement. he with his Agents & Tools encouraged the People that they should have a minister Supported without any expence to them, provided they would Petition for a Minister (Several understanding it to be a Congregational Minister) Accordingly a Petition was drawn up directed to the Society & great promises were made them if they would sign. That they should have Lands for Settling should have a Parsonage Lot given them & a House for Public Worship built by Subscription (& persons when they came to the Doctor for Settlements here, he used to insist on their subscribing something for that purpose) In such a way & manner a Petition was obtained — There was a Clause in the Petition which

some of the Signers say was inserted after they sign'd it, at least which never was read to them: which was Binding themselves to Pay the Missionary at least Twenty Pounds Sterling per Annum — The same Petitioners, several years afterwards, found it out & a great number of them were in great rage about the matter — went in a Body to the Missionary about it & insisted upon his giving them discharges which he accordingly did & promised so to do otherwise it was thought he would have been obliged to leave this place. The People also expected this Parsonage Land & house of Publick worship would have been given to the Parish to be at their disposal, as in other Parishes — however, the grant of the Land was a long time delay'd for reasons unknown to the People — all which time the Doctor was Planing & Contriving how to fix the grant in the Church — a great discord happened on this occasion amongst the Principal Gentlemen of the Plymouth Company & finally the Doctor took the advantage of the other gentlemen of the Company, attended one of their meetings exactly at the hour the meeting was adjourn'd to with a design to make this grant — he had all ready Cut & dried & only he & Mr Hallowell dec'd Voted the land away as they did & a Record was made of it in an Instant — Immediately upon it one of the principal Gentlemen of the Company came in & finding what had been done he reproved the Doctor Severely for his Conduct — This grant of the Parsonage Lott was made upon the Petition of Parson Bailey, his Warden & Vestry, seting forth the want both of a Church & Parsonage House & that they had already provided materials for both of those buildings: but finding no grant of the Parsonfield lot, they Pray'd the Company that the lot might be granted for those purposes in such a manner as to be unreliable — adding further for there are too many instances in this Country where the Piety of our Forefathers has been greatly abused

by converting the lands which had been given them for Pious Uses to other occasions” When the Parson &c signed this Petition there was not one article provided for either of these buildings, by this artifice the Doctor intended to get the land unalienably fixed in the Church, but it did not altogether answer his purpose, without the other measures used as aforementioned — we mention this because they tried to carry this Point by deceiving the Plymouth Company with this False Petition. So this same Church, not forgetting their old Tricks are now imposing Falsehoods upon this hon<sup>ble</sup> Court — by such artifice it is that this Church is upheld & what may be relied on as the grand difficulty — they are afraid that if they are obliged to Pay Taxes, as well as the Congregationalists, there will be no special advantage in being Churchmen, & of Course will leave the Church — more especially, as they entertain a Very Contemptable opinion of the Missionery & finally this whore of Babilon must Fall to the ground. This Church being founded here by such arbitrary conduct & upheld by such Falshood & some of the pretended members have been Roman Catholicks & never have renounced that religion, we think fully authorised our morde of expression — We further observe, that their Petition Contains so many falshoods & Contradictions, that upon a due attention to the Contents thereof It must be adjudged to Carry its own Confutation with it. They say the Law upon which church People are Taxed “was designed to prevent person from pretending to be of a religion, they were not of, merely to get rid of paying Taxes” Let the design of the Law be what it will. It is very evident that the design of the Petitioners is to be freed from every obligation of paying their minister one farthing & we apprehend they are the very persons on whom this Law was especially intended to be binding according to their own sense of it. They say, tho’ the money by Law is to be

paid to our Pastor “whom we support” & who will we make no doubt return it to us again” by which they say that they support their Pastor — If so where is the need of his returning it to them again — why don’t it go towards his support? Is it because the money is raised agreeable to the Laws of this State? It is difficult to conceive of any other reason. Sure it can’t be more than their Pastor stands in absolute need of — for about the time of their Petition, the said Pastor was obliged, or somebody for him, to beg the assistance of Friends in Boston towards his support & certainly their Taxes don’t amount to half what was promised the Society should be paid him — from which it is Very evident, that it is not against their Consciences to Pay Taxes for his support. If so, what becomes of their Cry about persecution — their mighty harangue about the Right of Private Judgement, Cloak’d under a Show of Serious Words & Sanctified by the glorious Liberty now contended for — must not this Argue their grand Stupidity & wickedness in trying thus to impose upon the Hon<sup>ble</sup> Court. Nothing can appear more plain than that it is no infringement of any religious Principle which they pretend to hold — neither can it be an infringement of the Civil Rights of Episcopalians, any more than of the Congregationalists. This Tax being agreeable to a Law which was made by the representatives of both. It may be remarked here of these Episcopalians that their arguments for Liberty do not proceed from real principle, for Mr. Bailey, their minister, has, during the present contest with Great Britain, discovered himself, in his publick Preaching, as well as in his private Conversation, to be a person evilly disposed to the States of America and dangerous to the publick Peace & Safety — he has been declared by the Committee of Corespondence &c to be an inveterate & dangerous Enemy: and yet his hearers have openly & publickly endeavoured to Justify and support him

in his wicked Conduct—and besides, they have generally appear'd backward in doing any Thing to Support the war— Two of them who were appointed agreeable to an Act of this State to reinforce the Continental Army, refused to go: or to pay a fine, & indeed refused to take up Arms against Great Britain. They have constantly made it their practice to propagate such news (however false) as appear'd to be unfavorable to the American Cause, thereby discouraging people from inlisting into the Army, and from supporting our Independence. The proclamations from the Continental Congress & from this State for days of Fasting & Prayer, have been, by Minister & People treated with the greatest Contempt. They have been Called Dirty Papers, & have been Neglected to be read in Churches according to order. The General Court of this State have been called Knaves & Fools. Their authority has been denied & trampled upon— Their Commissions to Civil officers have been called no better than pieces of Blank paper—and the officers themselves threatned for doing their Duty by Virtue of their Commissions—and yet these very Persons absurdly petition the authority which they deny, for favors which they, by their Conduct have rendered themselves undeserving of— And if their Petition is granted it must be supposed That Converts will be made to this Church, and consequently That the Enemies of the United States will be increased—

It seems the Petitioners have the Face not only to charge this Precinct with taking every advantage under Colour of Law to drive them to the last extremitys—but also to charge the Government with breach of faith towards these Germans— The only reason they assign for this high charge is their being Taxed agreeable to Law & that for the Support of that Religion which they pretend to possess & which they seem willing to support— The most of them understood but little about their Petition, we have the

charity to think but some others who are designing & have but little regard to honor or honesty think it no crime thus liberally to deal out their charges. We the better bear up under it as we have the honor of sharing with the Government in the charge.

They represent that the Collectors have taken every advantage &c. This is so far from the Truth that it is astonishing beyond expression, while persons are pretending to aim at the rights of Conscience, that they can so far give up every pretence to Truth, as to sign so glaring a Falshood. The Truth of the matter is, In March 1776, This Precinct, at a Legal Meeting, Voted the sum of £30 to hire preaching about nine pounds of which would be the Proportion of those who cloak themselves under the church. In July afterwards, the assessors made the Tax & gave the same to the Collectors with Warrants to Collect the same & Pay it into the Treasury by the 5<sup>th</sup> of October the next. The Collectors gave warning to the People soon afterwards to Pay their Taxes. The Church People, some of them, desired time to Consider of the Matter, pretending the Precinct had no right by Law to Tax them. The Matter rested in this manner, until the last of February then following, in the meantime, The Collectors were earnest with them, that they should pay their taxes without any difficulty, after all this patience & forbearance of the Collectors, they said they would not Pay without being distrained upon. The Collectors just as their year was expiring, thought it expedient to distrain. Accordingly the first distress, was taken the last of the same February being a small Bull, about one year & nine months old which was sold at a Publick Vendue duly notified to the highest bidder for 36/ being the full Value of the Creature. The next Distress was sold on the 10<sup>th</sup> of March at a Vendue duly notified viz: a sheep for 23/6 being a third more than the common price. at the same

Vendue another distress viz: a Sow was sold for 17/6 being the full Value, She was poor weight about 68<sup>lbs</sup>. these were all the distresses that were sold & two of these were taken from persons that pretend to Understand all Law & were principally advising & directing all the rest & If any advantage was taken of the Ignorance of the Germans who did not understand the English Language, It was those of their own party—and that they did encourage them to stand out & make the opposition they did, they cannot with truth deny. They said every thing almost to make these Germans believe that we tax'd them without Law. Nay it was said there was a letter from a church Minister here, in April last, somewhat in these words viz. "It is agreed on all Sides that they have not the least Colour of Law to Countenance their proceedings." This was spoken with regard to our taxing the Church People. In consequence of this it was said here that this was the opinion of all the Lawyers in Boston This Shews what pains have been taken to deceive these Germans by their own party.

They further represent that this money was Voted by the minority of the Parish. It is Plain from this that their intent was to deceive the Hon<sup>ble</sup> Court. They don't pretend but what it was done at a legal meeting. They intend to represent us but Very few in Comparison with them—as their part of the Whole Tax is but about £9 it is evident they bear no proportion, Compar'd with us as to Numbers—We have taken notice of many things which may appear to be of little consequence. We have done it the rather to Vindicate ourselves from the Wicked & false Aspersions, which they have endeavoured to throw upon us & might operate to our prejudice where the persons & the characters of those that have thus endeavoured to Slander us, were not known.

We would Observe further, that the Petitioners say they

have Constantly attended Publick Worship according to the “right of the Church of England” (so it stands in the paper deliver’d us viz. right) what they mean by that we can’t tell. If they intend by it, staying at Home, their Petition is so far true—we are very sure that some of them very rarely, if ever, attend Church.

Some of the Petitioners have not all along pretended to be Churchmen as they set forth— one of them in particular attended our Precinct meeting the second year & was chosen Collector & accepted the office & did not even pretend to be a Churchman & almost all these Germans declared they were not Churchmen until they were afraid of paying Taxes— Their sole Aim is to endeavour to prevent our enjoying the Congregational Worship here, Imagining if they can get their Petition answered they can gain more proselites (as there are many that care but little about religion) by being exempted from Taxes, than we can by arguments deduced from Religion & Virtue— Another of these Petitioners said last spring that he was no Churchman & that Parson Bailey should not have his rates & agreed to pay the Collector for the use of the Congregational Minister & afterwards was induced to sign with them upon being promised to have his rates return’d to him again—and three of those Germans who signed the Petition very lately declared, that they, as well as the other Germans, only went to church to have their Taxes, and one of them said, if they were obliged to pay Taxes none of them would go to church & when we hir’d a preacher in 1775, by subscription it is well known that several pretended Churchmen attended Worship with us pretty constantly & seldom attended at church, & it cannot be doubted but that if under the cloak of the church they could be excused from paying taxes, they would now generally attend with us.

From their own Shewing they ought to pay Taxes & for a

further confirmation if they will produce a copy of their Petition to the Society, it will appear that the Missionary has a right to Twenty pounds Sterling p. an. at least from them as before mentioned.

Wherefore for the reasons aforesaid viz: Because this Petition is founded upon Falsehood & Misrepresentation Because five of the Petitioners are not Inhabitants of this Precinct & never were taxed, and the greater Part of the People of this Precinct who signed that Petition are not conscientiously churchmen, but only profess themselves such, to avoid paying Taxes towards the support of the gospel. Because they are taxed for their own Benefit by force of a Law made at the Request of the professed Members of the church of England.

Because the granting their Petition will have a tendency to encourage People to go over to the Church to Save their Taxes, or at least to procure a Certificate from the pious M<sup>r</sup> Bailey & his Wardens to Screen them therefore (which we think, any man might procure even tho' he never Saw the Inside of a church) and because the granting their Petition will infallibly prevent the Settlement of a Gospel Minister in this Precinct, and involve us in many & Very great Difficulties, and for many other Weighty Reasons we might assign, We humbly intreat Your Honors, That the Petition of those pretended Churchmen may not be granted

By order of the said Precinct

Chas Cushing Precinct Clerk

At a Legal Meeting of the Freeholders & other Inhabitants of the West Precinct in Pownalborough in the County of Lincoln held at the Court House in said Precinct on Friday the 27<sup>th</sup> day of June A. D. 1777

Voted that an answer like unto the foregoing Sign'd by the Clerk of said Precinct be presented to the General Court

as the answer of this Precinct to a Petition of the Church People aforementioned.

*Jed<sup>th</sup> Preble's Deposition.*

The Deposition of Jedidiah Preble of Penobscott in the County of Lincoln, Testifieth & saith that he was at Watertown last fall, where he saw one Jeremiah Coburn of this place, who told the Deponent, that he had talked with some of the Representatives of the State Massachusetts Bay & said he made no doubt, but that in Case I would Join him in a petition to them, he could get a guard of thirty men, which would be stationed on this River & I reply'd, I was willing to do any thing that was for the benefit of the inhabitants of this place & I desired to know his Plan, & where the advantage would lay. He told me (as near as I can remember) that he made no doubt, that in case a Guard was granted by the General Court he should have orders to inlist the men at the westward, & bring them into this River. I replied, I thought, that might answer, as we should be thirty Men stronger, & those men would be always in readiness, & well equipped to march to our assistance on any alarm. He then went & consulted my Hon<sup>rd</sup> Father & told him the plan &c. (Upon which as he told me) my Father said the plan as he thought was very good, & added, He would use his interest to have the Men granted, as he thought, he had as good a right to a guard being a frontier settlement, equal to other towns to the westward. Upon which I signed a Petition & returned to Penobscot. The next News I heard was, The Guard was granted, & committed to the care of Col<sup>o</sup> Josiah Brewer, who declared to me, He gave Ens<sup>n</sup> Coburn strict order to Inlist the Men out of the River if possible, to which

Mr Coburn answered, He intended to call at Kenebeck & enlist what men he could there & from thence Home. But as I have been informed since, he never offered to enlist a man until he came up this River. He made the best of his Way to the head of the Tide of this River, & there notified the inhabitants That He had listing orders, & a number of the inhabitants came to be informed of the conditions, & He told them in my hearing, they were to be stationed on this River, to guard the inhabitants, & to go in scouting parties to reconnoitre the Woods & streams for some distance back, to prevent the approach of an enemy, & They ask'd him how long a time they were to Enlist for, He told them for no certain time, but there was no manner of doubt, but they might be discharged, whenever they pleased, & gave them encouragement he would discharge any one that might want to be discharged in Two or three months, or in the Spring at furthest, on which they readily enlisted; he then set a guard of one or two men to guard the stores, & the remainder went about their own business, & never did any other duty for Three or Four months, except building a house for Col<sup>o</sup> Lowder on his land, for a Truck house No scouting parties were sent out, as was expected by the Inhabitants.

The next thing we hear L<sup>t</sup> Gillman goes to Old town & comes back, & informs Col<sup>o</sup> Lowder, that there were two or three Indians come in from the borders of Canada, & that they brought news. There was a Number of Regulars, French & Indians, commanded by one Lonier, which were designed to come on the Heads of these eastern rivers: on which news Col<sup>o</sup> Lowder consulted Col<sup>o</sup> Brewer, & they immediately sent expresses to the officers of the Regiments which was communicated to the Eastern settlements, which gave them a General alarm, & Had it not been for the Indefatigable industry of Mr James McCurdy It is my opinion that a great part of the Inhabitants on the lower part of this

River would have fled. The Deponent further saith, That he was sometime in July last at the Guard House about sunset, & there came two Indians of Penobscot Tribe in a great hurry, which told Col<sup>o</sup> Lowder they had Great News viz — That the night before, the Canady Indians had like to have taken their Town, & they could but Just keep it, & that They were obliged to keep out three sentrys at different ports, & that they saw about fifty Indians that night, & fired at them three times & that they now came in to acquaint the Guard & get a supply of Powder & balls to fight them: and one of them added, He must return that night to Old Town (it being then after sunset) or he should expect to find his Family knocked on the Head. He was immediately dispatched with Six pound of Powder, & half the Balls in the Guard House, (as I was told) & went off. The Guard was all ordered to repair to the Guard House, & I heard Col<sup>o</sup> Jon<sup>a</sup> Lowder say, the Fort must be finished with all dispatch, & oxen must be had, if he was obliged to press them. The next day one Jos<sup>ae</sup> Airs & his oxen was engaged to haul pignetts, as he informed me, & the next day morning J. Airs appeared with his Oxen, as he had promised: but instead of employing him in hauling Pignetts, he was loaded with the State or Province Stores, & sent up to Ens<sup>n</sup> Coburn's House, which is Five Miles above y<sup>e</sup> Truck House or Fort, & within six miles of the Indian Penobscot Old Town without any Guard whatsoever, & Col<sup>o</sup> Lowder who then commanded the Guard followed the Stores

The Deponant further saith, that he was Credibly informed Col<sup>o</sup> Lowder said, That if this alarm respecting the Indians, did not answer any other Good purpose, It would be the means of stopping Dam — d Petition of Wheelers.

Samuel Curtis Testifies & Says that he was about a quarter of a mile from the Centry about Six miles above Condesneg Falls near or about where Ensign Coburn's residence is, & about three Hours by Sun on Sunday Morning, I went toward the Centry & met Him & asked the Centry what was the matter the Centry answered he was fired upon by the Indians & appeared to be much affrighted then we both returned back to the House & that some Indians came there the Evening of that day & Lieutenant Gilman agreed with them to carry Him & his party over the River the next morning to go in Quest of those Indians that fired upon his Centry Whereupon the said Indians got their Breakfast & it was about three Hours by Sun in the morning & the Indians sent for Lieu<sup>t</sup> Gilman & he did not come & they waited about a quarter of an Hour & He did not come yet & the Indians went of & left said Gilman & his party & the s<sup>d</sup> Coburn the next night after the Centry was fired on ordered me to go with Him to Set the Centry & ordered me to play upon my Fife as we went to sett the Watch & He the said Coburn Carrying a Firebrand in his Hand to Light me along to where the Centry was to be sett & it being about nine o'clock at night when the watch was sett.— The above given before the Committee —

Machias August 17, 1777.

Sir

I wrote you some days Ago Informing the Hon<sup>ble</sup> Board of my arrival at this place with a number of Indians, Intending immediately after to have Given their Honors a detail of the St. Johns Expedition. But a matter somewhat more

interesting Turning up, will prevent it for the present, shall therefore refer the particulars of that Expedition to another opportunity.

I have therefore to acquaint the Hon<sup>ble</sup> Board that on Wednesday the 13<sup>th</sup> Instant about 3 o'clock A. M. Intelligence was Received at the falls, of the arrival of three Large Ships, one Brig, and one Small Schooner at the mouth of the Harbor. Various were the conjectures who it could be, as it appeared they Came from the Westward. Major Stillman and Captain Smith with a few men set off immediately in Boats to make Discovery, and to take such steps as were necessary: if found to be the Enemy.

About 5 o'clock the Brig Appeared: near the Battery formerly on a point of Land Called the Rim (opposite which was a Boom) having 8 Boats in Tow full of Soldiers, with a great number on Board. Mess<sup>rs</sup> Stillman and Smith joined Col<sup>o</sup> Foster having in the whole only Thirty-five men. The Brig soon Came to where the Boats made towards the shore with the appearance of a Determination to Land. Our men immediately forming in a posture for opposing, and By their Vigilance & Activity keeping a Constant & sure fire, prevented the Enemys Landing, who in much Confusion, Retreated to the Brig—in the night Captain Smith Came up & immediately return'd with one of the Cannon and a Swivel belonging to the Marisheete, with a Cable and Anchor to Secure the Boom, all which By his Indefatigable pains, he Effected By day Light when our people Began to fire with the Cannon and hull'd the Brig several times. I Embodiy'd the Indians between Forty & Fifty after I had spoke to them upon the matter they very chearfully went on Service down the River.

About day Light of the 14<sup>th</sup> The Enemy receiv'd a reinforcement, the morning was Extremely foggy and it being Easy for them to Land at Several places, Our people being

so few not able to Guard the several posts to prevent their Landing it was thought most prudent for them to Retreat, and get altogether at the falls to make as Vigorous Defence as possible. Accordingly a small redoubt was raised near where it was supposed the enemy would Land, in which was placed Twenty men under the Command of Major Stillman with two small Guns from the Marisheete. A Breastwork was also raised on a Rising Ground near the mills on which was fixed the Swivels of the Schooner some of the Guns, having a number of men under the Command of Lieu<sup>t</sup> Col<sup>o</sup> Nevers which was Intended for the Last Retreat. in the afternoon people seemed to Gete together after Securing their Familys & property and made every preparation possible, which time and circumstances would admit. The Enemy Burned Several Buildings about the River & one mill down the River.

About 5 o'clock P. M. The Brig appeared in sight Beating up, with a number of Boats ahead towing, also a Sloop which the Enemy took in the River, having strongly Fortify<sup>d</sup> her against small arms. There being but a Light Breeze & Tide of flood they Came up pretty fast and Between Six and Seven, Came to an anchor near the Buildings appeared in a most formidable & warlike position.

In this time Our men took their Different stations Capt. Smith with a Body having a number of Indians with him Lay upon an Extreme point near the Brig about 30 Indians within a few rods of him on a hill in order to Support the former. The next Major Stillman his Battery, Col. Nevers in the Breastwork and a small scouting party on the West Side of the River, the whole amounting to about 180 Men.

In this position we continued about half an hour Expecting every minute to Receive her Broadsides. The Enemy appeared in great Commotion, Rowing and Driving about the Brig and as we thought fixing a Spring on their Cables.

Our Determination was not to begin the fire in the present situation further than firing some shot to see what effect it would have on the Brig which Appeared to Answer Our most Sanguine Expectation.

The Indians in this time appeared very Eager for fighting, Set up the Indian Yell which was follow'd By many at the Different places, which no Doubt Occasioned the Enemy to suppose there were some Hundreds It appeared almost impossible to prevent some of the Indians from firing, one of them it was generely supposed Killed a man in a Boat at a great distance, who we Imagined was Going to Burn some Houses on the Opposite Shore.

But notwithstanding all this parade of these Invaders, the Haughty & warlike position, to the Great surprise and Astonishment of every one in Less than half an Hour after Coming to an Anchor, The Brig & Sloop Both Gote underway without firing a Gun towards the Houses & with the greatest precipitation possible having Eleven Boats towing, made down the River against the Tide of flood, giving Three Cheers as they went of, however, I thought this was only a finesse of theirs and it was strongly recommended to keep to the post only a scouting party to watch their motions till we know'd their real design after this Major Stillman was Detach'd with about Thirty men proceeding along the River side By Land and about Ten o'clock Came up with them, Here Major Stillman & party Display<sup>d</sup> the Soldiers. Being on a plain spot of Ground, Exposed to the whole fire of the Enemy & not more than 100 yards from their Cannon. But with Undoubted Courage Vigorously attacked the Enemy which evidently proved to Be effectual By the Consternation it put the Enemy in, for many in the Boats Called out they were not able to Gete on Board (when Ordered) By reason that some crews were all Killed or Wounded, several officers were named which suffered, one Lieu<sup>t</sup> Garden in perticular.

The Brig keep'd up all this time a Constant & heavy Fire of Langrage & Grape Shot, But notwithstanding our people were so exposed, By the Interposition of Divine providence, only one man was killed. She soon got aground But our people being much fatigued & ammunition spent they returned back, and at Day Light of the 15<sup>th</sup> Col<sup>o</sup> Foster with a Body of Men went Down and about Seven o'clock attacked them. The Boats Employed in Geteing out the Anchors & making preparation to Gate her of were forced to take shelter behind the Brig and only one Boat which was Barri-caded could Give her any assistance

At 10 o'clock Captain Smith with a number of white men and all the Indians got off in order to attack them on the other side of the River By which movements the Boats were forced to quit together. She having them gote of, so difficult was their situation that the Boats Crews Declared they could not row, in Auswer, the officers swore they would blow the first man's Brains out who dared to Come on Board. The Brig then struck Ground again, But our people keeping up such an Incessant fire they could not take the necessary precaution to Gate her of, By which she continued during that Tide. In this Action Capt. Farnsworth rec'd a wound on the head, but is in a fair way of recovery.

By the time the Militia were coming in very fast so as to enable us to Distribute further down the River to prevent Assistance from the Ships below, a small Cannon, was taken down and fixed opposite the stern of the Brig, and the Greatest part of the day a pretty Constant fire was keep'd up on Both sides. Several Balls went into the Stern of the Brig, which with the firing from the Quarter deck while aground must have Wrecked her very much.

Several Boats attempted to Gate up the River which were always drove back with a very Considerable Loss on their side — on the Tide of flood the Sloop stood up the River (as

was supposed ) to Succor the Brig & Gate her of, a party of our Men suddenly attacked them, many of the Enemy were seen to fall, with the greatest difficulty they Gote her Clear, a heavy rain Coming on, prevented our people from pursuing their Designs in stoping the Brig from Getting down the River. She soon floated and with the assistance of the Sloop & a small breeze of wind she made the Best of her way down, and on the morning of the 16<sup>th</sup> Came to altogather at Round Island — The past night they were seen getting Ballast on Board in the Greatest Haste and this morning on the Tide of Ebb all but one ship sets sail & Departed the Harbor.

I must Observe to the Hon<sup>ble</sup> Board that this Expedition of the Enemy & our situation at the time might occasion some reflection. It appears this matter was a plan of Dawson of the Brig Hope that he had rec'd Intelligence from time to time of the situation of this place and that the General Court would not allow anything for its Defence, till the Expedition now forming was Granted, which it appears by Certain Information, that he has rec'd Intelligence of the Backwardness of it, he has been seen cruising backwards and forwards for this some time past. He no doubt supposed from this that there was some Property Deposited here and not Strength to defend it, and his coming up in such a daring manner, would so intimatedate the Inhabitants that they would immediately give up.

As to the situation of the place it Cut a gloomy aspect the morning the Brig Came up, matters appeared Desperate on our side & a feint hope of saving the place from Destruction. The Enemy seemed Encouraged By our men Leaving the Battery below, which indeed was done from necessity. But all this turned out for our Great advantage for on the Brigs coming up & seeing such fortifications, which were never known of before, and our men posted in such a manner,

might very reasonably, Conjecture that our retreating, was to bring them in that Difficult Situation & Destroy them & supposing we had some Hundreds, By their returning in such an unprecedented manner — had we but two six pounders the Brig must have struck, which I think should have been sent when the Stores came down for things of this nature is always the means of an Enemy making desperate attempts, upon the whole we may be very thankful to Kind Providence that the place is so far preserved.

I cannot but highly applaud the Bravery of the whole of the Militia & the few troops Inlisted, have not heard the Least Complaint of any Backwardness after matters Came to Crisis.

And I have the pleasure to Inform the Hon<sup>ble</sup> Board that none Deserves Greater Applause than our Indian Friends, For the Diff<sup>t</sup> Officers at the Several attacks assured me that no persons Behaved more Gallantly, Exposing themselves openly to the fire of the Cannon & small arms, very Diff<sup>t</sup> then what has been Generely Practised by Indians. The same morning the Enemy arrived, I had a Conference with Six Deputys from Penobscot, we Exchanged pledges of friendship, Received the greatest satisfaction, and agreed with them to be at Penobscot in six weeks where I am to meet the S<sup>t</sup> Francis Indians & others from Canada. I Deliv<sup>d</sup> these six Guns, who immediately joined the others & Continued till the departure of the Ships when I Dismissed them with some presents.

My coming to Machias was a matter more of Necessity then Inclination as I was confident it would create a greater Expence, and the Indians continually Drunk & Quarreling But they being Destitute of every thing, I was forced to yield to the Intreaties of them & indeed it has proved to Great advantage. I am obliged to supply & find them very largely with Provisions & other things, and Employing them

in Going with Expresses etc., otherwise they would Certainly Go of & am afraid to Lett them out of my hands for the present for fear of joining or having some Correspondence with the Enemy. Still the Hon<sup>ble</sup> Board may fully rely & depend I shall use every Economy possible—indeed things are so Dear & Exhorbitant & the Indians Demands & Necessities so large that I am often at a stand what to do.

The Great Consumption of Provisions during this Siege obliges me to Press you the Hon<sup>ble</sup> Board to Consider the Situation of this Country in General as people have been so harrassed being forced from their harvest—peticularly I must press assistance to the Truck house, which I beg may be furnished with a quantity more of Corn & other provisions, Molasses, small wines, Cyder, also some more blankets, shouds, some pieces of fine Cloaths, Wampum & a Quantity of Ammunition & Some Good Guns.

The Indians have left some fine corn fields on St. Johns, which it is Probable is destroyed, if so the Indians will resent it greatly if not a certain supply Laid in for them. I have impowered Messrs Cross's of Newbury to procure those articles, to whom I send a schooner & Expect her back with all Expedition, those that Came with me bro<sup>t</sup> Considerable furs etc. which I presume Capt. Smith will send as soon as possible

I find our Nova Scotia Expedition goes on very slowly from the appearance of things. I shall not press that Matter at present but there is the Greatest Necessity of a speedy succour if it is Intended to keep these parts, there is every reason to suppose that the Enemy is Bent upon the Destruction of this place, and that they are now gone for a Reinforcement, which if the Case, I am very sure they must Carry the point. I hardly know what apology to make to the Indians if the Troops do not soon arrive, for by the Diff<sup>t</sup> News told them they are sanguine that St. John will be secured By the States.

Brigidier Warner not arriving has given me much trouble, I intended before now, Let the Consequence turned out as it would, to Endeavou'd to have been among the Micmaes who I find the British Government is tampering with, with all their might, and it is not Improbable but they may be seduced, for every shop in Halifax is open for them to Demand what they please. with pains & Difficulty did I Gain these of St. Johns & others with nothing, tho' Mr. Franchline the British Superentendent had every advantage of Power, force, money &c and indeed he may Gain the others were no body to oppose him.

My reason of detaining is for fear of my thawting the Intention of Government by going and also to be ready to Give my feeble advice in the Expedition. I perceive it is daily growing more precarious in Carrying on these things, and must be managed with much Delicacy and prudence

It gives me much pain to hear of the trouble the Hon<sup>ble</sup> Board has had with the affairs of Nova Scotia occasioned by the fluctuating minds of people — much party Spirit seems to reign. I have Endeavored all along to act upon that Rule which I Conscientiously thought would tend to the interest and Honour of the United States. The Happiness, welfare & Establishing Freedom in that Community whereof I was a member. But by Common fame it appears I am concerned in one of the partys which I have been an utter stranger to hitherto. My Intention being to pursue Every measure to defeat the diabolical plans of Britain, and to Endeavor with my weak ability to aid in Defending & Supporting the Independency of America, and as I would not have it suspected to do the Least action that might be thought to hurt any Intention of Government. I have come to a Determination not to act in any matter whatever as an inhabitant of Nova Scotia, but shall lay aside every Dispute & animosity which has been occasioned by any mal proceedings in that province, and

shall wholly devote my time & Talants to the Service of the States, and shall use every method & use every means to Exeunte such Orders & Intention of the States Consistent with such office I may hold.

The Small Vessell which I have with me Cannot Gate out, but hope the Ship below will soon retire when I will hurry her away with all Expedition. This Schooner w<sup>th</sup> another one I have should be glad may be Employ<sup>d</sup> in the Service if thought necessary, as they are well Calculated for such business, and are now Lying on great Expençe.

I have applied to Col<sup>o</sup> Eddy to Call a Court Martial to Inquire into the Conduct of officers and others in the Expedition to St. Johns but thinks he Cannot Legally Do it. It is absolutely necessary such things should be to keep matters in Order and to Give Satisfaction perticularly when there is suspicion of misconduct. there has been some affidavit taken Concerning Major Shaw which I presume will be Laid before the Hon<sup>ble</sup> Board, But as these Steps seem not to be through a proper Channell, Cannot Give any Judgment on the matter. I must therefore request of the Hon<sup>ble</sup> Board to Order a Court of Inquiry to Examine into that Expedition. these things being done at once will be a cheek to Designing & Dangerous men and if publick utillity in Gen<sup>el</sup> which I have often Experienced when with the Army.

The Truck House at St. Johns has been done with for some time. The furs and what was Left on hand I have received & hid them on the river St. Johns. Consequently Mr John Preble is not of any service in that Department. Mr. Preble often turns out as a Volunteer & seems of an Enterprising turn in military affairs, very forward upon every occasion, and from the knowledge I have of his hardships during the summer I must pray the Liberty & recommend him to the Hon<sup>ble</sup> Board for some Military Employment & Consistent with the publick Service.

I must pray then Intelligence Expecting my Proceedings may be Convey<sup>d</sup> to the Hon<sup>ble</sup> Congress. I have the Honour to be with the most Profound respect.

P. S. I have taken the Liberty to draw an order in favor of Messrs. Stephen & Ralph Cross of Newbury port on the Hon<sup>ble</sup> the President of the Council of this State for such monies as is Granted me for the use of the Indians in the Eastern Department. I am at a Loss to do it in such a manner as may appear Legal—my necessity I trust will apologise for any Defect in the Order

Some deserters coming in which belonged to the Hancock brought intelligence that the fleet &c. was composed of the Reinbow, Mairmaid, Vulture & Hope, which with the Marines were sent Back. The Enemy Lost in the Attack with Major Stillman, 30 men Killed—their whole Loss amounts which is spoken of among themselves publicly 100 Killed & wounded. I suppose not an action during the War Except Bunker Hill there was such a slaughter.

I have sent the Bearer to you with a Proposal which I hope you will think both just and requisite, and that accordingly you will Comply with it: as it will be a means of instantly alleviating the Hardships of Confinement and likewise in future serve many of your People that may fall into

our hands. I have on board His Majesty's Ship under my command four young men, Natives of Boston, Marblehead &c. that want to be at home with their friends. Now if you will exchange the Four men belonging to me (that some of your People surpriz'd, and took Prisoners at Cross Island, the day before yesterday, as they were innocently & without Suspicion of hurt to any one, filling some Water Casks) I will send you these four young men in Lieu. You may assure yourself I am upon Honour. Send me the Men either by themselves or with others, you may be assured no one of their Conductors shall be touch'd or offended. I would observe that when the Blonde was in the River, we could have burnt all the Dwelling Houses along Shore. But even that, or pillaging I dispis'd as it was only affecting a few poor people. This is mentioned to say something in favour of the four Men now in your hands. Their Loss to the Ship is not much (as they are all Land men) to themselves poor Fellows great, as missing the Ship now, they may never join her again.

This may Certifie That whereas it hath been Reported by Lieu<sup>t</sup> Andrew Gilman that the Indians told Him thare was a Number of Indians & Regulars Commanded by one Lonear and were on their March from Quebec to Penobscot or some of the Eastward Rivers which Report being made known to the Officers of the Guard on Penobscot River and the Officers of the upper Regiment of the Militia there they imediately

gave orders to their Respective Officers to raise the Militia which alarmed the Eastern Country & as I the Subscriber have for near twenty years past been Employed as an Interpreter to the Penobscot Indians was desired by the people to proceed up the River to know the Foundation for this, which I readily complied with & went up the River to Mr Coburns which is within Seven Miles of the Indian Town accompanied by Lieu<sup>t</sup> Gilman & Col<sup>n</sup> Brewer the Indian Chiefs were sent for there & we had a Conference with them there the Indians declared they never informed Lieu<sup>t</sup> Gilman or any other person more then this viz — That there was a Number of Regulars, Canadians, & Indians at Loik kekonouch Ales Shudear so called by the English & they likewise Says They never Knew that the said Party Had any Intention to come on the Eastern Settlements For the place where they Saw this party there has been a guard kept this two years past By the Regulars — And further Saith that from Penobscot falls Truck House I dispatched two Men to the Indian Chiefs to let them know I wanted to see them about an Hour after came an Express from Mr Coburns where the Guard was kept Saying the guard was fired upon by Indians: Says Col<sup>l</sup> Brewer what shall we do we cannot notifie the People by Sending to them we must Fire an Alarm I said would it not be better to suspend till we have heard further Then said Brewer to Col<sup>l</sup> Lowder what do you think of it. Lowder Replied, I think as Fletcher thinks I would suspend till I have heard further Col<sup>l</sup> Brewer said Would you Suspend now the Centry is fired upon — Fletcher said I would Suspend & proceed up here and know further about it, whereupon Col<sup>l</sup> Brewer Maj<sup>r</sup> Buck & a number of others went up in order to enquire concerning the alarm accordingly in the afternoon I arrived there accompanied with Eight English men on our way we met a man upon an Express & I asked him what News he said he was on an

here — & it seems probable he has no tho'ts of going off soon — he still acts as if he intends another quarrell with us. we hear that three continental frigates are at Portsmouth ready for sea — if they would come here immediately this ship would be an easy prey — she has but 334 men a fever & flux rages among them; if you would send an express to Portsm<sup>o</sup> — the Country would thank you — & if the ships come they might more then repair Marly's loss. To the Honorable Council, and Honourable House of Representatives of the State of the Massachusetts Bay:—

Humbly shews the Inhabitants of the County of Lincoln.—

That in the year 1775, the Provincial Congress of this State, established a Post for the said State, whose bounds were as

far east, as Georgetown, in the County aforesaid, which proved of great advantage to the said County: but after a while the Honorable Continental Congress, (having settled a Post Office in the United States,) or the Post master general would not allow the rider for the Eastern parts, to proceed further than Falmouth in the County of Cumberland.

Your Petitioners would further humbly represent, that before the commencement of the controversy with Great Britain, Your Petitioners (carrying on a considerable business coast-wise,) readily got their Letters, &c. conveyed to them by water, when the inconveniency of not having a Post further East than Falmouth was not felt.—but since the unnatural war begun by Great Britain, their trade, &c. by Water, has been almost wholly cut off; whereby your Petitioners have laboured under great disadvantages, and all most all orders, resolves, Proclamations, &c. of the Gouvernement, have not arrived 'till a considerable time after they were Promulgated, and which might have been productive of very bad consequences.

Your Petitioners would further humbly represent, that the Eastern parts of this State are now become an Object of importance to our Unnatural enemies, as appears by the frequent hostilities attempted on them of late.

Your Petitioners would humbly submit it to your Wise Consideration, whether All parts of the United States, ought not in this very critical time to have Posts for conveying intelligence to them, as the well being (perhaps,) of some of them, or parts of them, might depend on having the earliest intelligence conveyed to them.—

Your Petitioners would further represent to your Honors, that the County aforesaid, have always furnished their full quota of Men for the War, and have now a great proportion of their inhabitants in actual service: but from not having a Post as aforesaid, the conveyance of letters to their Families,

&c.—or from their Friends to them, is very precarious, and they often miscarry.

Your Petitioners would therefore pray your Honors, to grant them a Post, whose bounds shall extend at least as far as the East part of the Town of Thomastown in the County aforesaid, or otherwise relieve them, as to your Wisdom shall seem meet:— and Your petitioners as in duty bound will ever pray.

*Letter from Francis Shaw. Sept. 13, 1777.*

To the Hon<sup>ble</sup> Committee of both Houses, on the Memorial of Alex<sup>r</sup> Campbell & Fra<sup>s</sup> Shaw Jr— your Memorialists would propose for your Honors Consideration the Following for stationing a number of Soldiers within the bounds of the Sixth Regiment in the County of Lincoln —  
suppose that your Honors should order two hundred & fifty Men Exclusive of said Regiment to be station'd at Machias, as that appears to be the main Object of the Enemy at present,

with 3 or 5 p<sup>s</sup> of Cannon as your Honors may think proper — then, as the other parts are equally Exposed, (tho' not so much Noticed at present by the Enemy) should your Honors think fit to order one Fourth of said Regiment to be Drafted & put under pay they would not only serve as Guards for the Sea coast, which is equally necessary but be ready to march to the Assistance of any place, and the Remainder of Militia may be ready to take their Guards while absent, We beg leave to Informe your Honors that the Circumstances of the Regiment is Such that unless some are put in pay and provisions Deposited in proper places it will be Impossible for them to March Immediatly on Alarm — We would not presume to prescribe Rules to your Honors, but as we are particularly acquainted with the Situation of both the Country & Inhabitants, we Conclude that your Honors will not be offended at our taking the Liberty to propose the foregoing — We are with all due Respect & Esteem —

Friends &amp; Brethren —

We have been informd of your Valor & good Conduct in opposing the Enemy in the Attack they lately made on the settlement at Machias, and the Intelligence has afforded us much satisfaction — If our Enemies woud return home & leave us to enjoy our own habitations in peace, it woud be best for us and for them too — We have no desire to injure or molest them, and if they had the same disposition toward us all woud be well — They have begun & carried on a cruel & unjust War against us, without any provocation on our part, and so long as they continue it We are determined to oppose them, humbly trusting that the Great God whose Kingdom ruleth over all, and who will finally bring down every proud Oppressor will defeat all their wicked purposes against us —

We have the pleasure to inform you that our Troops under General Stark have gained a very signal Victory over the Enemy and another Division of their Army at Fort Stanwix has been made to fly before our people after suffering a very great loss The State of our Affairs both at the southward northw<sup>d</sup> is at this Time more agreeable and promising than it has been since the beginning of the War — We have sent sundry Stores to Col Allen so that he may be the better able to supply You with such things as you need and we shall endeavor for the future to afford you the best supplies in our power, hoping that the friendship which subsists between us will alway continue to our mutual comfort & Advantage —

To the Honourable the Great & General Court of the Massachusetts Bay

The Memorial of a party of Officers & Men of the third

Regiment of Militia in the county of Lincoln: Humbly sheweth

That the Militia in said Regiment being Situated in one of those Stations that are most especially expos'd to the violence of our unnatural enemies have been Subjected to peculiar hardships ever since the commencement of the present war; The frequent appearance of the enemies Ships at Townsend and elsewhere have call'd them out on alarm at the distance of Short intervals of time; The general Scarcity of bread & other stores has disabled many from carrying to the field with them the provisions necessary for their Subsistance while on the service & thereby others have been greatly oppressd both in labour & expence; and so long as the Legislators thinks proper to allow neither rations nor pay to the Melitia in such service this circumstance will necessarily fall as a heavier burthen on a country so exposed to danger & at the same time so far remote & so effectually excluded from its wonted resources of the necessities of life.

That these hardships however have grown into intolerable grievances in the present year; the removal of the Seacoast guards ( whose very name proved a terror to the enemy & a real defence to the country ) having effectually invited the descents of every wanton invader; their Frigates consequently made visits to expos'd places within the bounds of this regiment in the course of this summer, more frequently than they had thro' all the war besides; Townsend harbour having been visited twice by the Milford — once by the Ambuscade, & lately by the Rainbow & Hope which lay Eight days close up to the Town, Permaquid has also been visited by the Hope; & Sheepscut river by the Milford & the Rainbow:— all this having taken place in the season, added to the continual terror that obliges the people in the most expos'd parts to keep watch by night even when no enemy is to be seen, have greatly harris'd the Melitia of said regiment

& if continued Much longer, threatens to reduce them to extremity that must cut of the possibility of their serving their country, or providing Sustenance for themselves & their families; unless some means are speedily devis'd by our Government for their support or defence your memorialists see no alternative but to desert the country fall an easy prey into the hands of men whoes tenderest Mercies are cruelty therefore notwithstanding some repulses which their petitions have receivd from this Honourable court already when offer'd by committees and delegates chosen by them and the rest of the western parts of the country for that purpose: your Memorialists are of necessity obliged to Lay them selves at the feet of your Honours & earnestly intreat you no longer to be deaf to their Just complaints nor abandon this part of the State helpless unprotected orphan to the will of men that threaten ere-long either to make it all their own, or leave it in ruins; but take their case into your wise consideration & make some equal provision for the support and defence of this part of the State, as for the rest in Just proportion to danger that & importance that ( if not soon ) will surely be felt if it is lost — your Memorialists would further beg leave to subjoin that on the morning of wednesday the tenth of this instant at sunrise two armed boats belonging to the Rainbow man of war took possession of the mast ship Grual Comand by Joseph Procter with himself his mates Boates & two others with one piece of Cannon the said ship having part of her cargo on board — that the said Regiment being soon alarmed — Part thereof that lived most convenient were emediately muster'd and under the Command of their colonial attack'd the said ship, and about ten at Night of the same day after a hot fire of some considerable duration beat the enemy from their possessions, & took the vessel & cannon & the next day with the assistance of others who were flocking to their relief, oblig'd Sir George Collier to resign the

said prisoners with the Vessel he had seas'd — your Memorialists are not ignorant that part of said prize by the order of congress & the Laws of this state falls to the share of the recaptors — nor what measures they might pursue to realize the same; but from the sincerest disposition to promote the publick interest — they were not willing to delay the loading of said Ship untill the several steps in such a proces could be finishd and, therefore resolve not to Libel her in the Marritime Court untill they had first laid the matter before your Honors; & that this might be done in the most respectful manner possible — your Memorialist have prevail'd on their commanding officer to wait on the Honorable Court with this information; nothing doubting but that your Honours will be found readily disposd to make such satisfaction to them as to Justice shall appertain & humbly assuring you that any proposal befitting the Wisdom & Honour of the Honorable Court shall be chearfully complied with on the part of your Memorialists who, as in duty bound shall ever pray

To the Hon<sup>ble</sup> the Council & the Hon<sup>ble</sup> House of Representatives, for the State of Massachusetts Bay in New England in General Court Assembled —

May it Please your Honours — The Petition of the Committees of Safety, Correspondence and Inspection, for the severall Towns of Georgetown, Pownalborough, Edgecomb, Bristol, Boothbay, & Woolwich, in the County of Lincoln, in Behalf of the Town of Boothbay, and the Places adjacent, Humbly Shews —

That the Rainbow man of war, commanded by S<sup>r</sup> George Collier, together with severall other Arm'd Vessells lately Came into the Harbour of Boothbay, & took possession thereof, and while there Shipt and Carried off from severall of the Inhabitants of these parts, a Considerable Number of their Cattle, Sheep, swine & poultry, & other Necessaries,

and water'd their vessells and while they lay there, made prizes of & carried away a Number of Vessells belonging to these states, to the Number of Fifteen or twenty, they also while they lay there threatned the Inhabitants to return with Sufficient Force, & Conquer or Destroy all before them, thereby putting the Inhabitants in great Terror, we have also the Deposition of a Person on Oath, who was Captivated by them, that their intention was to return in about a Fortnight or three weeks, and sweep all before them, and as we doubt not their intention is to make the harbour of Boothbay a Place of Rendezvous for their Ships, not only the Town of Boothbay, but the whole Eastern County, & this State must suffer exceedingly, it is needless to mention every Particular as your Honours must be sensible of the Consequences, should they be suffered to obtain their Ends.

Your Petitioners therefore humbly Pray that your Honors would grant us some immediate relief in the Premises, by granting us six pieces of Cannon, Viz<sup>t</sup> two twelve pounders, two Nine pounders, and two six pounders, with a Sufficient Quantity of Ammunition &c for the same and that a Company of fifty men exclusive of Officers with one good engineer to manage the same may be Stationed at Boothbay for the Defence thereof, and the places adjacent, and that none of the Inhabitants of Boothbay may be included in said Company, and that said Company be paid and Victual'd by the State, Your Petitioners also pray, that if any of the Neighboring places should be invaded the Commanding Officer may have Liberty to remove such of the Cannon as may be thought proper heither for their Relief—and Your Petitioners as in Duty bound shall ever Pray, &c —

Sir

I wrote you of the 17<sup>th</sup> & 27<sup>th</sup> Ult<sup>mo</sup> the former By Col<sup>o</sup> Campbell the Latter by Maj<sup>r</sup> Newell, I hope the Hono<sup>ble</sup> Board has Seen the Contents since which I have had the Honour of Receiving Your Obliging & Kind favor of the 19<sup>th</sup> Ult<sup>o</sup> Advizing me of the Generous Resolve of the Hono<sup>ble</sup> Court in Ordering a Company of the Troops Lately Intended for Nova Scotia to be Stationed in this District & that in Consequence of Some Letters receiv'd from me, I Cannot but Acknowledge with Dutifull respect & Gratitude the Attention which the Hono<sup>ble</sup> Court is pleased to pay to the Indian Department & in perticular my Safety, was there no Other Motive to prompt me to a Vigilant Exertion in Discharging my duty to the States, their Acts of Kindness & Condesention must Impress Such a sense of Gratitude on my Mind as to stimulate, (if possible) a more Close attention to the business of my Department as well as Such Other Matters as fall in my way as the Interest of the United States may Require —

Since my Last Letter we have been Continually upon the Wing & harres'd by Diffrient Inteligence Respecting the Enemy — But upon the Whole we have receiv'd Authentic Acc<sup>ts</sup> of their Intentions, the Last Came by Docter Rice who

arrived yesterday from Cumberland with two young men Whome I sent. when at the River S<sup>t</sup> Johns — that Express Orders had Come from Lord & General How to Destroy the Settlements of Meehias, as its Lying so Adjacent to Nova Scotia which now was the Only Asylum for the Royalest, was Lyable to be distressd, as also it woud be of Service in Making an Inrode into the Eastern Country, Accordingly 5 Ships of War with 800 Regular Troops besides what Millitia Could be Rais<sup>d</sup> was Collected to Gether for the Expedition, But — Sir George Collier of the Rainbow thinking the Place Weak made the Attempt before the Whole force Came, with what Marines he had on Board Since their Defeat here, they gote all Collected together at S<sup>t</sup> Johns with flatt Bottom Boats to Attack at Diff<sup>t</sup> parts, so that we are in Daily Expectation of them, a Large Ship has Laid there some days at the mouth of the River, but so that Vessels pass in the night

the Militia has come in from diff<sup>t</sup> parts so that I imagine there is now about 350 Men including Indians, who have erected a number of Breast Works & Batterys, & every one seems Ditermind to Defend to the Last. But things Goes on very Irregular & Uncertain, Militia men very Discontented & the Troops which we have Latly Inlisted Being Under no Regular Command will not Obey. things Cannot be done with that presision regularity & Eonomy as is Required for the Interist of the States — for my own part I have taken upon me to Encourage the Defending this place, & promis many things that may be Disapprovd of. two hundred of our men under proper Order & Decepline, woud be of more service than 600 as they now are — I am sometimes afraid the Britons will Carry their point in Destroying the place if they do not take a stand — the Hon<sup>o</sup> Board will be the best Judges of the Consequence of this —

Expenses at present is Great & more so Because of not

having things upon a permanent footing — I am anxious still to Gete among the Micmaeks. Yet I Cannot think of Leaving this Distress'd place till I see the Event or Ordered Other ways

the Letter which Came to Colo<sup>l</sup> Eddy it being on Public service I recommended to Major Stillman to Open, where we found some Blank Commissions; had our Situation been more peaceble, I woud have advised them to be Immediately filld up. But the Appointing Such Officers as might be thought Necessary woud give Umbrage to others who might So Influence the men as to Occation disturbance which at present appears Our business to prevent. Besides it is thought requisite to delay filling them up at present, as the Orders Comes so Immediately to Colo<sup>l</sup> Eddy who had the Offer of the Command —

The Indians I still keep, & have Reason to believe no people will Defend the Libertys of America better—I have reciev<sup>d</sup> a Second Intiligence from the Mickmaeks with tokens of Friendship. They are also Assembled together waiting for a Conference with me Ditermining not to Give any Satisfaction till they See me should I be Ordered otherwise, I Expect a Body of them here —

The Penobscut Indians are Constantly here making heavy Complaint of Imposition & Extorsions, & Insists upon being Connected with the Other Tribes. Shoud the Honb<sup>le</sup> Court Authorise me I will give my attendance, as I have not a Commission immediatly from Congress Supposing at that time they were Under some other regulation with This State

I find there is a french merchant settled at the Head of Penobscut with a British Commission to Treat with the Indians he uses every Art & Mean to Turn them — they have had Many suplys, from him & I fear given much Inteligence from time to time —

We have reciev<sup>d</sup> Inteligence from Cumberland that Certain

Acets had Arrivd, boath publick as well as private from England that the Parliament of Brittain by the Clamor out of Doors where almost Eaqual in opposition. Threats hove out publickly, thro' the kingdom that a Revolt will take place — Gene<sup>l</sup> How sent positive Demands for 50,000 men with every thing Conformable or he must Give up the point In answer to which he was told he must do what he Coud with those he had, for men was not to be had & the Interposition of the French woud prevent any foreign Troops, that war was declar'd between the Turks & Russians, a French Ship of Sixteen guns was taken & Carried into Halifax they Treated the Cap<sup>n</sup> Very Harsh & Cruel, threatening to put him in Irons for Supplying the Rebels, he told them they might do as they pleas'd but that the French were ditermind to suply, and in a short time it was probable they woud See White Coulers off the Harbour no news papers permitted to go abroad but to perticular people Consequently none is brought,— the garrison at Cumberland is very weak. Gorham is to be brought to a Court Martial for being so favourable to the Famleys, he has Indeed acted the part of a Humane Good man 30 of the Militia every Week is Drove into the Garrison then does all the drugery of the Soldiers Petitions have been presented by the Yorekshire men & several officers to take all the Famelys into the Fort as Hostiges — but Goreham Treated it with that Contempt it Deserved the whole provience is in Confusion Trouble & Anguish no one dare speak the Name of their Dearest Relation —

my Own familey has by the assistance of Divine providence made out to Gete so farr. but her Treatment is Cruel & Severe foresaken By those who I Expected woud have helped her, for fear of being Ruined themselves, my proceedings in these parts has Brought on the Most Keenest resentment & Ditermind Vengence Against me Consiquently those Concernd with me is Treated with rigor & severity. I coud very

Easily have remov'd my family this sumer but the Necessity of my Close attention to the Business of the Indians prevented it — my mind at present has become burthend with Trouble about them, & I Cannot think of Leaving them there Another winter as they must perish I must pray the Hono<sup>ble</sup> Board will give me Liberty to allow me to Employ & send some persons to gete them away —

I must Once more pray the Hono<sup>ble</sup> Board to Give some attention to my two Last Letters & woud recommend (as a sincear Friend to the United States) that those parts be secured with the Utmost Expedition, & Defended from the Eneroachment of our Bloody Enemy, who has Declar'd their determination to Destroy man Woman & Child — I have the Honor to be with the most profound Respect

Your most Obedient much Obliged & Devoted servent

J Allan

Major Stillman has Just Acquainted me that there will be a necessity of Giving out the Commissions and of Holding Court Martial which is much wanting. shall advise him to Do it with the persons to be appointed

Mechias September 25<sup>th</sup> 1777

Sir

In Consequence of a Letter I received from Colonel Jonathen Lowther at Penobscut Last night, I am under the necessity to Trouble the Hon<sup>ble</sup> Board once more.

The Hon<sup>bl</sup> Board may remember that in my Letter of the 18<sup>th</sup> of June from S<sup>t</sup> Johns, I acquainted them of my having Entered into an agreement of Trade, with the Marisheete, Madawasqua, Medoctic & Passamaquady Tribes, with several Reasons for doing it in such a manner.

The Penobscut Tribe was not mentioned in my Commission, as I utterly refused it at Congress, supposing at that time, as it was so in the heart of the Country, that it was under the immediate Jurisdiction of the Gen<sup>l</sup> Court of this State, and they having such an Intercourse with the Inhabitants, I presumed that things were Carry'd on Reciprocaly, for the Interest of the States, as well as the Indians, therefore did not for sometime make any perticular Inquiry about them

Since my return from S<sup>t</sup> Johns I have had several Conferences with the Penobscut Indians, one in perticular where we Exchanged several strings of Wampum, where I perceived

from what they said and other Authentic Accounts, that some of the most Diabolical proceedings had been Carry'd on, on that River, Great Embezzlements of Public Moneys, as well as Imposing on the Indians; which with the Close attention Mou<sup>r</sup> Lunnei the British agent on the head of the River gave to his business, I saw the Body must be soon drawn of —

I used every Encouragement possible, and presum'd to Agree with them on the same futing, as I did with the other Tribes, which they immediately published on their Return to Penobscut, which seems to Occation some stirr, M<sup>r</sup> Lowther writes the difficulty he is under by purchasing goods so dear

When I undertook the business, I supposed every Truck-house was properly furnished, & where there Could be none & Indians settled, I Endeavour'd To Encourage the Indians to go where there was —

The Ad and Insinuations used by the Britains, requires us to use every mean possible to keep them, and am Conscious that notwithstanding the great outsets — that if Ecconemy & Care is used, and persons not too much bent upon Private profite, that the prises stated, with the high prises of Furrs on the Continent, will fully answer, or very Little short, Excepting where the Indians Gives their Close attendance to the service, which is the Case at present here — 35 familys are Encamped about 12 Miles of — the men keep Continually on duty for the Defence of this place, the familys no way to Subsist as the English — Consequently they must be at a far greater Expence, then when keep'd only a hunting —

I have wrote M<sup>r</sup> Lowther on the matter & Recommended to procure necessarys upon such a futing as to do them Justice & procure & keep their friendship, and if not Countermanded before, I shoud be at Penobscut to have a Conference & settle the Diff<sup>t</sup> matters

By the Latter End of October, I doubt not but he will

Lay a satesfactory Acct of things before the Hon<sup>ble</sup> Board, to Enable him to procure what will be necessary — Permit me again to Renew my solicitations, Earnestly requesting the Candid Oppinion & Advice of the Hon<sup>ble</sup> Board how they would have the Indians fixed & settled & wether it is Agreeable to keep them in the service, or take them up in the Lakes, for the great Expence arising is a perpetual Trouble to me — tho I know the fatal Consequences if they are let Go —

I Gratefully acknowledge the Hon<sup>ble</sup> Courts Kindness in Passing a Resolve with respect of Debarring people from selling Liquor to the Indians, it has Answer'd the End in some degree, tho' not sufficiently —

I must further Request that an Act may pass to prevent any person whatever ( Truck Houses Excepted ) from Trading any way whatever, under a greater penalty than what is fixed, pointing out the methods of prosecution, for I find the Indians daily selling property, which they have got from the Truck house, which keeps them daily demanding —

The detaining people from Trading with them will be of further service to the Inhabitants of this Eastern Country — for the Little petty Traders which Come along shore ( I may say with propriety Pilfering ) will not Dispose of the Neccessarys of Life, which is much wanted by the Inhabitants for paper Money. Because they Expect hard Money & furs from the Indians By which, I have perceiv'd many in the greatest Distress.

The Enemy has not been with us yet, Are in hourly Expectations, and indeed if Coming this fall, I heartily wish it speedily, for in a few days our whole militia I Expect will leave us, to which time I fear Our Enemys are posponing their Bloody Intentions, to take us at a Disadvantage.

I wrote the 22<sup>d</sup> Ins<sup>t</sup> and sent it a few days ago, which I Expect will be Deliv<sup>d</sup> with this —

I am in Truth & sincerity with the greatest duty &  
Respect Your Honours most Ob<sup>d</sup> & very hbl serv<sup>t</sup>

That whereas your Petitioner hath observed in Said Province many of the American Prisoners Cruelly Used and living in that part of the Province where Many of them of Course would come who made their Escape: and neglecting to apprehend them and send them back to confinement: (as Required being a Magistrate) which he would not do out of Humanity to his Countrymen: & consistant with his private Opinion of the Dispute Between Britain and America: & by assisting some to make their Escape: and Writing to some of his Friends for those above and some other things too Tedious to mention: he gave offence to the King's government and was Obliged to leave his Family & Escape into this State for the Safety of his Person: & to a great loss in his Prosperity

Therefore your Petition<sup>r</sup> Humbly prayeth that your Hon<sup>rs</sup> would be pleased to grant him a piece of Vacant Land to the

Quantity of two Hundred Acres near the Township of Camden between Penobscot Hills: where he might make a place of Retreat for himself & Family & be able to Support them & not be Burdensome to the State of which he would be a Member —

and whereas he hath Engaged a Vessel to bring his Family out of that Province; therefore in behalf of himself & Noah Miller & Family in like circumstances he would humbly pray your Hon<sup>rs</sup> would grant a pass to the said Vessel

Sir,

Being Necessiated to send an Express Westward suddenly, Gives me Just time to inform the Honble Board, that I, had the Honour of receiving their Esteemed & respectable favours of the 18<sup>th</sup> & 19<sup>th</sup> Ult<sup>o</sup> the former of which covering a Resolve of the General Court & a Number of blank Commissions,—

To Vessels has arrived with a Number of Artieles, having Two Nine Pounders & one four with appertinances Conforming Agreeable to the Resolve,—

We have at present but very few men, which gives me much Concern when I Consider the large Property Deposited here, for fear the Enemy shoud suddenly pop in and Distroy it, I should have thought it absolutly Necessary, that fifty men at least, shoud have been sent to Escort, however every Precaution shall be used to prevent a surprise, tho' from the Intilligence I gete I am in some hopes the Enemy are Frightened for the present from persuing their intended plan, I Believe they have left S<sup>t</sup> John's,—

Lieut. Col. Nevers has not yet arrived, nor have I received any Intilligence from him, I doubt whether he will raise his men before the time is out Indeed shoud I receive favourable acc<sup>ts</sup> by some persons I Expect soon, I think it will be As well

to lessen the Number, as such great Expence will be Needless, if the Enemy have thrown up the Matter, but will Be thoroughly Convinced before I even hint such a thing this way,—

It will be Necessary to have a small fortress, for the security of the Cannon, if no other service now,— for they being so heavy & the Country so uneven & no roads, that an open Breastwork or Battery, people being liable to retreat, in such places, must Consiquently Loose the guns,—

I have summonsed the principle Officers of the Melitia, & the Committe to meete to morrow, to lay before them my Intention, of Errecting a small Fortress, on an Eminance above the former Battery, which Commands both Rivers,— for their approbation, at the same time I shall Demand a Number of the Inhabitants, to assist at the Business,—

I Cannot but think it is requeset, that some few shoud be Continued in the service as Artillery men, for the care of & Manageing the Guns, I have Inlisted Twelve, for that End, woud chuse to have it made up to Twenty, Indeed a Company must be kept if Possible, for the Care of such matters as may be Done Now, I am fully Convinced that if the visit is laid aside this fall, we shall have them very early in the spring,—

The Indians I keep but a few here, have sent them up the River a hunting, shoud we have no alteration soon I shall not Embody many as they will be very Expensive soldiers, they are much elated at the News, & the Notice taken of them, and perticularly are much rejoiced at my appointment having told them it was Occationed By my Continuation with them,—

The Indigent state of this Country Occationed somewhat by the movements this summer, opens to View, Missery to a great Degree, Perticularly that of Cloathing, many in the service are in such a Situation as Gives me Pain to Com-

mand them to Duty,— I have taken upon me to Draw from the Truck House a few pieces of strauds &c to Distrebut among some whose Lives are in Danger to stand Centry at Night,—

Coud there be a possibility of procuring a few pieces of Cloth for this service towards their wages,— it woud be a great Comfort to the Unhappy people & advantage to the service.—

Cap<sup>t</sup> A. Green Crabtree ( whome I have now Discharged ) During his Cruise of this & Passamaquody, took one John Long, who lives here, had been taken by the Enemy at Passamaquody, some time ago, He was going with an Express to Anapolis, from Cap<sup>t</sup> Tetters of the Vulture, when he was taken, the Perticulars of which, with his Examination, I here Inclose for the Honble boards Perusal,—

Since my Command I have forbid any Connection with Passamequody,— the Inhabitants I have Charged not to come, without they move their familys & become residents here, otherwise I shall make them prisoners A Great Deal of Mischief is Carryed on this way, & perticular Intilligence are Generally sent to the Enemy, of the situation of these parts, and such a property as is here woud be a GreatInducement to many Villians, to attempt the Destruction of it,—

I Cannot neglect this opportunity to acquaint the Honble Board of my supprise, on finding myself so highly Honourd, by being appointed to the Command in this District,— my Unexperiance in the practicle part, of the Service, with other foibles & Impediments, often Occations fears, that I shall Loose that friendship, which I have been so favored with sience my Being in the United states,—

It may reasonably be thought vain & flattery in me to Excuse myself from this Promotion, But I Except it from no other motive & principle But Gratitude, & Duty, I owe to perform, what is in my Power for this Bleeding Country,—

The Honour Conferd, with the Generous Assistance, sent to Enable to Discharge the great Trust & Confidence reposed in me, is far Beyond what I merited for past Conduct, or any thing I am able to Do,—

I have the Honour to be with Profound Duty & Respect,  
Your Honours most obedient and Devoted Hble Serv<sup>t</sup>

To the Great and General Court of the Massachusetts Bay  
in New England Humbly Sheweth,

That your Distressed Humble Petitioner, Clark Linniken, lived upon Townsend Neck within the Town of Boothbay which Runs about three miles into the Sea, and a little without Boothbay or Townsend Harbor where the men of War went into and lay about the beginning of September 1777 — and where is an Island about three Quarters of a mile from said Neck called Fishermans Island, where another Man of War came and where I was afishing a little therefrom in my Cannoo and the Man of War's Boat came & took me and Carried me aboard and threatened to Keep me &c — at length, they offered to let me go, if I would fetch them some Turnips & other Vegetables &c, upon which I promised to do, they asked me what Cattle I had, I told them that I had a pair of three Years Old Steers, but I could not part with them for it was all I had to do my work with, and that I was a poor man &c, they asked me what they was worth, I told them that they was worth Fifty Dollars. I went a Shore and they followed me with two Boats and part of them, came to my House and Said they must have my Cattle, & that they would give me Forty dollars and I should have the

Hides and Ruff Tallow and that would purchase another pair; I being in their Power & no body to assist me, and being taken by them, I was afraid to Contradict or oppose them in any Degree for fear they would Carry me away & Strip my Family of every thing. I went with them to the Shore and they Killed my Steers and picked the Ruff Tallow, which they gave me and the Hides — & they carried the meat away and said they would send me the pay as they proposed but never paid me one farthing for the Meat, and all I had was the Hides — & a few pounds of Ruff Tallow. They, the man of Warr's Men — went on Fisherman's Island & took the Sheep from thence and Some Hay and I heard that they paid the man that lived on said Island Viz Mr — Roberson for part, & then took the rest without pay which was hard on him as well as me, but both of us was in their Power and none could help us — Then on the fourth or 5<sup>th</sup> day of September 1777 — I was taken by a Warrant from W<sup>m</sup> McCobb for Trading with the Men of War. And on the 6<sup>th</sup> of September 1777 — I was Committed to Pownalboro Goal, and my Wife a very weakly Woman and four small children left to save & get what we had on & in the Ground for the Winter, and they depended much on the Fish I ketched in my Cannoo for the Support of my Family — for we had but little Bread or Meat and often without any —

And by the Construction of the Law, as the Justice Says I cant be admitted to Bail. I am a Very Poor man and have a poor distressed Family & my Wife very weak and they want my Help very much for their Support, and to lay Here in Goal Confined upon charge for a Cold & Tedious winter is Cruel & Hard which I never can pay — & the Charge of the Justice &c, for Carrying me to Goal is £3. 19.. 6 lawful money — & to lay here in Goal all winter & till Next June for doing that which I could not help nor no other man if in

such a situation as I was, I never did any thing against Law or against the Country, but am willing to submit too & Keep all the Laws that shall come to my Knowledge. I therefore most Humbly Pray your Honors to take me, and my distressed Family's Circumstances into your Wise Consideration and Release me from my great Distress and Confinement and Charges, and as in Duty Bound I shall ever pray —

Your Petitioners immediately withdrew and never attended their meetings afterwards. On the 28<sup>th</sup> of March 1776, The Congregationalists in the West Preceint (being not more than Eight or Nine in Number that met) and Voted to Raise the Sum of £30 to hire — preaching in the year 1776, which they never did, except a transient Person now and then a day. That the Assessors assessed your Petitioners by virtue of an Act of the 16<sup>th</sup> of George the Second. They further Represent that the Collectors Viz: Samuel Emerson, & John Elbridge have taken every advantage (and of some of those Persons who were Germans, and did not understand the Law in the English Language) to distress them as well as others by giving them

Notice to pay the Ministerial Tax and then distraining. They further declare that by their being thus assessed by the minority of the Parish they are drove to great Streights, and must soon be ruined, as the minority under colour of law were determined to drive them to the last extremity. We further beg leave to Represent, that when the Act of 16<sup>th</sup> of George the Second was made, it was not Supposed that such a case could happen, when 7, 8 or 9 Congregationlists should Vote away not only their own money but also the money of about thirty Episcopalians, and that to without and against their consent. We further declare that tho' the money taken from us is by a Law to be paid to our Pastor, whom we Support & who will we make no doubt returne it to us again, yet it subjects us to be distrained upon, which is now our case & also make us pay for the taking our own money out of our own Pockets against our Consent to be put in again after the collectors and Treasurer have improved it for a long Time, before it can be got from them, which must be and is a great Trouble & cost to us as We may be obliged to go thro' a law suit to get it again. We further think that the Law aforementioned was designed to prevent Persons, from pretending to be of a Religion they were not of merely to get rid of paying Taxes. We further declare that it is the unalienable right of mankind to worship the Supreme being according to the dictates of a Well informed Conscience, that no man can dispose of his Religion and much less can any person take it from him — That every Species of Taxing that takes away a man's Interest and at the same Time debars him from assenting or dissenting because of his Religious principles is persecutions and tends to force him to give up what the God of Nature never gave him a right to dispose of, the right of private Judgement, in matters of Religion, at a time when the Continent is contending for civil and religious Liberty. We are Sorry to

have the Occasions of Petitioning the Hon<sup>ble</sup> Court upon so disagreeable a Subject as persecuting Persons who came from Germany upon the Faith of the Government of the Mass<sup>a</sup> Bay, that they should enjoy their Religious Principles, But the matter is of such consequence to us that our all is depending as the Collectors distrain and Sell our Goods at half price & make us pay the Costs. We therefore humbly pray that the Hon<sup>ble</sup> Court would take the matter into consideration & pass an Act that all Episcopalians who pay a minister may be freed from being assessed or Taxed in any parish for ministerial Rates, and that the collectors be ordered to returne all the moneys so distrained & Received from us the respective Persons, from whom he took them with the charges & Damages or otherwise Give us such relief as the Court in their Wisdom shall think proper & as in duty bound shall ever pray.

To the honorable Council and the Hon. House of Representatives of the State of Massachusetts Bay

Humbly Sheweth William Gardner of Gardnerston in the County of Lincoln, that your Petitioner at a Court of Special Sessions of the Peace held at Pownalborough in the County afore sd on the 16<sup>th</sup> Day of September last was tried and found guilty of counteracting the united Struggles of the States of America, and of being so inimically disposed towards the States that his future Residence therein would be dangerous to the publick Peace & Safety, and in Consequence thereof is sent to the Board of War by them to be confined in a Guard Ship; from which Sentence, as there is no Appeal from s<sup>d</sup> Court, your Petitioner prays to be relieved by this honorable Court for the Reasons following, viz

1. The Persons who carried on the Prosecution against your Petitioner were actuated by private Pique & Revenge on account of an old Grudge, which had long subsisted between them, & that he was condemned for speaking against the conduct of certain individuals and not against the Justice of the Cause in which we are engaged.

2<sup>ly</sup> The Jurors for the Trial afore s<sup>d</sup> were not chosen in the Manner petit Jurors for the superior Court are chosen, & drawn from the same Box, as by Law they ought to have been but the Manner of choosing them & the Proceedings of the Court were intirely irregular and against Law.

3<sup>ly</sup> Your Petitioner was unacquainted with the Law by which he was condemned, and could not procure an Attorney to speak for him — he had engaged an Attorney to conduct his Business at s<sup>d</sup> Trial, but the Evening before the Trial was to come on, he declared that he was afraid of future Consequences, which would attend his speaking in said Cause, and refused to fulfil his Engagement. All which your Petitioner would be able to verify, if this honorable Court would enable him to procure his Witnesses. He has petitioned the gen-

eral Court for the Purpose afore<sup>sd</sup>, and the s<sup>d</sup> Court chose a Committee to examine the Matter & tho' the Facts alledged in this Petition appeared to them to be true; yet by Reason of your Petitioner's not having his Witnesses present, nor Deposition regularly taken, the s<sup>d</sup> Committee did not think proper to order a new Trial. Your Petitioner therefore humbly prays this honorable Court to permit him (he giving Security to the Board of War) to return Home, and procure such Depositions as shall be necessary to prove the Facts afore s<sup>d</sup>, and authorise some Justice of the Peace to take them and grant your Petitioner a legal & impartial Trial. And as in Duty bound will ever pray

But he still refused, and said he would do no business out of his own house, tho at y<sup>e</sup> same time he swore some evidences for Col<sup>o</sup> Goldthwait &c &c. Mr. Wheeler replied, The evidences would be scattered, living at a distance, & some of them was going to the Westward, & therefore there was special meeting to sware them, but he refused to sware them. We the subscriber Certify, and offer to give oath to the following. That when Col<sup>o</sup> Brewer came from the West with stores, for the use of the Distressed People of Penobscot, which was sent to their relief by the Massachusetts Bay State. It was moved in the Meeting by the Moderator, That People which received the stores, Should pay in boards at the rate of Eleven hundred for a thousand. Hogshead staves in the same manner &c. Which was to be delivered either to Lt Col<sup>o</sup> Lowder, or Cap<sup>t</sup> Grant, and when they made the pay to them, their order would be sufficient for the delivery of the stores. This vote pas'd in the affirmative in the Meeting, because of the necessity of the people for the Provisions, which could not be procured on any other conditions; to which vote as it stands related, neither Colonel Brewer, nor Lt Col<sup>o</sup> Lowder made no objection. To the Hon<sup>ble</sup> Council and House of Representatives of the State of the Massachusetts Bay, in their Convention at Boston &. &. &.

The humble Petition of that Part of the Inhabitants of Penobscot River, embodied in a Regiment of Militia, whereof Josiah Brewer Esq<sup>r</sup> is Colonel.

Which Craves leave humbly to shew, That the commons of the said Regiment, was never consulted, neither were knowing, neither approved of the divission of the Ancient regiment of Militia in this place: and did not so much as suspect, that any person or persons were studious in planning the s<sup>d</sup> divission, as hath taken place, where there are so small a number and so poor a people: neither were we let into the secret; our advice, & consent asked, which we expected in a matter of such importance: neither were we notified to make choice of such Gentlemen, whom we apprehend would have prosecuted the General tranquillity of the good, and faithful inhabitants of this river; by reason of which divers grievances hath been produced to the detriment and discouragement of the inhabitants here.

Therefore for present Redress, and for the Prevention of future evils, We the Inhabitants of this River, embodied in a Reg<sup>t</sup> of Militia under the command of Josiah Brewer afores<sup>d</sup>, Request that Your Honours, from your known goodness, will return us to, and incorporate us with the Ancient Regiment, of which Jonathan Buck Esq<sup>r</sup> is Colonol. It was never agreeable to us, since his Appointment, to be seperated from him, under whose complaisent government, we have all possible assurance of unity and amity, which greatly promotes the happiness, and prosperity of such a people, that we are blessed with such affable, and laudable examples, & promoters of the good of all people for whom they are concerned, and with whom they are connected, and we are the more intence, & engaged in the above request; as we acertaind of his zeal, and Faithfulness to preserve and defend the States, without oppressing those whom he commands.

We crave leave to show, that One Regiment is sufficient for this place, and a multitude of officers, lessens the number of privates; so that there not being sufficient commands here for all of them, they can with honour refuse exposing them-

selves in case of danger; by which means, such can avoid the inconveniences, and dangers of the war; which is injurious to the United States of all North America.

Your Honours petitioners present & submits their above request, hoping you will grant their request, and as in Duty bound, shall ever pray

*Jedidiah Preble's Evidence.*

The Deposition of Jedidiah Preble Jun<sup>r</sup> of Lawful age testifieth & saith, That some time in September Last the Deponent went in Company with L<sup>t</sup> Col<sup>o</sup> Lowder in the Province boat, with a number of Soldiers, to Guard one Patrick Bow, who was then a prisoner, on Board said Boat, for being Detected for stealing a Quantity of Beaver out of the Truck House, and sundry merchandise: Col<sup>o</sup> Lowder delivered said prisoner over to Josiah Brewer Esq<sup>r</sup>, together with a Complaint of his Crime, in order for Trial (as I thought) M<sup>r</sup> Justice Brewer reading the Complaint, He observes to the Deponent, That in case he should proceed to the Trial, He, and Col<sup>o</sup> Lowder, would Loose a Considerable Sum of Money: for he would not try the said Prisoner, but must Bind him over to the Sessions and then he would only be punished according to Law. He considers or pauses, a little time, and then saith to the Deponent, and asked me, Have you not got Orders to Inlist men into the Continental Service from Lieut Ulmore? The Deponent told him he had, But did not think Lieut Ulmore would be willing to Inlist so bad a fellow into the service. M<sup>r</sup> Justice Brewer answered, He made no doubt he would receive him. M<sup>r</sup> Justice then proceeded to Settle the Affair with the Prisoner, in manner following viz. Cast up the Articles he Stole, which (I think)

amounted to Fifteen pounds Twelve shillings & Four pence. He then added Three times that sum, which amounted to Sixty Two Pounds, Nine shillings & Four pence; and then told the prisoner If he would pay that sum of Money, He should be discharged. The Prisoner told him He was willing to do anything he desired to procure his liberty. Col<sup>o</sup> Brewer Esq<sup>r</sup> Replyed, If he would sign the Deponents Inlistment, and Give Him an Order upon Lieu<sup>t</sup> Ulmore for his Bounty to the amount of that Sum; and Give his Note of Hand for the Same sum; he should be discharged from his Accusation. All which the Prisoner readily complied with, & it was Settled in this Manner in the Deponent's Presence; the prisoner was accordingly set at liberty. Colonol Brewer Esq<sup>r</sup> said to me before he finished this affair, as followeth viz. You know, if I settle the affair, without Committing the Prisoner to Gail, It will be a considerable advantage to me and Col<sup>o</sup> Lowder, which the Deponent understood, would be equally divided between them, as They were in partnership respecting the Truck trade. The Deponent further saith, That this Patrick Bow, Deserted from the Regulars to our Assistance (as he understood), and Inlisted into the Guard at Penobscot under Col<sup>o</sup> Brewer afores<sup>d</sup>, and was a soldier in the said Guard at the time he was made prisoner.— And further saith not

Charles Blagdon the Deponent testifieth and saith, That I and my family was in great distress for bread, and I went to Col<sup>o</sup> Josiah Brewer to procure some of the Province Corn, Salt, & molassoes, and took a large, good, bull Moose skin with me, to purchase these stores with, But Col<sup>o</sup> Brewer would give me no more than five peck of Indian corn; and by reason of my pressing famishing necessity, I was con-

strained to let the s<sup>d</sup> skin go for so small a purchase; and I never received any other of the stores of Col<sup>o</sup> Brewer, which belonged to the Province, thô I certified my necessity to him, and he said, he would not take lumber for them, & therefore received no more of the stores, which I aver is the truth, as witness my hand at Penobscot this 8th day of November 1777.

Simeon Gorton of lawful age testifieth & saith, That he was in necessity of corn & salt & molasses, applied to M<sup>r</sup> Benj. Wheeler of Penobscot for relief, who told him he had not wherewith to supply his necessity. But pausing a little time said, As your circumstances are difficult, I will give you an order, & money, & go to Col<sup>o</sup> Brewer, & take my part of the stores, y<sup>e</sup> Province sent down for the Relief of y<sup>e</sup> people &c &c. I took the Order from under his hand, with the money, & went to Col<sup>o</sup> Brewer, delivering y<sup>e</sup> Order to him, & offering him y<sup>e</sup> money for the stores, Col<sup>o</sup> Brewer reading y<sup>e</sup> Order Refused it for the following reason viz. because it should have said, The stores sent to Penobscot by y<sup>e</sup> Massachusetts Bay State, & he gave me y<sup>e</sup> order again.— I then immediately returned y<sup>e</sup> Order to M<sup>r</sup> Wheeler aforesaid, who wrote me a substitute one, I went back to Col<sup>o</sup> Brewer y<sup>e</sup> second time for y<sup>e</sup> stores, But he reading y<sup>e</sup> Order as before had no Objection against it; but replied, Your family is but small, & I will not deliver them to you, others have more need of them, & they shall have them, & gave me y<sup>e</sup> order, saying, You should have brought a receipt with you to deliver to me on receiving y<sup>e</sup> stores; for which reason I will not let you have them. I answered, There is y<sup>e</sup> Order, & I will sign a receipt for them consonant with y<sup>e</sup> Order, & that was sufficient to justify his delivering them to me But he utterly

refused y<sup>e</sup> delivery of y<sup>e</sup> said stores, or any part of them to me. Upon which I tendered him the money for the stores, which he also refused. Upon which I came away without any part of them, after I had spent more time than to have purchased an equal quantity if they were to be procured anywhere else. Joshua Ayr of Lawful age testifieth & saith, that some time in last May (according to my memory) the Deponant applied to L<sup>t</sup> Col<sup>o</sup> Jon<sup>a</sup> Lowder for his proportion of Corn, Salt & Mollasoes, sent by y<sup>e</sup> State of y<sup>e</sup> Massachusetts Bay; for the Support of y<sup>e</sup> distressed people of Penobscot. He answered me & said I staid too long, & should have none: for it was gone, & he was not obliged to keep it for me. The Deponant said, he could not come for it before he had the money to pay for it, & that he now had Silver money to pay for it, & requested the Corn, Salt, & Molassoes, as he had y<sup>e</sup> silver to pay for them. Upon which he said, what stores he had, he purchased with his money, & the Province Corn, Salt, & Molassoes was gone, adding the Deponant should have come sooner, Upon which I replied, He refused to deliver them to me before I had the money to pay for them, and as soon as I could collect the money to pay for them, I applied for them. Upon which the Deponant went off. Col<sup>o</sup> Lowder sent L<sup>t</sup> Andrew Gillman after me, who brought me back to Col<sup>o</sup> Lowder, & he delivered six quarts to a person, & as I had ten in family he delivered me Sixty Quarts, for which I paid him; but refused to let me have Corn or Molassoes; of which Species I never received the least particle. The deponent asked Col<sup>o</sup> Lowder, whether y<sup>e</sup> Court or he set a price upon y<sup>e</sup> salt? He said, Twenty four shillings old tenor was all I should pay for it, and said he had been a benefit to the river in fetchling stores into the

River; but he never would again further than his own interest: Gods me; if I do I'll be dam-d, and be made a stew-pye in hell. Lt Col<sup>o</sup> said not [ long ] after, That he did not value y<sup>e</sup> hurt all y<sup>e</sup> people of the River could do him, but would do that which is right in his own eyes, but said this respecting the false alarm, Reported from Oldtown by Lieu<sup>t</sup> Gillman, & Ensign Coburn which first alarmed y<sup>e</sup> River, further the Deponent saith not, but avouches the truth of the above, In witness whereof y<sup>e</sup> Deponant signs his hand at Penobscot November the 12, 1777—

Nathanael Mahew of lawful age testifieth & saith, that he received Two Bushells of Indian Corn of the State stores of Col<sup>o</sup> Josiah Brewer viz. One Bushell for himself, & another for the Widow Rose, and dividing said Corn between them at home, it fell short One peck of corn of y<sup>e</sup> measure, & y<sup>e</sup> Deponant saith none of y<sup>e</sup> said Corn was taken out of y<sup>e</sup> bag, or otherwise wasted, for which he paid y<sup>e</sup> money. & y<sup>e</sup> Deponant solemnly avoweth y<sup>e</sup> truth of y<sup>e</sup> above, as witness my hand at Penobscot November y<sup>e</sup> 12. 1777.

*Gustavus Swan's Evidence.*

Gustavus Swan of lawful age testifieth & saith, That he was drafted for a minute man and Col<sup>o</sup> Brewer not long after came from Boston, & brought with him a quantity of powder, sent by the Massachusetts Bay State, to supply his Regiment, Upon which I applied to Col<sup>o</sup> Brewer afores<sup>d</sup> for my proportion of y<sup>e</sup> Powder. But he refused to let me have any of the s<sup>d</sup> powder, unless I would give him my note for Two dollars for one half a pound of Powder. Which I refused to do. And so left him. I remained without any of that pow-

der until the generally conceived false alarm, at Ensign Coburns up the River: before w<sup>ch</sup> alarm there was a meeting here, & a petition was sent up to y<sup>e</sup> General Court by M<sup>r</sup> Elihu Hews, w<sup>ch</sup> he did not present, After which petition, & false Alarm Cap<sup>t</sup> Grants company was called together, to appoint an alarm post, & deliver us powder. Then Col<sup>o</sup> Brewer told Cap<sup>t</sup> Grant to deliver the men half a pound of powder a man, & either take half a dollar in money, or a note of hand for that sum of such persons that received the powder of him. The Deponant further saith, that M<sup>r</sup> Andrew Paterson, went with him in the same cannooc, to Col<sup>o</sup> Brewer, when he first applied to him for powder, but Col<sup>o</sup> Brewer demanding a Note of hand for Two Dollars for half a pound of powder of him, as he did of me, he refused the powder, as I had done, and we went off together. The truth of y<sup>e</sup> above I aver as on oath, November the 16. 1777.

*Gustavus Swan's Evidence.*

Gustavus Swan the Deponant of lawful age testifieth & saith, That Captain Jedidiah Preble came from Boston with sundry articles belonging to the Massachusetts Bay State (as I understood) to supply the Indians at Penobscot, for furs, & skins &c &c.— In the beginning of the winter of y<sup>e</sup> year 1775: the river being rose & impassible from Captain Grants at Sowerdebscott upward, The goods was housed, or stored in a house belonging to Thomas Goldthwait Jun<sup>r</sup> where Cap<sup>t</sup> Preble tarried several days to take care of the goods he had brought down. L<sup>t</sup> Col<sup>o</sup> Jonathan Lowder came down and relieved him, whilst he went up the River to procure carriages to transport them by land to the truck House.

\* Cap<sup>t</sup> Preble removed the goods as soon as he possibly could with safety: But I understood, that Cap<sup>t</sup> Preble had took

Col<sup>o</sup> Lowder to be a Partner with him in the Truck trade, & he supposed Col<sup>o</sup> Lowder would take the same care of the goods, he himself would have done. Cap<sup>t</sup> Preble removed the goods without delay to the Truck House, where Col<sup>o</sup> Lowder then lived, boarding with one Silas Harthorn in the same house: but Cap<sup>t</sup> Preble lived up the River about a mile distant. Col<sup>o</sup> Lowder unknown to Cap<sup>t</sup> Preble set up or approved of a frolick twice a week, & sometimes three times a week, in a room adjacent to y<sup>e</sup> store shop & sometimes was in y<sup>e</sup> shop where the stores were beginning at about dark in the evening, which frolicking & dancing was continued sometimes till ten oClock, sometimes till midnight, & at other times all night, drinking spirituous liquors: Col<sup>o</sup> Lowder sometimes begun the frolick with a present of Two quarts of rum, & sometimes with one quart, and made himself one in the dance and frolick; in this method Col<sup>o</sup> Lowder proceeded for two months, or until the Rum failed, which time I was generally there, being employed by Col<sup>o</sup> Lowder in cutting Mill Loggs & I was greatly disturbed in the House for want of my necessary rest, which to procure I gave the Fidler one night a Pistereen to desist from his fiddleing, which he did, & broke up the dance y<sup>t</sup> night as I hoped: But I was greatly disappointed: for they sung & danced all night, till sun-rise in the following morning.

Lieu<sup>t</sup> Col<sup>o</sup> Lowder employed, Charles Blagdon, Josiah Burley, Ichabod Colson, Rob<sup>t</sup> Man, Ebeneizr M<sup>c</sup>Kenzie, Silas Harthorn, Simeon Smith, with one team of oxen in y<sup>e</sup> general every day, and Ensign Jeremiah Coburn butted loggs &c. Col<sup>o</sup> Lowder was generous with liquor to revive the hearts of his laborers, & paid them for their labour in Corn, Pork, Hoggsfat, Rum, Tobacco &c which was generally designed to be brought for the use of the Indians. The Indians seeing the materials brought down for them, disposed of in the above manner, were exceedingly displeased, & would not

suffer any one of us, to go into the store room ; which resentment, was also directly against Cap<sup>t</sup> Preble, who they took to be the master of y<sup>e</sup> Truck trade at that time, & after this manner Col<sup>o</sup> Lowder conducted until the stores were chiefly gone. To the truth of the above the Deponant is ready to make oath, as witness my hand at Penobscot November the 16th 1777 —

Josiah Burley & Silas Hathorn being present before the Committee Dec. 13, 1777 Confirm the within Testimony.

*Gustavus Swan's Evidence.*

I the subscriber of lawful age testifieth & saith, That M<sup>r</sup> Benjamin Wheeler of Penobscot went to Col<sup>o</sup> Josiah Brewers house at Penobscot Afores<sup>d</sup> with y<sup>e</sup> copy of y<sup>e</sup> papers, sent to y<sup>e</sup> place afores<sup>d</sup> by y<sup>e</sup> General Court of y<sup>e</sup> Massachusetts Bay State ; and enquired for Col<sup>o</sup> Brewer afores<sup>d</sup> of y<sup>e</sup> maid : she told him that y<sup>e</sup> Col<sup>o</sup> was not at home. M<sup>r</sup> Wheeler then desired to see M<sup>rs</sup> Brewer. The maid said she saw gone out. Doc<sup>r</sup> John Herbert being present, Asked the maid, Where M<sup>r</sup> Brewer was gone? The maid said, she would not tell. He then asked her how long he was gone? The maid replied, About half an hour. He then asked her whether it was likely he would be gone any time? To which she replied, She did not know. Upon which y<sup>e</sup> Doctor turned & said to M<sup>r</sup> Wheeler, his business would not admit his tarrying, & therefore desired him to dispatch his business, as they were going up y<sup>e</sup> River in one Cannooe. Upon which M<sup>r</sup> Wheeler, told the maid he had brought coppies of certain papers sent by y<sup>e</sup> Gen<sup>l</sup> Court to Col<sup>o</sup> Brewer & his associates, & then being the 7th day of November 1777, took out y<sup>e</sup> s<sup>d</sup> coppies, & presented them, & made a tender of

them. The maid said, He might leave them with her, & she would give them to Col<sup>o</sup> Brewer on his return. But M<sup>r</sup> Wheeler said, he must give them to Col<sup>o</sup> Brewer himself. L<sup>t</sup> Col<sup>o</sup> Lowder & Lieu<sup>t</sup> Andrew Gillman was then absent, being gone to Machinus as was reported. The deponant declares the above to be the whole truth, & nothing but the truth, & is ready to confirm it with his oath

Mechias November 18<sup>th</sup> 1777,—

Sir,

The Multiplicity of Business which has Surrounded me, Since my Appo<sup>t</sup> to the Command at this Place, & daily waiting the Arrival of Colo. Campbell & Colo<sup>l</sup> Nevers with the Instructions &<sup>o</sup> ( the former only arriv.<sup>g</sup> the 15<sup>th</sup> & the Latter not yet ) Has Prevented my Informing the Hon<sup>ble</sup> Board of any matters this way Since the 12<sup>th</sup> Ult<sup>o</sup> which Neglect I pray may be Excuzed,—

Not having received any perticular Instructions from the Honble Board, I have Endeavourd to Act from my own Knowledge, what I thought most Beneficial,—

The men has Come in very slow & indeed from certain Information that the Enemy may not be Expected, I am Satisfy'd that no more come & have wrote Colo<sup>l</sup> Nevers that one Hundred Men will be Sufficient & not recruit more,— By the bad Weather, which we have severely Experienced, very Little Progress have been made in our Small Fortress,— I think By the Tenth of Next Month to Discharge all But Fifty, as I shall not be at any further Expence than is absolutely Necessary without further orders from the Honble Board,—

I have it not in my Power by this Opport<sup>y</sup> to communicate

Perticularly, respecting Military Matters, but shall in a few Days,—

The Present is Occationed by the Arrival of Col. Lowther Cap<sup>t</sup> Gilman & some chiefs of the Penobscot Tribe respecting matters on that River. It appears the Indians will not Settle any matters but thro' my hands, & indeed I have promised to be there some time ago but being obliged to give close attention here during the Difficultys, which rendered it Impossible to give attendance there,— It appears to me from what I Can learn that the Treatment they receive on that river, By the Trade being permitted for every one, that they will go to Canada for Supplys,— I wrote the Hon<sup>ble</sup> Board the 25<sup>th</sup> Sep<sup>r</sup> on these affairs & must again strongly recommend that the Trade be intirely Prohibited, only the Truck Houses,— or at least that certain Persons be Licenced under severe penaltys & restrictions,— and from Acc<sup>ts</sup> I received it is highly requesete & Necessary that a Truck House with full supplys shoud be keep'd up there as it woud bring in the Indians from Canada,—

I find I shall not have it in my Power to keep my Indian Soldiers, in such Regular order as I woud chuse, there fluctuating Turn of mind, & So Subject to Liquor that I admit but of few to be in Town,— I had a conference with them the other Day, upon Settling the past Summers Business,— one of the Cap<sup>ts</sup> in Perticular rose & said that no Distinction shoud be made with the Pay,— But have the Officers, Overplus, Distributed among the Soldiers, their Honour being Suffieient, By which I Payd them Ten Dollers p month from the 2<sup>d</sup> August ( we arrived here ) till the Latter end of October, Drawing upon the Truck House to Discount in the same manner as with furs,— the Men who was in actual Service this Summer about 30 — which I chuse to keep close with me as it Commands all the others of the Various Tribes,— I Promised to allow their familys some Provision

for the winter, all the rest pays for it the particulars of this I shall mention in my Next,— I show'd them the Commissions sent they are highly pleased. We agreed to have all the Diff<sup>t</sup> Tribes meete at there Villages, chuse their Principle chief & under Captains, which shoud meete this fall, at Meehias, when Commissions shoud be given them Signifying their Diff<sup>t</sup> Ranks & be intituled to pay when Calld on Duty,— Shoud the Hon<sup>ble</sup> Board find any fault, or know of anything more proper to be Done, it woud add to the many Obligations I owe woud they be kind enough to Communicate it,—

Cap<sup>t</sup> Crabtree arrived here Yesterday. He has been to the mouth of S<sup>t</sup> Johns where he found a Truck House Errected, By the Britains under the Care of Mess<sup>rs</sup> Hazen White & Simonds, he Took every thing of that property only, allso all the Indian Pledges he has brot & Deliverd me, Expecting some payment, I cannot say how far this was Legal for a Privetier, But I am Extreemly Glad it was Done, and am sure Crabtree woud not have Done it, if he tho't it not for the Best as he has Acted here with much Honour,—

Time not permitting me to write more on Bussiness, But cannot conclude without mentioning to the Honble Board, the Unhappy Situation of my unfortunate family having heard that a Carteel was Intended, I posponed writing to the Province for fear it should Thwart the generous Intentions of the Hon<sup>ble</sup> Court,—but hearing no Acc<sup>ts</sup> for Six Weeks, I made bold to send M<sup>r</sup> Delesdernier with five men in a Boat, four Indians in Two Burch Canoes. The Two Canoes returned a few Days ago, Bringing me Intelligence that M<sup>rs</sup> Allen & children were siezed & put in close confinement in the Garrison, this appears to be Occationed by M<sup>r</sup> Franklin & others who were at S<sup>t</sup> Johns, as they attribute the reason if not, penetrating & Destroying this Eastern part,

Because of my going the Indians, this frown of Providence I Justly Merit, tho' Greatest affliction I ever Experienced, I must Say was I not in the Situation I am, I certainly woud penetrate that Province, with a Number of Men and Endeavour to Treat them, as they Deserve,—

Having received Intelligence that some Provision Vessels & others are Bound Up the Bay of Fundie, the Meresheete will Sail to morrow in Company with Cap<sup>t</sup> Crabtree in order to Intercept them, & as it appears that no other but the Gage Sloop, or Loyall Nova Scotia Schooner, will be their Convoy, I hope to have a Good Acc<sup>t</sup> of them. in the Meresheete I shall put Eight or Ten Men of the Troops, which Shall be credited the Military Department,— I have Desired Crabtree to Seeze one Justice say at the mouth of St Johns, who was one of the persons that Bro't the Troops, to Land him at the mouth of Cumberland Bay, with a Letter to Colo<sup>l</sup> Goreham to Dismiss my family, or reprisals will be made if refused,—

Permit me at this Time to Congratulate the Hon<sup>ble</sup> Board on the success of the American Arm, in the Northern Department a circumstance which must Redound to the Honour of Amarica, Even Shoud they be Conquored after,— May the God of Armies give Conduct, Courage & Resolution to all our Officers & Soldiers, to Enable them to convince those Tools of Dispotism, that Americans Valour & Virtue Springs from the Devine fountain,— may Wisdom & Justice Reign in all our Senates,—is the Earnest Prayer & Wish, of Hono'd & Respectfull Sir your most obedient & Devoted Hbble Serv<sup>t</sup>

J. Allan

Novem<sup>r</sup> 19<sup>th</sup> 1777 —

Since I wrote the above I have had another Conference with the Penobscut Indians,—they Produced some promises in Writing from the General Court, some of which have not

been Complyd With,—all which I promised shoud be full-filled & convinced them, to their Satisfaction why it was not before,---

As to the meeting which was intended before mentioned, it is referred to the Spring,—I must again give it as my Oppinion that a Truck House be Supplyd,—I understand there is great Quantitys of Peltry, which they will be forced to Carry to Monsier Lunier, if not otherways Supplyd,—It will be Necessary that the familys of those who were in the Service on Penobscut River this Summer, Shoud have some Little provisions During the Winter —

I have been obliged to Spare some Rum from the Truck House for the Soldiers Expecting that some woud be sent to them,—

I woud mention that Nathan Jones Esq. was taken the other Day by Cap<sup>t</sup> Crabtree & Carry'd him to frenchmans Bay to his own House. He was bound for Passamequody. If these things are Tolerated, the Horrors of Warr will be Endless,—By my Next I shall Trouble the Hon<sup>ble</sup> Board with Several Matters,—

I hope the Hospitality Politeness & Generosity which New England is so Distinguishd by, will not give to much Liberty to M<sup>r</sup> Burgoyne & his Army, give me Leave to say that I Know well the Dissmiliation Deseit & Intreguing Talents of those Miscreants & Tools of antichrist,—

State of Massachusetts Bay

To the Hon<sup>ble</sup> Council & Hon<sup>b</sup> House of Representatives of said State, setting in Boston Nov<sup>r</sup> 19, 1777 —

The Petition of John Robinson of Robinson's Island in the County of Lincoln, Mariner, humbly shews.

That for several years past, your petitioner has lived at the Eastward of said Robinson's Island, during which time the principal part of his employments from his thorough acquaintance with the harbours contiguous has been to pilot & safely conduct into Port, any American Vessels that needed his assistance.— That he has been since the commencement of these present difficulties peculiarly active in piloting the many privateers, which are continually cruising about said Island into different harbours, & very often into a convenient one of said Island which is adjoining to his own possessions. That said Harbour is the continual resort of Privateers, & where in general they supply themselves with wood and water— That he lately has entered on board the Washington Privateer & been a cruise against the enemies of the united States of America— Your Petitioner begs leave further to shew that about five leagues distance from said Island, there is an Island called Cramberry Island, the harbours of which are exposed to, & frequented by the British Ships of War in their different Cruises against these States.— That since this has been known to be the situation of said Island, a certain Andrew Herrick of a public inimical disposition to the cause of America which your petitioner is ready to prove, has moved his place of residence from a town, named Naskeague situate on the Main, in the County of Lincoln aforesaid & contrary to the advice of his friends hath situated himself upon the outermost shore of said Cramberry Island, with a profest design of trading with the enemy of which said harbour is never entirely deserted.— Your petitioner is ready further to prove, that owing to the uniformity of your Petitioners conduct in favor of America, & the continual representations of said Herrick, his Name has become conspicuous among the enemy & his possessions with his life have been repeatedly threatened— That sometime since he was alarmed with the appearance of the enemies barges,

mann'd & accoutred, with a profest design of burning his buildings & destroying his estate, & had it not been for the assistance of the crew belonging to a privateer which at that time fortunately lay at Anchor in the Harbour, he, his family & his substance must have inevitably perished — Twice this attempt was made by the enemy, & after the exchange of several shots thro' his house, by which the lives of his Wife & Children were greatly exposed, the same cause prevented the execution of their second design, excepting the loss of some live stock from his Farm — Your Petitioner begs leave also to shew that about three months since going on board the Privateer called the Active, commanded by Captain Gardener, with a design to pilot said ship into the Harbour of Robinson's Island, & save her from one of the enemy's ships of War, of larger force, & with whom she was then engaged, & must have struck to, from the ignorance of the adjacent Shores, having effected his purpose, he mentioned to the said Gardener, the said Herricks Character & Situation, who when made acquainted with the circumstances manned a barge, under the command of his Lieutenant to visit said Herrick. Upon his Arrival, being asked by said Herrick who he was, & receiving for an answer "a barge in in the Service of the King of Great Britain, the said Herrick then & there, in order to be at that time protected, produced a protection which he had received from one of the British Ships of War ( which is ready to be produced to your Honors ) the Commodore as he then said, & further the said Herrick declared he had at different times traded with the British Fleet & always had received his money for his Cattle & other things which he had made articles of Merchandise," & immediately offered the Lieu' a bullock — Since this Expedition from the threats of the said Herrick & the Enemy, your Petitioner has been obliged to fly from his possession with his wife & family & leave exposed a large

farm, & a great quantity of Stock & Provision — Your Petitioner therefore, from his own peculiar situation, which is five miles from any habitation, from the profest inimical disposition of said Herrick & the power he is now in possession of & exercises to distress & destroy your Petitioner & the inhabitants living upon the neighboring shore, & for the allegations herein contained, which many stand ready to prove, earnestly prays your Honors that the said Andrew Herrick may be sent for immediately to answer to the above assertions, & that he may be removed from his present situation, & from the power of acting hereafter in direct opposition to the cause of his Country —

And as in duty bound shall ever pray

Mechias November 27<sup>th</sup> 1777.—

Sir.

My last was of the 18<sup>th</sup> 19<sup>th</sup> & 20<sup>th</sup> Inst<sup>t</sup> By Colo<sup>t</sup>  
Lowder, I herewith send a State of the Men under my Com-  
mand to the 23<sup>d</sup> Inst<sup>t</sup>, allso a state of them the 10<sup>th</sup> Octor<sup>t</sup>  
when I took the Command, By which the Hon<sup>ble</sup> Board may  
see the Superfluous Number of Officers, & Non Commissioned  
Officers This I have perceived has been Much Accustomed  
& Practized, thro'out the Army in America, But Peticularly  
in this District,—

By such Appointments & the Shortness of the Service,  
Accumilate Charges to an Anormous & unnessassary  
Amount — Giving Officers Commissions before the Inlisting  
Men I must think Improper, & the Appointing Non Com-  
mission'd Officers, before there is Men Sufficient is useless,  
as it is very Expenceive & Brings duty harder upon the  
Private Soldiers which are Present,— Non Commissioned  
Officers in the British service (recruiting Partys only  
Excepted) is sildom appointed, till the Company is raised,  
when there is a better opportunity to Gete more Suitable  
Men for the Bussiness, the appointments being allways by  
Merit,—

I mention this an Evil I Commonly see & indeed if I had it in my Power I would have prevented it in this part,—

By the Return the Hon<sup>ble</sup> Board will perceive, that there is some Columns Difficient in Staff Officers, which I intend to Continue so, as I shall not Employ any more than is Necessary, there was some Lately arrived Expecting some such Births which I allowed Rations to on Conditions of their Doing Duty as Soldiers, some Declines & others Except,—

An Ordenance Store Keeper is absolutely requeset in such parts as this, I Perceived the Last Summer, Great Wast of Arms & Amunition which I am Confident Can Never be Accounted for, I accordingly Appointed one in that Character, allowing him Serjents wages, in whose hands I put every thing respecting the Artillery, Small Arms, Powder, Balls &c —

Several such appointments are Necessary, but it should not intitle them to full pay,—I have Diviated no Doubt from the stated Rules, but mean to Persue that Meathod as may be most Beneficial for the Service, & advantage to the States, & have only allowed pay according to the Benefit arising,—

I have understood that the Muster Roll made up for the Expedition to S<sup>t</sup> John's Last Spring, ( which Roel I never heard of till a few Days ago ) Several Employments are filled up, which were Needless & what was Never agreed for or Intended — on the Arrival of Major Shaw I shall Examin very Closely before the Money is paid out —

On the 23<sup>d</sup> Ins<sup>t</sup> I Discharged Thirty Privates Belonging to Cap<sup>t</sup> Dyers & Wests' Comp<sup>y</sup> who Belonged to this District, as it did not Deminish the strength of the Place,— the Officers & Non Commissioned Officers, I chuse to Keep a Little Longer, till I Gete in all the Arms Ammunition &c which were Del<sup>d</sup> out — I shall Dismiss as fast as Possible,—

We have had some good wether a few Days past, I keep the Men Constant at work about our Little fort, as I want to gete the Cannon Secure before winter,—

I mention'd in one of my former Letter of Takeing from the Truck House some Cloath for Soldiers which were in the Utmost Destress,— I have allso Taken Corn for Meal to make the Mens Rations Compleat, and by the Desmal situation of a Number of familys husbands & sons have been some time in the Service, I have made so free as to spare several Bushels, which by all appearance woud have perished if not given,

Permit me once more to request the Hon<sup>ble</sup> Court that if Possible they woud advance some Corn & Cloathing from the Publick Stores towards paying soldiers Wages for many appears no use this way, Excuse this Supplication, Humanity forces it,

I find a Considerable Difficency in the Supplys for the Truck House which was voted by the Hon<sup>ble</sup> Court shoud they be made up, & what is advanced to the soldiers Returned, It woud be suffieient for the Truck House,

In my Letter of the 12<sup>th</sup> Ult<sup>o</sup> I mention'd about Keeping Twenty men, the Number I have Compleated & form'd them into a Seperate Corps by themselves keeping them Constantly at Exercizing the Great Guns, shoud it be thought Expedient to keep them, I shoud be Glad to Know as soon as Possible,

Any Expresses the Honble Board woud want to Send, woud be Glad it Might be Convey'd to Cambden, where steps will be Taken to Convey it this way,

The Enormous & monsterous Charges, which Comes in at these Times make Me Sometimes Stagger what to Do, It often Discourages me in my Business, I trust that Matters will soon take a Different Turn,

The Difficultys which I am under respecting Lodging the

Indians and having them about me, Obliges me to mention to the Hon<sup>ble</sup> Board the Necessity there is for a house Seperate to myself,—the Trouble which they give the Inhabitants & their often Quarreling gives me much more Business,—they incline Indeed to be mostly with me in the same House, which if a small one keeps Continual Confusion,—I Cannot hire one Convenient at the falls so Called, But there is one on the Eastern Branch near the fort at the Rhym & More adjacent to the Indians, which was formerly the Property of Ichabod Jones, It appears it is under the immediate order of government, I should be Extreemly glad if I cou'd, have the Use of it During my Publick Employment in this Place,—

I have the Honour to be with Respect & Regard Sir Your

The Hon<sup>le</sup> Jeremiah Powell Esq<sup>r</sup>

The Letter from the Honble Board to me of the 12<sup>th</sup> Aug<sup>t</sup> Came to hand a few Days ago. Several of my Letters have been so Detained, I must beg Leave to Acquaint the Honble Board how I am harrass'd, By some Persons, in respect of supplying the Indians with Liquor—I have taken every step to keep Quietness & Overlook'd many Irragularitys, only hinting by Advertisements to Shame them from it, Stephen Jones Esq. in perticular, whome I have Endeavour'd to Treat with that respect due the Station he holds, & Did not for a Trifle Cluse to Expose him,—But it became so flagrant & Audacious, that I was Compel'd to Prosecute I recommended it might be Done by a Summons, & not a Warrent, as I was against his being bro't in such a Manner, But he Treated it with much Contempt,—A Moose Skin was found belonging to the State in his Possession, when a Warrent was sent for him,—Colo<sup>l</sup> Foster who I am Confident is a very Upright, Honest Man — tho' not so well

avers'd in Law,— M<sup>r</sup> Jones seem'd to Dispise & woud give no satisfaction, I insisted on the Judgment & acquainted him I shoud use my Authority as Commanding Officer of the Military for the futer with him if he Persisted,—

The Honble Board being no Doubt Burthen'd with Complaints &c I have sent the Proceedings to Mess<sup>rs</sup> Cross of Newbury to be presented when Convenient, to Know if the Proceedings be Consistant with the Intentions of Government as many persons Construe the Resolve Concerning these Matters many ways, I mean to make no Complaint against M<sup>r</sup> Jones, as I Doubt not his Conduct will be so flagrant as not to want a perticular Prosecution,—

The Honble Board will perceive that there is Fifty Three in the Indian List, this Number is Uncertain, as they are about on their Hunts, within the report of the Cannon, shoud there be an Allarm,—there is None now on Wages but Ambroise & Five more But Generally about Twenty five allways Present, the three Commissioned Officers is Cap<sup>t</sup> Preble Mess<sup>rs</sup> Lewis Delesdernier & James Avery, all of whome the Indians are much Attached to,— M<sup>r</sup> Delesdernier was with me During the whole time with the Indians, he is perfect in the french Language & some Indian, him & M<sup>r</sup> Avery have been of Great Service in the Business & the Indians much Satisfyd at their having Commissions, Time will not permit me to write Concerning them and I Doubt not but the Honble Board will think I am Troublesome enough,—

The Honble Board will please to Excuse the Trouble they had about some Affairs of the Meresheete Schooner in respect to Supplys, I never intended any such thing, as I Determined to Give as Little Trouble as Possible, knowing the great Business which Surrounded them, my orders was not Comply'd with respecting the Vessell, By them I had Intrusted, The Great & Monsterous Charges bro't in & the Little

Profits arising, I tho't best to Discharge the Schooner from the Service for the Present, have sent a Small Schooner up the Bay which I had here, as mentioned in my Last, I am Respectfully Your most hble

The Honorable the President of the Council of the State of the Massachusetts Bay

*Instructions to Representative. 1777.*

To Henry Woods Esq. Representative for the Town of Pepperrell in the General Assembly, of the State of the Massachusetts Bay —

We the Freeholders and other Inhabitants of the Town of Pepperrell in Town Meeting Assembled Nov<sup>r</sup> 29: 1777. Having maturely consider<sup>d</sup> the late Act of the Great and General Assembly of this State for calling in and giving publick Notes on Intrest, for all the Bills of publick credit of this State excepting those that are on intrest and that are in value less than one dollar.— Think it will be attended with Many and great evils to this State. As this nesasary but unhapy War has unavoidably occasioned a heavy debt to be contracted by this State and likely to increase. We think that paying intrest for such a large sum must much increase the Debt without equivalent advantage many other evils attend the calling in so large a sum at once. Many persons that have this States Money by them and little else must carry it in and take Notes for the same or loose it which money they will need to pay their Taxes, with for the want of which their Goods and Chattles must be taken to their great damage or prehaps to their utter Ruen —

We are Sencable that the high and uncertain price of the Nesasaries of life is a great grievance and must prove very hurtfull if not checked for which good purpose we Suppose the Honourable general Assembly passed the late Act — But with all humble submission think that calling it in a little more Moderately by a Tax might answer the same purposes without being attended by so many bad consequences — For the above reasons and many More which might be Mentioned — We desire and expect you will use your best endeavours in the General Assembly to procure a repeal of the Above s<sup>d</sup> Act —

Presenting the above Instructions to your wise Consideration. Wish you and all true friends to the American States, The allwise Gods direction that he would lead you in the way that shall be most for the good of this and all the American States and never suffer you to be led a side from

seeking the welfair of your Country is the Prayer of your Constituants

I Jacob Bussell the Deponant of lawful age testifieth and saith, That I was frequently in company with M<sup>r</sup> Benjamin Wheeler of Wheelers Borough, And heard him say that he feared North America would not be able to stand against Great Britain for the following reasons viz. He feared the Provinces would not be united, and had not sufficient Powder and Cannon: but did not doubt we had men enough: and added, He would be willing to be stripped to his skin to gain the victory of England; and I never see or knew him to be assisting, either by word or deed against the Interest of the States, or in favour of the regulars. The Massachusetts Bay, sent down Powder and other stores to the people of this place and I went to Col<sup>o</sup> Brewer for Powder, and led for bullets, that I might be prepared to engage the enemy: but he refused letting me have any Amunition until the enemy attacked us: I then went off. Soon after this I was telling M<sup>r</sup> Wheeler aforesaid I had applied to Col<sup>o</sup> Brewer for amunition to be in readiness for the enemy, but could procure none of him upon any conditions. said M<sup>r</sup> Wheeler replied, He would supply me with Powder and Ball out of his own

stores for the service aforesaid, and further said, he would supply the People with amunition as long as he had any, and said this from time to time. I requested my proportion of Corn and Molassoos, and Salt, from time to time of Col<sup>o</sup> Brewer and L<sup>t</sup> Col Lowder: but they never let me have any salt, and but two quarts of molassoos, & as he said my share of the corn. I aver the above to be the Truth, & am ready to confirm it with my oath, as witness my hand at Penobscot, December the 1, 1777.

Jacob Bussell

I the Deponant Thomas Howard, of Penobscot, of lawful Age testifieth and saith, That the Deponant hath long been intimately acquainted with M<sup>r</sup> Benjamin Wheeler of the place aforesaid, and heard him often say, He had amunition by him, which he reserved to disperse amongst the inhabitants here, to enable them to engage any enemy, that should attempt to make an invasion upon this place; and ever heard him speak friendly to y<sup>e</sup> general tranquility of the States of North America; and I never heard, knew, or suspected, that he held any correspondance with any person, suspected of being attached to our common enemy & that were enemical to the States: which could not be secretted from me, provided any such thing had been. He repeatedly, and at all times said, he would gladly assist in person, and with his substance those who were exposed in confronting the attempts and progress of the enemy, and he ever appeared to be sincere. But as he keeps a Corn or gristmill, from which he could not be spared, unless all went against the enemy: in that case, he would assist their families at home in their absence. To the truth of the above I am ready to make oath, as witness my hand at Penobscot December the 2<sup>d</sup> 1777.

Thomas Howard

I do upon Recollection asert the whole of the above to be the truth, and further saith, I was at Portsmouth with Mr Wheeler aforesaid, and I complained to him I had no amunition to equip me to oppose the enemy: and he offered me money to purchase the amunition for the use aforesaid, and at another time, when I was going where the enemy was, he actually furnished me with amunition to engage them. The above I assert to be truth, and am ready to confirm it with my oath, as witness my hand at Penobscot December the 2<sup>d</sup> 1777.

Jacob Bussell.

To the Honorable Council and Honorable House of Representatives of the State of Massachusetts Bay in general court assembled Humbly shews.

Elizabeth Ross of Falmouth in the County of Cumberland — Widow — That some time in or about the Month of May A D 1775 were taken out of her House in said Falmouth a large Silver Cup and Tankard, & carried to the House of Coll Edmund Phiney in Gorham in said County, and by order of this Hon. Court lately deposited among a number of other Articles, with the Committee of said Gorham — The cup was some time ago put into her Custody by Mr Edward Tyng a friend to the American States who is now in some part of Europe The Tankard was once the property of her Son in Law William Tyng, now absent from this State —

She apprehends they were both suppos'd by the Persons who took them, to be the Property of the said William Tyng, who was at that time suspected of being unfriendly to these States — but your Petitioner begs leave to inform your Honors that neither of them was in the custody of the said William at the Time of taking them — and though it is probable she wou'd have returnd the Tankard to her said Son in Law, had he not have left the State, she humbly thinks the taking it from her was lawless & unjustifiable and whatever might be the principles of her said Son in Law or his disposition toward these States, she presumes she has not by any Act of her own forfeited her claim to the protection of the Law —

She has been a very great sufferer on Account of the supposed unfriendly Principles of Mr Tyng. Her Houses have been almost Destroyed —

Her Goods have been despoiled — and her Estate wasted in a manner that wou'd shock your Honours to be informed of —

Taking these things into consideration your Petitioner has

grounds to hope -- and therefore humbly prays that your Honors woud order the Committee aforesaid to restore the said Cup and Tankard to your Petitioner -- or otherwise relieve her as in your Wisdom you shall think best -- And your Petitioner as in Duty bound will ever pray --

Capt James Fullerton, Coming from Woolwich he was so Kind as to under tak it for me, and Carried the Original & a Copy there & Served it y<sup>e</sup> 11<sup>th</sup> of November 1777 as his attestation on the Petition and order will appear which original I Did not Receive back again from Capt James Fullerton, Till the third of December 1777, by the hand of M<sup>r</sup> John Jones, who informed that Capt Fullerton told him Said Jones, that when he Said Fullerton went to William M<sup>c</sup>Cobb Esq<sup>r</sup> he began to Expostulate with Said M<sup>c</sup>Cobb, about Said Clark Linneken — and said it was a Pette that he was sent & Confined in Goal & for no Crime & he & his family a suffering greatly Said William M<sup>c</sup>Cobb Esq<sup>r</sup> answered & Said, he was Sorry & that he should be Glad to helpe him if he Could &c or words to the same purport, and seemed to be Sincear & pitte him & family, which Capt Fullerton thought he Said M<sup>c</sup>Cobb was Sincear & in Earnest, he Said Fullerton then pulled out the Petition & order of the General Court, & Shew him & Gave him a copy thereof; upon which Said William M<sup>c</sup>Cobb altered his Countance & Tone, & Decleared he would not admitt him

Said Linnekin to Bail Except he would pay all the Charges arision & to arise & give Bonds for £400 Lawful money, the Bonds I am willing to give if I Could Get Bondsmen for I am honest & mean to be so &c but the Charges am unable to pay, Except I Could Come out & work to Earn the money to pay them, for I have but one Cow & that gives milk for my wife & children, Said McCobb would do nothing about it;— and here I am Left in Goal — in the most Distressed manner, having Little Cloaths only a Shirt & a Thin Jaccot to ware & poor britches & no Shews & Stockings only one pair of Shews & Stockings Gave me Since I have been in Goal — and no blankett to Cover me, only to lay down in this between Cold weather, on some hay given me, without any Coveren which is too hard for human Nature to Bare, and to Receive such punishment in a christian land and for no Crime, is Cruel;— if there had not been an old Grudge, I believe Said McCobb would Never Issued a warrant against me for trading with the men of warr's People, when I had nothing to Trade with but wanted charity for my self & famely, for I had Little or no bread, for three months together, only what I gott now & then from a Neighbor, but Never no bread to Carry home, only to eat there.—

but the Jugeror often Pursues the Jugered to Run him down, in order to Prevent his obtaining Satisfaction;— my wife and 4 childreen are in a most suffering Condition as well as my selfe therefore I most Humbly Repet my Request to your Honours to Liberate me from this Doleful Goal, and from my charge, and perishing Condition, & family also, for I shall have no Relief from any Known Enemie, and as in Duty Bound I Shall Ever Pray

The Petition of Seth Gardner of Harpswell, County of Cumberland, humbly sheweth,

That your Petitioner (being one of the drafted Men some Time last Winter) faithfully served three Months in the present War — that being in low Circumstances, was unable to purchase an effective fire arm — that Your Petitioner received one from the Select Men of this Town, to whom he

was accountable for the same said fire Arm being State property — that when your Petitioner returned home ( by Water from Boston ) said fire Arm was carefully put into the Boat when your Petitioner was going a Shore — that one of the Men ( when rowing in said Boat, by means of the Thawl-pins breaking, or the Oar starting out of its place ) fell backwards, and accidentally with his Foot struck said fire Arm over board.

Your Petitioner ( continuing in indigent Circumstances ) humbly prays that this hon<sup>d</sup> Court would discharge him from his Obligation to the Select Men of this Town, to pay for said fire Arm. All which is humbly submitted to the Wisdom of this hon<sup>d</sup> Court, and your Petitioner as in Duty bound shall ever pray.

Seth Gardner

Harpswell 13<sup>th</sup> Dec<sup>r</sup> 1777.

We the Subscribers being in the Boat aforesaid, do testifie, and are ready to make Oath, that the Loss of said fire Arm happened as is herein set forth.

Lincoln Ss At a Court of Probate held at Pownalborough in the County of Lincoln before Jonathan Bowman Esq<sup>r</sup> Judge of the probate of Wills & for granting Letters of Administration on the Estates of persons deceased within the County aforesaid—

On Wednesday the Seventeenth day of December Anno Domini 1777 — Rebecca Callahan Wife of Charles Callahan late of said Pownalborough gentleman (an Absentee) being Cited to appear at said Court upon the Complaint of Nathaniel Thwing Esq<sup>r</sup> who was appointed Agent for the Estate of the said Charles, that the said Charles left personal Estate behind him to a considerable value, the greater part

whereof had been secreted embezzled or Conveyed away by some person or persons & that the said Nathaniel had just reason to suspect & did suspect that the said Rebecca had secreted Embezzled or Conveyed away the same — Upon which the said Rebecca came into Court & being required by said Judge to acquit herself on Oath of the premises, then refused to be sworn & interrogated upon Oath in the premises. It is therefore ordered by said Judge that the said Rebecca be Committed to the Common Goal in the said County there to remain untill she shall Comply to discharge herself upon Oath or be otherwise legally discharged. from this sentence the said Rebecca, claimed an appeal to the Supreme Court of probate for this State, & gave Sufficient security according to law for prosecuting her said appeal with effect

Before Jonathan Bowman Esq<sup>r</sup> Judge of Probate of Wills &c for said County at a Special Court of probate held at the Court House in Pownalboro on Wednesday the Seventeenth day of Decemb<sup>r</sup> A D 1777 at Eleven o clock A M Nathaniel Thwing Esq<sup>r</sup> Agent for the Estate of Charles Callahan late of Pownalborough Gent<sup>n</sup> ( Called an Absentee ) Complainant against Rebecca Callahan Wife of the said Charles for embezzling, secreting or Conveying away &c the personal Estate of the said Charles, the said Rebecca refusing to acquit herself on Oath touching the premises was by the said Judge ordered to be Committed to the Common Goal of said County &c from which sentence she appealed to the Supreme Court of Probate for this State; and for which she now assigns the following reasons Viz<sup>t</sup> —

1 Because the said Rebecca when before said Judge the day aforesaid voluntarily declared to him that she has disposed of the whole of the personal Estate of her said Husband as she had a right to do, and therefore refused to acquit herself on Oath touching said Complaint—

2. Because the said Rebecca within three Months, next after her said Husband went from home, did sell and dispose of the whole of the personal Estate of her said Husband which was by him left in her hands for her use and for the support of her self and family —

3. Because there is no Certifycate made to the s<sup>d</sup> Judge that the said Charles Voluntarily went to and is still with the Enemies of this and the other United States of America which by the Law of this State ought first to have been done, but there is only a Certifycate made by Edmund Bridge and Asa Smith who call themselves the Major part of the Selectmen of Pownalborough, that they believe the said Charles voluntarily went to and is still with their Enemies, and not the Enemies of the United States of America —

4 Because it is plain by the preamble of the act of this State on which the aforesaid proceedings were granted, that the s<sup>d</sup> Act was made Solely for the benefit of Creditors of Absentees that they may all receive their Equitable demands out of such Estates: Now the said Rebecca Avers that when the said Charles went from this State he was not Justly Indebted one Shilling to any person whatsoever within this or any of the United States, and therefore the aforesaid proceedings are groundless and unnecessary and not supported by Law —

5 Because the said Rebecca had not any proper or reasonable Notice of the Complaint and Examination aforesaid, being only served with a Citation on the fifteenth day of the s<sup>d</sup> Decemb<sup>r</sup> at Eight of the Clock a Night when many miles from her home or prepare her self for the aforesaid Tryal,

before she was obliged by the said Citation to attend thereon without fail —

6 Because the aforesaid Order & Sentence of the said Judge was not made and published on any certain or fixed day made known and published by the said Judge for making and publishing his orders & decrees which by Law it ought to have been —

Cost Money & Damage and £3. 6. 6 loss of Suit, from which Judgment the Defendant by David Wyer his attorney appealed to the

next Superior Court in said Falmouth — at which Court his Appeal was entered.

That your Memorialist by Samuel Freeman her Attorney, appealed at said Superior Court to manage her cause but the Judges there forbid his speaking in the said Cause & contrary to a Law of the State disallowed the appearance of your Memorialist altho said Freeman was legally empowered to appear in her behalf and ordered her to be called out by default —

That thereupon your Memorialist presented a Petition to the General Court praying the Court to order Execution for Cost against her to be stayed and to direct the Judges of the said Inferior Court to try the Cause & allow your Memorialist to appear by such person as she should think fit to appoint — This Petition the said Gen<sup>l</sup> Court was pleased to sustain & ordered that the said Elisha Baker should be notified to show cause at the next Session why the prayer of it should not be granted. The said Baker was notified accordingly but not appearing to make answer the two Houses were pleased to pass a Resolve granting the prayer of said Petition; but the then Governor namely Mr. Gage refused his consent thereto Thereupon your Petitioner has not only been deprived of the Benefit of the Law, which every good subject of the State is entitled to — but has been troubled with the Execution of the Costs recoverd against her by said Baker — which she was obliged to satisfy

Therefore your Memorialist humbly prays that your Honors would be pleased to order that she may have a tryal of the Cause aforesaid & empower the Judges of said Court to allow such Costs in case she shall recover Judgment against said Baker as they shall judge reasonable & in particular that she may be reimbursed the sum she paid to satisfy said Baker's Execution against her — and your Memorialist as in duty bound will ever pray

Resolved that Mr. Nye Cap<sup>t</sup> Wales & J. Brigid Warner be a Committee to settle with Col. Josiah Brewer and others for a certain Sum of Money lent said Brewer and others for which Sum in the Year 1776 they gave their Security to the Treasurer of this State.—

Resolved, That the Guard of 30 Men appointed by the General Court of this State in 1776 to guard on Penobscot River under the Command of Andrew Gilman be immediately discharged,—

Resolved that Mr. Nye, Capt Wales & Brig<sup>d</sup> Warner be a Committee to settle with Col. Lowder for the sum of four hundred Pounds lawful Money which the said Lowder as Truck Master to the Tribe of Penobscot Indians received of the Treasurer of this State in the Year 1776.

To the Honorable the Council Board of the States of Massachusetts Bay.

May it please your Honours, the Committee of Machias begs leave to lay before the Honourable Board the distrest<sup>d</sup> Situation which this part of the State labour under occasioned by the present war, hitherto have with stood every attempt of our Enemys being Strengthened by your Honours Indulgence and assistance which is Gratefully acknowledg<sup>d</sup> by the greatest part & we trust the whole of this district

Having flatter<sup>d</sup> our Selves that every Campaign would be the last always having a firm Resolution to maintaign our most Invaluable Rights and priviledges in opposing the Cruel and Bloody Intentions of our merciless Enemys which generally carried our Spirits beyond our Strength

The Enemys attacks last summer being the most distressing we have hither to Experienc<sup>d</sup> has prevented our Carrying

on our farming business it being much neglected in its proper season occasion<sup>d</sup> by the peoples being on duty

The same calamity to a degree has hapned to the Inhabitants in the other Settlements upon the Shoare who has been Repeatedly called upon duty, particularly in the midst of hay time & harvest & has reduc<sup>d</sup> them to many difficultys for the Nessessarys of life this winter.

This Settlement in particular being oblig<sup>d</sup> to advance all the provitions that could be Spared for the Support of the Troops called here for our assistance, makes it verry difficult amoungst us as one has it not in his power to Supply another —

However these are difficultys we Naturally Expect by the Calamity of War, but alas what looks more dismal that all is our unguarded Situation Being the Eastern part of the State and so ajasent to Noviscotia are Subject to every Insult from that Quarter, as soon as the Icy featters of the Winter breaks their Chains and the Spring opens which will be the time that every one will want to put Seed into the Ground, as farming is much practised of late and to good success

But well knowing the Intentions of our enemies that they meane to deprive us of every meanes of gitting our lively hood in any Quietness and if Possible make them selves masters of this part of the Country, having already Establish<sup>d</sup> a Truck house at S<sup>t</sup> Johns well Supplied with every kind of British Manufactory Sutibel for tampering with the Indians, and protected according to the Best accounts with about Seventy five British Troops .

This has somewhat allarm<sup>d</sup> us and for feare they Should Send a party in some private manner this Winter and destroy the Cannon and other property belonging to the State Col<sup>o</sup> Allan has thought proper to keep up about twenty or thirty men as artillery men with one Commisiond officer to them as a Guard and protection to the States property these

are constantly keep<sup>d</sup> upon duty it being Recommended by the Committee of this place

The Col<sup>o</sup> has about Seventy Indians that are Imbodyed & under his immediate Command which appears will be a Sufficient protection during the winter Season from any attacks we might have from S<sup>t</sup> Johns provided they can be supported.

And we must at this time do Col<sup>o</sup> Allen the Justice to say that he has managed his affairs as Commanding officer to the grate Satisfaction of the Publick and Notwithstanding the many Extraordinary demands for Provition both from English & Indians has us<sup>d</sup> every thing with the Gratest Oeconomy. we hope your Honours will not omit to grant him such assistance as is Necessary as being Superintendant of Indians affairs or any other departments he may be appointed to

But under the present Situation of affairs it looks very melancoly to the Inhabitants the Spring advancing the Indians will want to go a hunting thereby will be Scattered we Shall be so unguarded that many of our prinsable Inhabitants are Talking of Removeing their Fammilys and effects to the westward which Grately damps the Spirits of the common Sort of people fearing they must soon fall a pray to a Cruel & Blood thirsty Enemy

Many of the Inhabitants are wholly unable to Remove themselves & Effects & must be objects of Charity and a Burden to whatever part of the Continent they might Remove to

We therefore humbly intreat & pray your Honours to take our most deplorable Situation into your wise consideration and Grant us such Releif as you in your grate wisdom Shall think proper, major Stilman will lay this matter before your Honours and can inform you of every Circumstance

We have lost all hopes of Gitting the militia on duty as they ware last Summer, the Grate Sinking of the Bills of Credit & the high prices of the Nessessaries of life that a

Soldier gits but about one Bushell and a half of Corn for a months pay this has grately discouraged the people on the whole Shoare from Entering into the Service and many other difficulties Major Stilman can inform you,

Any favours your Honours Should seem meet to grant or what is intended you will be pleas<sup>d</sup> to communicate to Major Stilman that we may know our fate before destruction comes upon us

The major will have full power from us and may be consulted with upon every measure concerning us in these matters, it would be injustice not to say the people in this and the other Settlements on the Shoare are warmly attach<sup>d</sup> to the Interest of the united States and have ever been Ready and on every occasion to exert themselves in the defence of this much injured Country, but the distresses brought on by the present war seems to demand your Honours attention and nothing can Releve them more to have a Suffecient Number of Continental Troops Station<sup>d</sup> at Machious this will be a protection to the whole Shoare and leave the Inhabitants to be Quiet upon their plantations where they will Comfortably support their Familys and keep the possession of a Valuable part of the united States

Also that the Commasarys Store at Machious may be Sufficiently supplied with provition & amunition in order that the militia or any part of them might be Supplied whenever they Should be called on duty by any alarm as it is out of the Power of the inhabitants here to Supply themselves

All of which circumstances major Stillman can inform you, but under god we Shall leave our most deplorable Situation with your Honours grate wisdom not doubting you will grant us Such Relief as you will think best, committing our case to the almighty who governs & Orders all things to his Glory whatever the case may be Concerning us

We are with Dutiful Respect Your Honours Most Obedi-

ent Humble Servt<sup>s</sup> — for and in behalf of the Committee of  
Mechias & by their order

N B Our utmost Endeavours have been Exerted to assist  
in erecting a Fort at Andrews hill about two miles below the  
mills where if compleated and man<sup>d</sup> would be a Sufficient  
Protection to the whole Settlement and with a less number  
of men & less expence than any other way, but the season of  
year was so far advanced it was out of our power to make it  
any way safe to trust the artillery in Notwithstanding  
Col<sup>o</sup> Allan push<sup>d</sup> the works as fast as possible with what  
Troops he had under his Command as well as Several of the  
Inhabitants which gave their assistance, we therefore implore  
as a favour that your Honours would grant us that assist-  
ance, which will be Nessessary for the Compleateing Said  
Fort both for the safety of the States property and a protec-  
tion to the whole Shoare,

For further Particulars Refer to Major Stilman

You will have some accounts of Losses sustained in the

Should take it as a favour that Cap<sup>t</sup> Smith might have pro-

different persons that advanc<sup>d</sup> it Solely for the Support of  
said Expedition the account of which the Major will have

Sir

Having been Honor<sup>d</sup> with a Commision from the Major part of the Honorable Council appointing me to the Command of the youngest Regiment of the Brigade in the County of York — and have Served as a Military Officer upwards of Twenty years — in all which Time in that Sphere of Life as well as Every Other, have Endeavoured to Serve my Country with fidelity in Preserving it<sup>s</sup> Liberties and there has not been one Officer that has Served in Either of the Regiments in this Brigade but has Served under me when I was a field officer — as an officer or Soldier — the Late Brigadier served under me as a Captain, when there was but one Regiment in the County of York — when the Regiment was Divided and formed into a Brigade, I Accepted a Commission with the Sole Motive of Serving my Country — being Deeply Impress<sup>d</sup> in mind at that Time — the Salvation of this Country from an inveterate foe — Depending on a well Regulated Militia th<sup>o</sup> I will not here Deny but that I Tho<sup>t</sup> it a Degradation to hold a Commission under one who had Served under me th<sup>o</sup>

I Esteemed him as a Gentlem<sup>n</sup> and a Soldier but I tho<sup>t</sup> my Country wou<sup>d</sup> have been Disserted at that Time had I then Resigned my Command by Reason of the Times being so fluctuating — but of Late a Path has been Opened by the Death of the Late Brigadier of this Country for Some other Gentleman Besides him who has been Honor<sup>d</sup> with the Promotion thereof as I Conceive and as I have been Credibly Informed was Obtained at the Expence of other<sup>s</sup> Characters I am therefore Constrained under these and other Considerations to Resign my Command of the Regiment I have the Honor of Commanding — otherwise I shou<sup>d</sup> not do Justice to mySelf, and if this Method of a Resignation is not Sufficient to the Honorable Council will wait their Command in any formal method they may Prescribe to add further there was a Dispute Subsisting Some Time Since at y<sup>e</sup> general Court Between the Two Western Regiments in this County about Precedency I Cannot but Observe had there then been a Litigation Between Either of them and the Eastern Regiment it must have been Easily Determined in favour of the Latter, for I was the only officer in y<sup>e</sup> Brigade, that had been a field Officer Before the Regiment was Divided and was the Matter Traced Back it wou<sup>d</sup> be found that the first Field Officer that was ever appointed in the County of York or Province of Main Lived within the Limits of Where my Regiment now is and any Person whatever Seeking Preferment at the Expence of another Character must I Shou<sup>d</sup> Think appear Disagreeable to all Persons whatever I have been Credibly Informed it has been Represented to Several Gentlem<sup>n</sup> who are members belonging to the Honorable General Court — that Neither Col<sup>o</sup> Sayer or my Self was ever willing to Serve the Country by going with the Militia when the Service of the Country Required it this I Take to be a Reflection and Ought to be Resented, also at y<sup>e</sup> Time the Last Draft was made to Reinforce the Continental Army the Gentlem<sup>n</sup> was

Please<sup>d</sup> to Say that no men wou<sup>d</sup> be Raised in the County of York unless he was Commissionated to take y<sup>e</sup> Derection, Seems to Imply a Very Great Dissability in y<sup>e</sup> Officers or a Carelessness in them — which Ought not to be Passed over was it the Case — but notwithstanding all that has been Suggested by — I Shall Esteem it an High Honor if I can Serve my Country in the Important Affairs it is Engaged in. Let it be in what Capacity it will that is not Dishonorable to me and am Sir with great Veneration your Most obedient Humb<sup>l</sup> Serv<sup>t</sup> — Tristram Jordan

To the President of the Honorab<sup>l</sup> Council of the State of Massachusetts Bay

State of the Massachusetts Bay.

To the honorable the Council & house of Representatives of said state in great & general assembled.

The Petition of the Committee of Correspondence, inspection & safety for the town of Falmouth in the County of Cumberland humbly sheweth.

That on the sixteenth day of August A D 1777 they stopped sixteen oxen in said Falmouth which Jacob Hathway & Ralph Austin two strangers had purchased east of Falmouth and were then driving to the Westward through said town, they the said Committee suspecting that said oxen were designed & intended to be carried out of this state/ being provisions/contrary to a resolve of the great & general court of this state passed upon the 5<sup>th</sup> of February A D 1777. That they stopped the same as above said in order to make enquiry agreeable to said Resolve. But that no certificate was produced by said persons from the Committee of any town in this state from whence said provision was taken to said Committee of Falmouth nor any satisfaction given them that the same was not intended to be carried out of the state; nor any other act or thing, required by said resolve, done by the persons aforesaid to entitle them to a redelivery of said provision, nor have they to this day applied to your petitioners respecting the same.

Wherefore your petitioners at the expiration of thirty days from the time of stopping said provision seized the same agreeable to said resolve & proceeded to file an information against the same at the Court of general sessions of the peace holden at said Falmouth within and for said county of Cumberland on the last tuesday of October A D 1777 in order to get the same adjudged forfeited, & disposed of agreeable to said resolve viz one half to the use of this state & the other half to the use of your Petitioners, But your Petitioners found that after said provision was stopped and seized as

afores<sup>d</sup> but before the setting of said Court the resolve aforesaid was repealed, so that said Court of Sessions could not proceed to try & adjudge the same forfeit, but they continued the cause to the next term in the last tuesday of March A D 1778, in order to give an opportunity to your petitioners to apply to your honors for relief.—

Wherefore as your honors Petitioners have been at great expense in keeping said Oxen which they seized by virtue of a Resolve of Court & from a regard to the good of the public, and may be made liable to the action of the owners of said Cattle & to pay damages for what they apprehend was lawfully done at the time, without the interposition of this Honorable Court, they humbly pray your honors would be pleased to take the premises into your wise consideration and revive said resolve as to the seizure & information & proceedings aforesaid respecting the Oxen aforesaid & empower the said Court of Sessions to proceed to the hearing tryal & condemnation of said oxen in the manner directed by said resolve as fully as if the same had never been repealed, or otherwise relieve your petitioners in such way and manner as to your honors great wisdom shall seem meet.

And your petitioners as in duty bound shall ever pray &c —

By order of the Committee    John Waite Chairman

Resolved that the Board of War be and hereby are directed to supply Stephen Smith Truckmaster at Machias, with all such Articles agreeable to the Estimates accompanying that resolve for the Truck House under his Care for Supplying the Several Tribes of Indians in that Department: and also to Supply from time to time as they shall think proper said Stephen Smith Commissary at Machias with such Provisions and Ammunition as may be necessary for Subsisting and Supplying such men as may be Raised by this Resolve for

the Defence of Machias and to Repay those Provisions that have been already borrowed by Col<sup>o</sup> Allan for the said Service and also Supplying said Smith with 400 lbs Powder and 500 lbs Ball to furnish the Militia that may at any time be called out for the Defence of that part of the State, said Smith to be accountable —

Resolved that the [Board] be & hereby are requested to appoint a Suitable Person with the Rank of Major who shall be and hereby is impowered and directed to Inlist a Number of Men not exceeding one hundred for the Defence of Machias not more than one half of Same to be [illegible] and the Parts adjacent, and the Officers and Men to be under the Command of Col<sup>o</sup> John Allan to form them into one Company with One Captain two Lieu<sup>ts</sup> one Ensign four Sergeants, four Corporals. One Drum and One fife and to continue in Service till the first day of December next unless sooner discharged and said major is hereby impowered to Appoint all the Officers of said Company and the Council is hereby requested to furnish said Major with blank Commissions for that purpose, and to encourage said Officers and Soldiers to engage and Continue in said Service it is further

Resolved that each Officer and Soldier who shall engage as aforesaid shall be entitled to, and receive the same Rations and pay as the Officers and Soldiers in the Continental Army and each Non Commissioned Officer and Soldier who shall Inlist as aforesaid shall upon passing Muster receive a Bounty of Six pounds to be paid him by the Muster Master, and upon his providing himself with a good effective fire Arm, and Bayonet, Cartridge Box, Knapsack, Blanket, and Canteen or Wooden Bottle, shall in Addition to the Above encouragement receive Twenty Shillings per month for each Callander month he shall Continue in Service

And it is further Resolved that the Council be requested ot Appoint Muster Masters to muster the said Company and

to furnish said Muster Masters from the Publick Treasury with a Sum of Money Sufficient to pay the above bounty.—

And it is further Resolved that Col<sup>o</sup> John Allan be impowered and directed to engage in Service as many Indians as he shall think proper not exceeding one hundred and upon such an Establishment as he thinks their Service shall merit, and Make return to this Court that such Order may be taken thereon, as this Court shall think necessary —

Resolved that the Board of War be and are hereby Directed to furnish Stephen Smith Commissary at Machias with Stores Necessary for one hundred Indian troops and Likewise sundry Military Stores Agreeable to a List accompanying this Resolve

it is further Resolved that the Secretary furnish Coll Allan with a copy of the Acts & Resolves of this Court

N<sup>o</sup> 2 Wee Dont know what Stores were Sent But wee know there was many Complaints among the people that they Could get nothing & it being made a Condition that none were to Receive them unless all Became bound & that being Refused as must bee Expected answered their purpose of Keeping the Stores for their own Use because they knew that but few had money to Purchase :— The note was procured by their Declaring in a public meeting that the Stores would not be delivered without the people were bound Jointly

3<sup>d</sup> The Company are not employed in Scouting or other Duty for which they were Intended but are Employed in Servises for the officers —

N. B Enquire of the Soilders now gone to Boston & of Cap<sup>t</sup> preble who lives in the neibourhood

As to the ten Indians in the Service it is Confidently Reported they do no Scouting or any kind of Duty & Do not Come near the garison except once a week or fortnight for

their allowance & they getting so much for nothing Causes a Jealousy among the others & gives a great opportunity to the officers to put most of the Indians pay in their own pockets At present the Company is partly of boys For Enquire of the Soldiers now at Boston

4<sup>th</sup> We apprehend that Col<sup>o</sup> Brewer multiplying the number of men in his district has been Injurious to us by having Such a number of officers Col<sup>o</sup> Brewer ordered Deadmen to be put into the list to Increase its number

See the Return

5<sup>th</sup> That the money put into the hands of Truck officers has been ill improved & in no respect answered the design of the State & it is at length entirely Consumed & the Indians left without any Supply except what they get from private traders Several evidences to prove this See Abram Preble Silas Heathorn Issiah Barley Simon Smith Ebenezer McKenzie and others — But Col<sup>o</sup> Brewer Refused taking their depositions & before he Returned they being Enlisted were obliged to go to Boston

See the Evidence of Caleb Goodwin & others

6<sup>th</sup> That there was a great perversion of Justice Respecting Col<sup>n</sup> Brewer not punishing a thief but making up a Criminal affair & to Serve himself & Col<sup>n</sup> Lowder Contrived it so as to get the man enlisted into the Continental Service tho he was a Deserter: & got his bounty

See Jedidiah Preble & Stanton Prentice evidence.—

I think it Necessary that the Naval Laws be Revised for those that are Enemies to the State may do almost as they are mind to do for a Vessel may Come from Nova Scotia and go back again without being Detain<sup>d</sup> unless the Council or Representative Body Give Particular Orders to Detain a Naval Officer as an Officer Cannot Stop a Vessel by Law and Shou<sup>d</sup> he Pretend to take a Vessel into Custody on Suspicion there is nothing to Indemnify him he is therefore in

The Committee of Correspondence Inspection & Safety for  
 the Town of Boston beg leave to acquaint your Honors, that  
 upon a complaint entered, by Capt. Ogreen Crabtree, against  
 Capt. James Littlefield an Inhabitant of this State, as having

Corresponded & traded with the Enemy in Nova Scotia — they have examined into the grounds of this Complaint; and from the declarations made by several Persons, they think it their duty to acquaint the Hon<sup>ble</sup> Board with this Complaint, and to lay some of the Evidences in support of it before them — as also to inform your Honors, that from conversing with several Persons belonging to Meehias & other parts of the Eastward, they have reason to think that the Indulgences granted to some who have an Interest in Nova Scotia have been perverted to the purpose of a private trade with the Inhabitants of that State, which has been productive of universal discontent in those parts of this State — by order of the Committee

Letters & Papers respecting William Ball of Passimiquody now confined in Boston Goal with Order thereon for the liberation —

Boston At a Meeting of the Comm<sup>ee</sup> of Correspondence Inspection & Safety Feb<sup>r</sup> 24/ 1778

M<sup>r</sup> Jeremiah Thompson of Penobscott in this State appeared, and declared that when Capt. Littlefield came into Cornwallis in Nova Scotia on or about the 24 of Decem<sup>r</sup> he there discharged 4 hhds. of Molasses from the Sloop Elizabeth — that about the 3<sup>d</sup> of January he agreed with said Littlefield to go in said Sloop to the West Indies and got at Hallifax, Men & a lot of cotton wool but proceeded no farther than Pasamequadee in the Governmt of Nova Scotia, & there landed 5 hhds of Moloses & all the Cotton Wool & was to have loaded with Lumber for W. Indies as Cap<sup>t</sup> Littlefield told him.

after which the Vessel was taken by Cap<sup>t</sup> John Marcon of of the Armed Schooner Congress. that before the Vessel

was captured he took Cap<sup>t</sup> Littlefield in a Burch Canoe with two Indians, who was going as Littlefield informed to Machias — that he heard Mr John Avery of Windsor in Nova Scotia say that he owned a part of the Vessel above mentioned — being asked whether he had ever heard Cap<sup>t</sup> Littlefield speak against the Country he declared he had not, but on the Contrary had heard him stand up for America as also that he never heard of his giving any advice to the Enemy or of his doing anything unfriendly to his Country —

Jere Thompson

Robert Kent in the County of Lincoln appeared, & declared that he had shipped upon s<sup>d</sup> Sloop Elizabeth at Pemaquid for Machias the 2<sup>d</sup> Day of December, & agreed with Cap<sup>t</sup> Littlefield to go in said Sloop to y<sup>e</sup> West Indies at 16 Dollars a month & expected to receive his Wages in hard Money in the West Indies,— that he proceeded as far as Passamaquadee & from thence to Cornwallis, where they landed from the Vessel 4 hhds the contents unknown — from Cornwallis he returned to Passamaquadee & help'd hall the Vessel on shore for nessaries & afterward to unload part of the Cargo — after which the Vessel was taken — that he understood She was to have taken in Fish & Oyle at Passamaquadee but where the rest of the Cargo was to be procured he knew not — that he had never heard or knew him do or say any thing to the prejudice of his Country — And that he had heard Cap<sup>t</sup> Littlefield say, that on his return from the West Indies he intended to fall in with Pemaquid —

Robert Kent

Jonas Farnsworth of Machias appeared & declared that at the time Cap<sup>t</sup> Littlefield was brought into Machias which was about August last, he had two Sea Men on board, viz. John Trayha & Walter Wilkins who were Inhabitants of Annapolis Royal in Nova Scotia & that he knew Trayha to

be a Person greatly suspected of being eninical to his Country — Jonas Farnsworth

*Deposition of Thomas Rice.*

I Tho<sup>s</sup> Rice of lawfull age testify & say that some Time last Summer, as I think, I saw two Letters signed Charles Callahan Dated in some part of Nova Scotia, directed the one to his Wife, the other to a Gentleman in Pownalboro. He began them with complaints that he was injuriously & wickedly drove from his Home & Family, contrary to his Inclination, and mentioned that he feared his Wife was persecuted & plundered, as plundering he said was the prevailing practice of the Times. In his Letter to his Wife, after giving her some Directions respecting the Family, desired she would come to him in the Spring, if she could not be in quiet at Home, for He was well provided for, and was in an Armed Vessel of ten or twelve Guns with one hundred brave Fellows under him, and that he was determined to fight as long as he could keep Guns & Carriages together; He mentioned in his Letter that it would have been more agreeable to him to have gone into the Merchants Service, than a board an Armed Vessel, but no Opportunity presented. He further mentioned that he was a good Pilot both by Land or Water on this Coast and that it was likely he should soon have an Opportunity to draw on the Committee at Pownalboro: He further mentioned he had a fixed Salary (the exact Sum I cannot remember,) besides what he could catch.

A Committee of both Houses upon the Petition of the Com<sup>tee</sup> of Machias and several Letters from Col<sup>o</sup> John Allan, have considered the same; and apprehend that the retaining and securing the Several Tribes of Eastern Indians in the Friendship and Service of the United States is a matter of the utmost importance to the safety and Defence of so Valuable a part of this State as the Eastern Country, and to this end your Committee apprehend that it is absolutely Necessary that the Truck house at Machias should be supplied with Cloth, Corn, Rum, & every Kind of stores Necessary for such a Department as the best means to secure the several Tribes of Indians from taking part with the Enemy — Your Com<sup>tee</sup> further report that it will be expedient for the safety of Machias, and to prevent the progress of the Enemy in the Eastern Country, that a small Body of men not exceeding one hundred for their present Relief should be immediately inlisted under the special Direction of Col<sup>o</sup> Allan divided into two Companys properly Organized and Stationed at Machias, and that the said Col<sup>o</sup> Allan be impowered to ingage in Service as many Indians as he Can and upon such an Establishment as shall be adequate to their service — and that Stephen Smith the Commissary should be supplied with provisions &c not only for subsistence of the men that may be raised replace what provisions have been already Borrowed — and that a Quantity of Powder & Ball be also sent to said Commissary to supply the Malitia that may be Called at any time to reinforce that part and that the whole matter should be laid before Congress for their inspection & allowance — Your Com<sup>tee</sup> would inform this Court that there are

Humbly shews Daniel Sullivan of Frenchmans Bay in the County of Lincoln — that in the Course of the summer and Fall past he was waited upon by his superiour Officers in the Militia three several times to March his Company for the Defence of Machias and that he marched them sixty miles Each Time upon said orders as appears by his pay roll examined by the Committee of the Honourable Assembly — and that his said Company are allowed in said Roll at the Rate of forty shillings per month for their Time whereupon he begs Leave to suggest that the sum allowed them is but a small reward for the loss they sustained in being taken from their business in the only season in which they could procure hay for the wintering their Cattle and he therefore prays that some further allowance may be made them and that they may have the same wages as the Militia in the Western part of the State when they have been allowed in like Cases

And also begs leave to show your hon<sup>rs</sup> that he paid the expense of sixty six men untill it amounted to three hundred and Twenty two Days of men more in said marches, of his men and prays that the same may be allowed him out of the public treasury

To the honorable the Council and hon<sup>o</sup> house of Representatives in General Court assembled

The petition of the Inhabitants of a new plantation or settlement called Royalsbourg in the County of Cumberland humbly sheweth.—

That the Inhabitants of Brunswick did in the year 1776 assess the polls of the inhabitants of said Royalsbourg towards the public tax laid on said Brunswick that year, and have required the inhabitants of said Royalsbourg to give in a list of their polls & estates in order to assess them again towards said Brunswicks part of the public tax for the year 1777. Which the said Inhabitants of Brunswick suppose they have a right to do, by virtue of the tax acts for those years respectively.

Your Petitioners beg leave to represent to your honors that by far the greater part of the families in said Royalsbourg (not being now more than 49 in all) have been settled there no more than four or five years, that they entered on wild uncultivated lands, had a wilderness to subdue, and buildings to erect for shelter with great difficulty labour & expense, & are yet struggling for life — That an early frost the last year 1777 in a great measure cut off their indian Corn Crops so that not half enough was raised there for the necessary use & support of the Inhabitants that they have nothing else to dispose of nor any business or trade by which to procure a supply of so necessary and at present dear as well as scarce an article, much less to obtain money to pay

in taxes — that they have but 46 men on the training band list, of whom seveteen are inlisted for three years in the continental army — many of whom have left families whom they must supply agreeable to a late Resolve of the general court, which is, in the present scarcity & dearness of provisions, a heavy burthen upon them, notwithstanding the provision made in said resolve for their reimbursement of that expense —

That their being taxed in Brunswick toward their proportion of the public tax ( & which is no more than their proportion if Royalsbourg was not in being ) is a benefit & relief to Brunswick only, and is not of the least advantage to the state, and there appears to your petitioners no good reason why they should help Brunswick pay its public tax rather than any other town in the state Wherefore your Petitioners humbly pray your honors to take the premises into your wise & merciful consideration, and order that the collector of Brunswick for the year 1776 be directed not to demand of any of the Inhabitants of said Royalsbourg the poll tax laid on them by said Brunswick that year but that the same be remitted them — and that said Brunswick should not assess them for the year 1777 or in case they have done it or may do it before your honors pass upon this Petition that such assessment may be vacated & the sums assessed remitted to them — or that your Honors would otherwise releive your Petitioners in such way & manner as to your Honors shall seem meet & your Petitioners as in duty bound shall ever pray &c —

Samuel Waters of New Castle in the County of Lincoln in the State aforesaid begs Leave to inform your Honours,—

That some Time in the Year 1776, Application was made to the General Court by the Convention for the County of Lincoln for a Quantity of Powder, Ball & Flints and the same were obtained for said County by Samuel Nickels on his Bond being given to the Commissary General of this State for the Payment of a certain Sum of Money therefor — That when the same arrived in said County they were distributed into divers Towns and Part of the Pay therefor received in Bills of Credit & Notes issued by this State the whole whereof was collected as your Informant heard & verily believes, before the first Day of December last, but by Reason of the very great Distance of the County of Lincoln from Boston it was not seasonably offerd to the Commissary General who now declines receiving the same without particular Direction from your Honours therefor — tho' by far the greatest Part thereof consists of Continental Bills,—

Your Informant humbly petitions your Honours to pass some Resolve of the general Court directing the said Commissary to receive the same on Account of said Bond any Law of this State to the Conterary notwithstanding and your Petitioner as in Duty bound shall ever pray

1<sup>o</sup> their are about Twenty Families in the Place and they are as Poor as Can well be Immagined Mostly without Shoes & hardly any Clothes & but lately moved there in Order to make Settlement for a future Livelihood upon the Encouragement of the Proprietors to give them Deeds of Some Land When they Shall have Completed the Settlements as required by the Act Granting Said Township —

2<sup>d</sup> Said Township lays on the Northeast Side of Sebago Pond adjoining to no other Township but Otisfield on the North West and adjoines not upon Windham or New Boston by a Considerable distance a large Tract of Land belonging to this State lying between them —

3<sup>d</sup> Notwithstanding the Assessors of Windham took it in their Heads to rate the Inhabitants of S<sup>d</sup> Raymond Town for the 1776 and for the year 1777 tho the said Inhabitants have not paid said Rate for 1776 neither are they able to Pay it or for the year 1777

4<sup>th</sup> Your Petitioners humbly conceive that the Said assessors Mistook the Meaning of the Tax Act for the year 1776 as Your Petitioners apprehend that Act did not Mean that any Part of the Sum laid Upon the Town of Windham for that Year Should be Paid by any Other Persons but those Who lived in Said Windham Especially by the People of Any Other Place not adjoining Said Town and that the Clause in Said Act Impowering the Assessors to rate the Estates lying in Places adjacent must mean Such Estates in those Adjacent Places which belong to some of the Inhabitants of the Towns taxed by Said Acts Otherwise Such Towns Would not Pay their Proportion of the State Tax Set on Such Towns to Pay

5<sup>th</sup> Wherefore your Petitioners Humbly Pray that this Hon<sup>ble</sup> Court Would take the Premises into their mature Consideration and give orders to the said Assessors to Abate the Rates they laid upon the Inhabitants of Said Raymond Town for y<sup>e</sup> year 1776 and for the year 1777 and not Rate them Again till further orders of the Gen<sup>l</sup> Court or however Otherwise Releve your Petitioners as your Honours may think fit—and your Petitioners as in Duty Bound Shall Ever Pray

The Petition of James Noble Shannon and Jonas Farns-

worth in behalf of themselves and others, Captors of the two Sloops, Called the Polly and Unity. Humbly Sheweth,

That your Petitioners and others, on the eleventh day of June A D 1775, did in the Harbour of Machias within thirty Leagues of the Shore, attack and take the said two Sloops, one of them about Eighty and the other about Ninety Tons burthen, together with their Cargoes and appurtenances, and on the same day brought the said Captures into Machias aforesaid: which Sloops were at the time of the Capture thereof in the Service of the Enemy and had been carrying supplies to the British Fleet and Army, employed against America. For which causes of Capture, the Captors caused the said Sloops, Cargoes and appurtenances to be duly libelled on the twenty ninth day of July 1776 in the Maritime Court for the Eastern District in said State. The time and place of Trial having been duly notified, and the Claims of Ichabod Jones and Daniel Holt to the said Sloops and Cargoes filed, on the thirteenth day of September last; the Libels and Claims aforesaid were committed to a Jury duly returned, impannelled and sworn to try the same; When the Depositions taken on the part of the Libellants, for want of a proper Caption were rejected by the Court, and they then having no other Evidence to support the Libels, the Jury found in both cases against the Libellants, and Judgment was rendered accordingly; from which, the Libellants appealed to the then next Superior Court of Judicature to be holden at York for the County of York on the fourth Tuesday of June A D. 1777. When and where the appellants entered their appeals, in hopes of having a fair tryal there, upon the merits; but when said cases were called for trial, the Superior Court determined that no appeal in either, said to them, and therefore dismissed them both — By means whereof the Captors have been and are totally deprived of the benefit of a trial on said Libels. Wherefore your petitioners humbly

pray, that Your Honors by Act or Resolve, would enable the Apellants to prosecute their appeals with Effect, at the first Superior Court that shall be held in said District. And your petitioners as in duty bound will ever pray &c.

To the Honourable the Council & the Honourable house of Representatives of the State of Massachusetts Bay —  
The Petition of a Joint Committee of Pownalborough, Woolwich & Edgecumbe Humbly Sheweth that Last year in the month of June we were alarm'd by the Milford Frigate and great numbers of the Militia Turn'd out to Defend themselves, and their Country and Shew a Noble Spirit of Resentment against the attempts of the Enemy and Stood ready to assist in any measure that should be thought Proper to proceed in or upon to beat the Enemy out of the River or if any Landed to take them prisoners if possible, but at the same time they were not able to furnish themselves with provision for their Support while on the Duty of Alarm and at that time provision of almost every Kind was very scarce in these parts insomuch that the inhabitants could not get support for themselves by Reason of the Coasting business being Stop'd and all other Business Stagnated, and had no way been found out to get Support for the Militia they must of Consequence

have Retir'd to their Respective homes, or perish'd in the Field and then the Enemy might have Destroyd us at their pleasure your petitioners understanding that there was provision belonging to the State in the County about ten miles Distance from them and that the Said provision was under the Care of M<sup>r</sup> Timothy Parsons Agent for the State Your petitioners therefore applyd to the said Parsons for Provision Sufficient to Supply S<sup>d</sup> Militia and accordingly M<sup>r</sup> Parsons Supply'd us with a Quantity of Provision for that purpose as will appear by his Accounts, and the Vouchers which accompanys this petition your Petitioners would further inform your Honours that M<sup>r</sup> Parsons has Since Settled with the Board of War and paid them for the above provision — and now he calls upon your Petitioners for his pay & makes Demand thereof

Therefore your humble petitioners pray that your Honours would take the Matter into your wise Consideration and as the provision was then the States property we humbly pray that the Account Renderd in by M<sup>r</sup> Parsons may be allowd and that a Sum of Money Equal to it may be allowd & paid out of the publick Treasury to Moses Davis Esq<sup>r</sup> who we have appointed to Receive & pay Said Money if allow<sup>d</sup> to M<sup>r</sup> Parsons, and your Petitioners as in Duty Bound will ever Pray —

An account of Provision deliverd out in time of the Alarm Occasioned by the Milford frigate At Edgcumbe June 24<sup>th</sup> 1777 —

[ Here follows a list of articles.]

This may Certify that by the Desire of the Field Officers

I Dealt out the provision to the above named persons who Victualed the Militia — before the provision belonging to the State came to hand, and were promis'd their pay ( out of the above provision after the Committes had Sent after it ) by the field Officers, and after this was Deliverd out there was no Beef Left but there was about half a Bag of Bread ( as the Bread was all in Bags ) left or about fifty w<sup>t</sup> but it was Chiefly the Remnants of the other Bags Emtied into that and was very much Broaken and but a Little of it fit for Use — and upon the Alarm which happened soon after by the Rainbow man of War, the Remainder of the said Bread that was good I Deliverd out to the Militia upon their Request as many of them came from far and brought no provision with them

Edgecumbe March 25 1778

To the Honourable John Taylor Esq<sup>r</sup> —

Sir, I beg Leave to Trouble you with a few lines of a public Nature and humbly beg your attention on this affair as I shall hereafter relate on the 24<sup>th</sup> of June 1777 we were alarmd by the Milford frigate which came up the River and Lay at anchor in Witheaset Bay Two Days and in Consequence of this alarm the Militia turnd out and were embodied near where the Said frigate Lay at Anchor, Ready to Execute Orders which might be given from their Officers on this Occasion — but at this time provision was very scarce here in these parts insomuch that the Inhabitants could not Support the Militia, therefore the Committes of the Severall Adjacent Towns imbodied in a joint Committe to Consult what was best to be Done, and understanding that there was provision belonging to the State, in a Brigg Lying in Dania-

rascotte River & that M<sup>r</sup> Timothy Parsons had the Care of it, and was Agent for the State, the Committe applyd to M<sup>r</sup> Parsons for provision to Support the Militia while on the Alarm and accordingly M<sup>r</sup> Parsons as he saith deliverd 600 w<sup>t</sup> of Bread & 672 w<sup>t</sup> of Beef and 24 Gallons of Rum this provision was Separated one half on the East Side of the River and the other half on the West Side of the River as the Number of Militia was about Equal of Either Side and the Militia being some of them one whole Day without any Victuals to Support Nature were very hungry and every one at Such a time cannot be kept in order — and hunger will break through stone wall, therefore the provision immediately upon Sight was Broak upon before there was any body to take any account of it the Committe not being present at that Juncture of time — and many thought that it might be taken without account as it was States property — but with as much speed as possible there was men appointed to take account of and Deliver out Said provision to the Officers and Soldiers of said Militia but the Accounts kept does not make out so much as M<sup>r</sup> Parsons has Charged the Committees with but the Reason is as I before mentioned there was Considerable taken away without any account and there was no help for it at that time of hurry and Difficulty and altho there is not so an authentick and particular account of it as I could wish there was — yet as it was Certainly Used and Expended for the Sole Benefit of the Militia it would be very hard for the Committee to pay for it or any part of it without their Receiving any Benefit by it after they have had all the Trouble of procureing of it and have no manner of Allowance for their Trouble but I Submit the whole to your Honour and the other Gentlemen of Courts — wise consideration and Beg Sir that you would use your Influence in Carrying this affair through the Court I am Very Loth to Trouble your Honour with such an Affair but Necessity drives me to it as

we have no Representative, nor is there any in the County that will attend Court this Session and as we are calld upon for the money and a Demand of it to be paid immediately I therefore humbly beg your Honours Assistance in this affair and pray you would Deliver the inclosd petition with the Vouchers to Some Trusty Gentlemen of the house which will get it Committed and acted upon as soon as possible — and if it should pass the house with allowance I beg you would forward it through the Councel and get the Matter so Authenticated that I may send for and Receive the money by an Order without being to the Expence of my Personal Attendance at Court I further beg your Honours would Lay this Letter before the Committee which may be appointed to Consider the aforesaid petition that they may have a true understanding of Affair — and as I am appointed by Joint Committe of Pownalborough Woolwich & Edgecumbe to petition to the General Court for allowance of the above provision. I write in their behalf and Renewedly beg your Honours Assistance in this affair which will be Receiv'd as a great favor from your Honours most Obedient and Humble Sev<sup>t</sup>

Sir

I have had the honor of being appointed a Major in the first Regiment in the County of Lincoln, but my ill State of Health for more than a year past has prevented me discharging the Duties of that Office, either to my own Satisfaction, or to the advantage of the Publick, and my Health still

declining, makes me despair of being capable to serve my Country in that Character, at least for the present, when perhaps I may be most wanted; Wherefore I beg the Favour of you to communicate this to the Hon<sup>ble</sup> Board and Pray they would accept of this my Resignation, that I may no longer hinder some other Gentleman being appointed in my Stead, better Qualified to serve this distressed country, the Good of which I hope ever to prefer to my private Honor or Interest whatever

To the Hon<sup>bl</sup> the Council & House of Representatives in General Court assembled the Petition of the Committe of Inspection Correspondence & Safety for the town of Bristol in the County of Lincoln humbly sheweth that the Scituation of said town Exposes it in a Verry Peculiar manner to be Attacked by the Enemys ships or Boats in almost every part of its Settlements having the Navigable River of Dammascotta on the West Broad Bay on the East and the Ocean on the Southern line and within this Bounds several noted Harbours as Pennmaquid Round Pond Miscongus and Broad Cove and scarce any place is to be found on the Waterside

where there is not good Shelter & Anchorage with Sufficient depth of water for Vessels of Large Burthen that in such Exposure the Inhabitants Cannot live without the greatest Anxieties in a time when we Dayly Expect the Unnatural Enemy on our Coast and in our harbours to plunder us as they were the last year, when we were in great distress the Coast being infested with them our Distress however was greatly Encreased when we saw a Squadron of the British fleet with Avowed Commission to Spread Desolation by fire & Sword — and attacking our Bretheren in Various parts of this County Endangering their lives Demanding & Destroying their propertyes Entering & penetrating up our Rivers into the heart of the Country and threatening to make some harbour this way a Randevouse for their Ships & prizes but the fear of the Inhabitants was Verry great when the Commodore of the Squadron then lying in townsend sent Dawson with an armed Brig in to pemmaquid harbour & Demanding a Privateteer then at anchor there threatening Vengeance in Case of Refusal and this people Are fully persuaded that if the Enemy Effects their purposes of making a lodgement in this Neighbourhood this town must fall one of the first sacrifices to their fury Your Petitioners would further humbly suggest that from a Just sense of our Endangered scituation the wisdom of the legislature saw fit to Station a Company of sea Coast men to guard this town Every year since the war began till the last year and the Effect was that hearing there was an Armed force here not one of the Enemys ships dared to Enter our harbours or Distress any of the Inhabitants in these parts whilst said sea Coast men remained with us the Verry fame of such Provision was found to be a real defence but since a reverse of public measures has thrown open the whole Coast of this County to the will of our foes their Vessels being invited by our Naked & Defenceless state have kept the Inhabitants in almost Continual Alarms Tho

it could never be Expected that in our best Estate we should be able alone to defend ourselves against their force yet it is observed that our ready Compliance with every requisition of the Hon<sup>bl</sup> Court in Reinforcements & in furnishing more than our Quota of the Continental army Dureing the war has greatly Encreased our Inability & the danger that Ensues on it, Your Petitioners flatter themselves that the forwardness of this town in the publick Cause ought not to operate to their Disadvantage & Confident of the Justice & honour of the General Court will not put that among the reasons for Abandoning us if we should be Abandoned to the mercy of the Common foe Yet we Cannot dout that if this must be our Deplorable Case if some Effectual provision for our Defence is not made by Government without Delay Impresed therefore with a sense of our Duty to the publick & to the town of Bristol your Petitioners thought it their duty at this Crisis to lay before your Hon<sup>rs</sup> an Account of our Condition Beseching you to take our Case into your wise Consideration and grant two twelve pounder Cannon two Nine pound & two Six with Ordinance Stores for them with one Company of Matrosses with what Ever further Relief your Hon<sup>rs</sup> in your great wisdom shall seem meet & Your Petitioners as in Duty bound shall Ever pray

Whereas by a Resolve of the hono<sup>le</sup> Court of the 3<sup>d</sup> March last ordering that the Schooner Two Brothers seiz'd at Falmouth by George Deake Commander of the Fort at Casco Bay be released and permitted to proceed to Boston where upon her Arrival Report was to be made by the Commander of said Vessel to the Board of War under whose direction said Ebenezer<sup>t</sup> and Benjamin Furnass proceeded to Nova Scotia in a Schooner also called the Two Brothers and the said Board are directed to make needfull Enquiry whether the Conditions in the permission granted by a Resolve of Court, of the 30 Septem last to s<sup>d</sup> Thayer & Furnass have been properly complied with. In pursuance of which order the said Schooner hath been removed from Falmouth and is now in the Port of Boston, and the said Commander hath agreeable to said Order made Report thereof to this Board, and the said Deak hath laid before us a number of Papers found on board said Schooner from which it appears, That there are sundry Invoices of Goods, found on Board, which do not express whose property they are, or to whom they are consigned: neither doth any bills of lading appear, expressing at whose risque, or to whom the goods are shipped. Besides the Clearance is for the Bay of Fundy & thence to the West Indies; and the Shipping papers fill'd in like manner. Moreover the Vessel in question is three or four times as large as that Permitted to fetch up the Effects of Ebenezer<sup>t</sup> Thayer & is not Command<sup>d</sup> by Cap<sup>t</sup> Williams, according to the aforesaid permitt, But by a Cap<sup>t</sup> Thomas Lowden, who is affirmed to be inimical to these states, & to have been in arms, & to have fought against us. In fine there is a Certain Bill of Exchange for 112 £ sterling which appears not to be drawn in the usual form, or negotiable in the usual manner; all

which Taken into consideration, as well as many Dark hints and innuendoes Scattered through the whole of the papers in question, utterly inconsistent with fair dealing, makes us apprehensive that their real design was, under false & feigned papers, to carry on a Contraband trade between our Enemies, the Subjects of Nova Scotia, and the disaffected persons residing in the Eastern part of these states; By which means it might be practicable to supply our Public Enemies, now in arms against us, or others residing in the West India Islands, or in Nova Scotia, with Provisions. —

We therefore are clearly of Opinion & are Confirm'd therein, By the Concurrent advice of the Attor<sup>y</sup> Gen<sup>l</sup>, That the said Vessel & Cargo/ which have been already libelled/ be prosecuted in the Court of Admiralty & the matter determin'd according to Law; to the End that the particular circumstances of this transaction may be brought to Light

PS. Wee would also Inform the Hon<sup>le</sup> Court, that yesterday Mr Sheriff Greenleaf did in consequence of a Writ given him by William Bant of Boston, seize the said Vessel & Cargo, & bring her to a Wharf in this Town, Causeing her Sails to be unbent & Stored Whereby we apprehend that the said Vessel & Cargo may be unsafe without a guard.

*The Petition of Rebecca Callahan.*

To the honorable Council & House of Representatives in  
in General Court assembled at Boston, March ye 7th A D  
1778

Humbly sheweth Rebecca Callahan wife of Charles Callahan late of Pownalborough in the County of Lincoln, that her said Husband some time since, absented him self from this State, and is supposed by the Select-men of said Pownalborough to have gone to the Enemies of the united States of America, and that his Estate is to be taken into ye Hands of the Committee of Sequestration to be disposed of according to a late Act of this honorable Assembly respecting the Estates of such Persons as have joined the Enemy aforesaid; and Nathaniel Thwing of Woolwich in s<sup>d</sup> County Esq<sup>r</sup> has been appointed Agent for the said Charles, and has taken Possession of the real Estate, and has applied to your Petitioner for all the personal Effects of the s<sup>d</sup> Charles but your Petitioner not thinking that the said Charles had, according to the spirit of the said Act, forfeited his Estate, and that she had no other Way of supporting her Self & Family and that the said Charles had left an aged Father intirely dependent on said Estate for his living, refused to deliver the personal effects into the Hands of said Thwing.

Whereupon your Petitioner humbly prays this honorable Court to consider her distressed Situation, and permit her to have, and keep Possession of her s<sup>d</sup> Husband's Estate both real & personal for the necessary Support of her Father, her Self and Family. But if this honorable Court should not think proper to grant your Petitioner the Prayer of this Petition, She prays that she may be permitted to go to her Husband carrying with her the said moveable Effects ( which are but of the Value of three hundred Pounds ) as necessary to defray her Expences & support her Self till she can be provided for by her Husband — And as in duty bound will ever pray

By order of the Council

John Avery D<sup>y</sup> Secy

To the General Court now sitting at Roxbury

May it please Your Hon<sup>rs</sup> Your Petitioner asks your Patience amid all your attention to the public Interests of our

injur<sup>d</sup> Country to the following State of Facts; — In Sep<sup>r</sup> after the Lexington Battle, pursuant to a recommendation of the provincial Congress to the good People of this State to use every Means to prevent supplies being carried to the Enemy your Pete<sup>r</sup>, together with the other Members of the Com<sup>ee</sup> of Safety, &c at Frenchman's Bay, took under their Care the Sloop advance, commanded by one sd. Carman which was taken by one Hodgkins, and bro't into the s<sup>d</sup> Frenchmans Bay — which Sloop had been impow<sup>d</sup> to carry Supplies to the Troops then in Boston, and was then on her Passage to the eastern Shore for the Purpose; which Vessel being tryed in a regular manner by the Committees appointed by the s<sup>d</sup> Congress for such purposes, was condemned to be detained in the Hands of the s<sup>d</sup> Com<sup>ee</sup> till the further Order of Government which condemnation was ratified by the Gen. Court and being strip<sup>d</sup> of her Sails, which were storred, She was detain<sup>d</sup> accordingly; — except in one Instance, when the s<sup>d</sup> Com<sup>ee</sup> had a pressing occasion to transport a Quantity of Salt, a small Distance, they made use of the s<sup>d</sup> Sloop for that Purpose, and then safely [ placed ] her in her former Birth — In this State your Petitioner left the s<sup>d</sup> Sloop; and being call<sup>d</sup> into the Service of his Country, has never seen her since — Since which y<sup>r</sup> Pete<sup>r</sup> is inform<sup>d</sup>, the s<sup>d</sup> Hodgkins has obtain<sup>d</sup> Liberty of the gen. Court to libel the s<sup>d</sup> Sloop in the Maritime Court for the eastern District, which he has done, but previous to prosecution having compounded the matter with the Owners of the s<sup>d</sup> Sloop, the action Determin<sup>d</sup> — But to the great Surprise of your Petitioner, as he was on his way from Camp, on Furlow to visit his Fam<sup>y</sup> he is inform<sup>d</sup> by the Chairman of the s<sup>d</sup> Com<sup>ee</sup> that one Nathan Jones, of Gouldsborough, by virtue of a Power, as he saith, from the Owner of the s<sup>d</sup> Sloop, has in the absence of your Petitioner, at Head Quarters, attach<sup>d</sup> his Interest at Union River, and converted part of the same to his own use — and has com-

menc<sup>d</sup> an action against your Petitioner on acc<sup>t</sup> of the s<sup>d</sup> Vessel, the Day of Tryal being this very week; and that while y<sup>r</sup> Pete<sup>r</sup> was out of the State, and which had not the least hint, till on his Journey as afores<sup>d</sup> he met with the s<sup>d</sup> Chairman of the s<sup>d</sup> Com<sup>ee</sup> —

Your Petitioner therefore prays, your Hon<sup>rs</sup> to interpose in his Behalf, as he looks upon himself greatly injur<sup>d</sup> and unreasonably persecuted, for his Fidelity to his Country; his strict adherence to the Orders of Government; and more for his Exertions in carrying the Resolves thereof into Execution; and by a man too whose character is too notorious to need an Explanation.

He therefore prays, feelingly prays, your Hon<sup>rs</sup> to Order the s<sup>d</sup> Jones to suspend the Prosecution of the s<sup>d</sup> action; restore the property he has taken from your Petitioner, immediately and make such other satisfaction to y<sup>r</sup> Pete<sup>r</sup> as you in your wisdom shall think meet, that your Pete<sup>r</sup> may improve his Interest for the good of his Fam<sup>y</sup> while he is serving his Country as Surgeon in the American army; and as in Duty bound will ever pray —

To the Honorable the Great and General Court of the  
State of Massachusetts Bay convened and held at Roxbury  
April 1778 —

The Memorial and Petition of the Plantation commonly  
called Damariscotta, in the County of Lincoln, in behalf of  
said Plantation, Humbly sheweth,

That said Plantation has been settled with inhabitants for  
upwards of twenty years past;

That the inhabitants thereof have, at great expence and  
thro' many hardships and dangers, reduced said Plantation  
from an inhospitable wilderness to a State of cultivation and  
social improvement: and endeavoring to demean themselves  
as members of the community not unworthy of a share in its  
priviledges, they have, to the utmost of their abilities, main-  
tained order and regulation amongst themselves; and having  
been annually taxed by the town of Newcastle, have never  
failed of contributing their moiety to the public utility.

Your Memorialists beg leave to add that said plantation  
was among the foremost, in this county, in espousing the  
great and all-important cause of America, in her opposition  
to the tyranny of the King and Parliament of Great Britain;  
and having uniformly continued such exertions, in its sup-  
port, as their little ability could permit;

But since the laws of the State have begun to call upon plantations as well as towns, in a separate and distinct capacity to raise money or other necessary contributions to the support of the army of the United States, (our full quota of which was cheerfully and early compleated) the said Plantation has laboured under great Difficulties for want of the powers of a legal corporation; as every thing must be done by voluntary Subscriptions, which, in their unincorporate State, it was impossible to regulate in just proportion to the ability of each inhabitant respectively

That from the same cause the said inhabitants have also, from the beginning, laboured under various hardships in the want of power to maintain public schools, or the settlement, or stated dispensations of the Gospel among themselves at their Common expence: And various other difficulties have laid upon said inhabitants, such as are peculiar to unincorporated plantations:

For these reasons the said inhabitants, now amounting to families are induced at last to look up to the fathers of this State for releif from their said hardships: and therefore in their behalf, your Memorialists most humbly and earnestly intreat the Honorable Court to take their case into your wise consideration; and as soon as may be, to grant us the priviledges of a legal corporation; & for that purpose

Your Petitioners pray your Honours that an act may pass the honorable Court, for incorporating the said plantation into a town by the name of \_\_\_\_\_ & for investing the inhabitants thereof with all the priviledges and powers usually granted, by the laws of this State to incorporated towns:—

And your Petitioners careful not to eneroach on the lines of others, and at the same time wishing to extend our bound no farther than may be convenient to form one commodious Parish, would pray your honors that the boundary lines of

said town may be fixed as follows, viz, beginning on the Eastern bank of Damariscotta river; at the head of Browns cove, so called, from thence running East on Bristol North line, about three miles from Pemaquid Pond; from thence N. by E. by a right line, about two miles running thro said pond till it strikes the South West corner of Waldoborough line; from thence N. & by E. on said Waldoborough line about three miles and half till it strike the North-East corner of Plummer's meadow so called; from thence N. W. by a right line one mile and half till it strike the East side of Damariscotta Pond, on the northern side of Noah Cross's house; from thence southerly along the eastern shore of said pond, as said shore runs to the lower narrows of Damariscotta Pond from thence running southerly on Newcastle East line, down to the mills, so called, so on the said line down Damariscotta River to the first mentioned bounds; the whole tract not exceeding six miles in length from North to South, nor four miles in breadth from East to West:

And finally that the said inhabitants may not be obliged to remain inactive in the important affairs of the establishment of a new form of government, your Petitioners pray that as soon as may be, an order may issue to Thomas Rice Esq<sup>r</sup> or some other Justice of the Peace near them to grant a warrant for convening said inhabitants at any time he shall think proper to choose such officers & transact such other business as is usually appointed by law to be done in the month of March annually — And your Petitioners as in duty bound in behalf of themselves and their said Constituents Shall ever pray
